HEALTH & SAFETY

The Safety, Health and Welfare at Work Act 2005 requires that you take all precautions, as far as is reasonably practicable, to avoid endangering yourself or others by your activities. The Health & Safety Statement and Codes of Practice for the School are set out below and you must read, understand and abide by them.

This School Safety Statement supplements the College Safety Statement and College Policies, which are contained in the Staff Handbook and are accessible on the web at <http://www.tcd.ie/estatesandfacilities/health-and-safety/>

The Health & Safety Statement and Codes of Practice consist of: -

EMERGENCY DETAILS

In the event of an incident requiring emergency assistance, the fire/emergency services or medical assistance:

Contact the University Central Control Room at 200 Pearse St, ext no 1999 using the nearest telephone or 01 896 1999 if using a mobile phone.
Extensions 1317 will also contact the Control Room.

Text 087 763 8351 for College Security 9monitored 24 hours a day, 365 days a year

FIRST AID

During normal office hours emergency medical attention can be obtained from the Student Health Services by contacting ext. 1556. Members of staff within each building have been trained as first aiders. They are responsible for administering first aid to staff, students and others (visitors, members of the public on campus) and ensuring their allocated first aid supplies are sufficient.

FIRST AID PERSONNEL

Details of first aid personnel are given on the relevant notices, posted at conspicuous locations throughout those areas (e.g. in the Arts Building next to the Security Desk).

Should the local first aiders or the medical services providers in the Student Health Centre be unavailable then the emergency services can be contacted on extension 1999.

FIRE PROCEDURE

ANY PERSON DISCOVERING FIRE SHOULD

:

1. Sound the alarm by breaking the nearest break glass unit (BGU)/alarm call point
2. Leave the building immediately using the nearest exit route, closing doors behind you.
3. Notify Security at ext.1999 or mobile 01-896 1999, informing them that the alarm has been raised and in which area
4. Report to your designated Assembly Point.

ON HEARING THE FIRE ALARM:

1. Make your area safe (closing doors, switching off equipment).
2. Leave by your nearest available exit.
3. Report to your designated assembly point

DO NOT TAKE ANY PERSONAL RISKS

DO NOT RETURN TO THE BUILDING FOR ANY REASON UNTIL AUTHORISED TO DO SO BY THE SENIOR FIRE OFFICER OR OTHER AUTHORISED PERSON AND UNTIL THE FIRE ALARM HAS BEEN SWITCHED OFF

DO NOT USE THE LIFTS

FIRE ALARM

The Arts Building is provided with an automatic fire alarm system, which is regularly tested by the College Buildings Office. The fire alarm can be manually triggered from any of the several break-glass alarm boxes, which are placed in strategic areas around the Building. In the event of a fire the fire alarm system should be activated immediately and the building evacuated. Persons in charge of lecture theatres and teaching labs should assist with the evacuation of their areas.

HEALTH & SAFETY POLICY

1. STATEMENT OF INTENT AND OBJECTIVES

1.1 Statement of Intent

The School recognises and will ensure compliance with the requirements of the Safety, Health and Welfare at Work Act, 2005, associated legislation made under the Act and the College Safety Statement and College Policies and Codes of Practice documents.

All reasonable steps will be taken to ensure that no person's – be it staff, students or others – health, safety and welfare is put at risk by, or as a result of the activities of the School.

Adequate resources will, as far as is reasonably possible, be made available in relation to health, safety and welfare matters.

All affected will receive the necessary, and up to date, information, instruction and training and adequate levels of supervision for them to undertake activities in a safe manner.

Both proactive and reactive approaches towards health, safety and welfare will be taken.

Thorough consultation will take place with staff, Safety Representatives and student representatives on health, safety and welfare in order to ensure the effectiveness of this and the College Safety Statements.

This local Statement will be kept up to date through regular review and, if necessary, revision.

1.2 Objectives

By achieving all of the above the School will ensure that it meets its objectives for health, safety and welfare of:

- a) establishing a safe environment for all;
- b) establishing and maintaining safe working procedures for staff and students;
- c) encouraging health and safety as an integral part of work by all staff and students;
- d) developing and maintaining a safety consciousness and a safety culture in all within the School; and
- e) conforming to the requirements laid down in the Safety, Health and Welfare at Work Act. 2005, any further provisions made under the Act, other applicable legislation and the College Safety Statement, College Policies and Codes of Practice documents.

Signed

**Professor Carmel O'Sullivan
(Head of School)**

2. ORGANISATION & RESPONSIBILITIES

Responsibilities

Health & Safety is the responsibility of everyone. Staff and students have a personal responsibility for the safety of themselves and others and any potentially hazardous situation should be notified, without delay, to the Head of School or School Administrator.

Specific responsibilities in the School are listed below:

2.1 Head of School

The Head is responsible for implementing the College Safety Statement and the School Safety Statement, so far as is reasonably practicable, within his/her area of responsibility.

The Head is responsible for the health, safety and welfare at work of all staff and students under his/her supervision, and those members of the public using the facilities under his/her control, or who may be affected by the School's activities.

The Head will ensure that premises, plant and equipment, and activities within his/her area of responsibility comply with current legislation and codes of practice.

The Head will ensure that policies, codes of practice, procedures and any other information necessary for the safe and healthy operation of his/her school are prepared, made available to his/her staff and students and are adhered to. These documents will be kept up to date by regular review and revised if no longer applicable.

The Head will ensure that adequate information, instruction, training, including induction training, and supervision are given to all staff and to all students within his/her area of responsibility.

The Head will ensure that suitable and sufficient assessments of risks created by activities within the School are undertaken as required by the Safety, Health and Welfare at Work Act, 1989 and associated regulations and that these risks are either removed or reduced to the lowest practicable level.

The Head will monitor activities within his/her area of responsibility and ensure the identification, reporting and as far as is reasonably practicable the rectification of hazards.

The Head will ensure accidents or dangerous occurrences within his/her area of responsibility are fully investigated, recorded and documented on the appropriate forms and any remedial measures identified are implemented. The Head will also ensure any accident that results in an employee being absent from normal duties for more than three days or in a non-employee requiring medical attention is reported on the statutory form to the Health and Safety Authority.

He/she will ensure that safety and health are given the necessary consideration in all aspects of operations within his/her responsibility.

The Head will ensure that adequate protective clothing and equipment is available, and where identified worn and used, in compliance with the legal and policy requirements for all activities within his/her area of responsibility.

The Head will submit a report to the Faculty Safety Committee or other appropriate committee on health and safety matters within his/her area of responsibility at the end of each calendar year.

The Head will consult, either separately or collectively, with his/her staff, students and safety representatives on matters related to health and safety and welfare.

The responsibility for the health and safety of teaching and non-teaching staff, research workers, students and visitors in the School is vested in the Head. The Head may delegate to staff such duties -duly documented - as considered appropriate to assist in discharging his/her responsibilities. The Head must ensure that those staff have received the appropriate information, instruction and training and have the authority to undertake these duties.

2.2 Senior Members of Staff

Duties of Heads of Departments / Research Centres with regard to safety management:

- To ensure that a departmental safety statement is prepared, reviewed and updated as necessary
- To cooperate in the undertaking of department safety inspections and duties in their area
- To monitor the implementation of the departmental safety statement in their area
- To ensure that accidents/dangerous occurrences are reported in accordance with College reporting procedures <http://www.tcd.ie/Buildings/Safety/safetyaccidentreporting.php>
- To liaise and cooperate with elected safety representatives
- To cooperate in the initiation, organisation and local management of fire drills and other emergency procedures within the physical areas of the department / area
- To cooperate in the provision of staff safety training, by directly organising relevant training or by ensuring the attendance of staff at designated courses, as appropriate
- To arrange for the identification of safety equipment requirements, including personal protective equipment within their department/area, and to make arrangements for its provision, as far as is reasonably practicable
- To cooperate with other college personnel in the management of health and safety within their department / area

Duties of Safety Officers:

- Be familiar with the College safety statement
- Liaise with the College Safety Officer
- Periodically review Health and safety procedures within their area

- Advise and assist the Head of School/Department on any revision of the School/Department Health and Safety Statement
- Monitor that safe working practices and procedures, together with any necessary risk assessments are completed and complied with
- Disseminate health and safety information and reports and pass to appropriate members of staff and students within their School/Department

2.3 Teaching Staff

Members of the teaching staff have a responsibility for students who work under their direction, and must satisfy themselves, so far as is reasonably practicable, that the equipment, materials and environment provided for their students' use are safe when used in the manner specified, and that they and their students are aware of the potential hazards and risks associated with any piece of work, the precautions to be taken, and all relevant emergency procedures.

2.4 All Members of Staff

At all times members of staff must: -

Carry out their duties in accordance with the Safety, Health and Welfare at Work Act, 1989:

- (a) to take reasonable care for his own safety, health and welfare and that of any other person who may be affected by his acts or omissions while at work;*
- (b) to co-operate with his employer and any other person to such extent as will enable his employer or the other person to comply with any of the relevant statutory provisions;*
- (c) to use in such manner so as to provide the protection intended, any suitable appliance, protective clothing, convenience, equipment or other means or thing provided (whether for his use alone or for use by him in common with others) for securing his safety, health or welfare while at work; and*
- (d) to report to his employer or his immediate supervisor, without unreasonable delay, any defects in plant, equipment, place of work or system of work, which might endanger safety, health or welfare, of which he becomes aware.*

Be familiar with the College Safety Statement and the School Safety Statement and policy documents in so far as these are likely to affect their activities.

Report (in accordance with University procedures) any incident, stating whether injury or damage resulted, as soon as is practicable. Report as soon as is practicable any hazardous situation to their immediate supervisor.

Ensure that they are familiar with all exit and fire exit routes for locations in which they are working, the location of fire fighting equipment and the actions to take in the event of an emergency.

2.5 Safety Officers should

- Be familiar with the College Safety Statement
- Liaise with the College/School Safety Officer, as appropriate
- Periodically review health and safety procedures within their area

- Advise and assist the Head of School/Department on any revision of the School/Department Health and Safety Statement
- Ensure that safe working practices and procedures, together with any necessary risk assessments, are completed and complied with
- Disseminate health and safety information and reports and pass to appropriate members of staff and students within their School/Department

2.6 Students

The School has a duty to ensure the health, safety and welfare, so far as is reasonably practicable of its students. Students are expected to co-operate by taking proper care for the health and safety of themselves and others who may be affected by their acts or omissions.

Students are expected to follow any instructions in safe practices and procedures and ensure they do not intentionally or recklessly interfere or misuse anything provided in the interest of health, safety and welfare.

3. HEALTH AND SAFETY ARRANGEMENTS

This section of the School Safety Statement details what arrangements for health, safety and welfare issues are in place locally within the School.

3.1 Information, Instruction and Training and Supervision

Details of current available dates to attend the Safety Training sessions are available on the Safety, Health Welfare website at <http://www.tcd.ie/estatesandfacilities/health-and-safety/safety-training>

You can request a place on one of the training courses by filling out the online booking form <http://www.tcd.ie/estatesandfacilities/assets/forms/safetytrainingform>

3.2 Consultation

Staff and students concerned about health and safety should initially discuss the situation with their immediate supervisor. If the matter cannot be resolved at that level, then it should be raised with the School Safety Officer, Head of Department/Area, Head of School, College Safety Officer. All employees may also raise the matter with their Elected Safety Representative (<http://www.tcd.ie/Buildings/Safety/safetysafetyconsultation.php>)

3.3 Risk Assessments

The current risk assessment is appended to this document. Reviewing and revising assessments will undertaken as appropriate. New risks or control measures should be brought to the attention of the School Safety Officer.

3.4 Accident / Incident Reporting and Investigation

All accidents or incidents must be reported on the official College Accident Reporting Form. This form may be downloaded from the web site <http://www.tcd.ie/Buildings/Safety/safetyaccidentreporting.php>, completed and sent to the Director of Buildings Office.

When completed a copy of the form should be forwarded to the School Safety Officer (for information and follow up action) and the College Safety Officer (for information, and advice re: future prevention).

If a member of staff is absent for greater than 3 working days as a result of an occupational accident or an occupational related illness, the Head of Department must specifically advise the College Safety Officer, as a separate mandatory report must be made to the Health and Safety Authority.

3.5 Fire Safety

Security advice for staff and students working in College buildings.

1. Ensure that all door and window locking devices are in working order.
2. Keep all offices, labs and lecture rooms locked when not in use.
3. Utilise a key control system. Department keys should be accounted for at all times.
4. Do not label keys with their use - use a code system instead.
5. Keep desk drawers, presses and filing cabinets locked when not in use or unattended.
6. Petty cash should be kept to the minimum required and kept secured at all times.
7. Avoid having valuable personal property in your office or lab. This is not insured by College.
8. Secure handbags in a drawer or filing cabinet and do not leave wallets, purses or other valuable property in jackets or coats hanging up.
9. After hours, report any problems of a security nature which you may come across to College Security i.e. unsecured or open doors and windows, faulty locking devices etc.
10. Be on the alert for persons acting in a suspicious manner i.e. loitering in toilets, corridors and secluded areas in the building. Report the matter immediately to College Security, any Security Officer or Attendant or any staff member. Your immediate action in making this report could prevent the commission of a crime.
