

Benefactors of Trinity College Dublin

Trinity Development and Alumni (TDA), administered by Trinity Foundation, an independent charity (CHY10898) established in 1994, is responsible for building lasting relationships between Trinity and its global community of alumni, donors, and supporters.

Trinity's 170,000 alumni are engaged in 150 countries through events, networks, and opportunities to stay connected to Trinity and to one another. TDA works with donors and supporters to channel their generosity into initiatives and programmes that will have the greatest impact for students, colleagues, and the Trinity community.

The funds raised enable Trinity to welcome the brightest students, regardless of financial circumstances, lead ambitious research, and invest in ideas that will shape the future.

In 2024-25, TDA made €28.9 million available to Trinity in support of the following strategic priorities: €15.5 million for transformational capital projects, including the Martin Naughton E3 Learning Foundry, heritage conservation and campus development; €8.2 million to strengthen academic excellence through support for schools, disciplines, academic posts, and teaching resources; €2.8 million for scholarships and bursaries, expanding access through the Trinity Access Programmes and recognising academic excellence; €1.9 million for pioneering research addressing global health, environmental and societal challenges; €0.2 million to enhance the student experience through clubs and societies; €0.3 million for the Trinity Endowment Fund, ensuring lasting support for future generations.

Throughout the year, 5,601 gifts were received from supporters in 39 countries, including 227 first-time donors. TDA also honours those who chose to leave a legacy to Trinity, creating an enduring impact for generations of students and researchers.

The Trustees of Trinity Foundation join the Provost, Fellows and Scholars in thanking every member of the Trinity community for their generosity and engagement to ensure the University can thrive for generations to come.

Read more about TDA and the donors who make this work possible at www.tcd.ie/alumni/publications/index.php.
