

# Safety Statement (Sept 2022)

School of Engineering

## Trinity College Dublin

### **IN THE EVENT OF AN EMERGENCY RING 1999**

The internal telephone number 1999 provides immediate access to professional assistance on a 24-hour basis. Be prepared to state:

1. Type of assistance required (ambulance, fire brigade, police etc.)
2. Type of emergency (fire, injury, etc)
3. Name, extension number and location.

If possible and safe to do so, stay close to the telephone, in order to give further information should it be required by the emergency services.

*This number should only be used in a genuine emergency.*

## Safety Statement Introduction

To ALL

The purpose of this document is to provide links to information for all staff and students working in the School of Engineering at Trinity College Dublin. The health and safety of staff, students and visitors is important. The Safety, Health and Welfare at Work Act 2005 requires that you take all precautions, as far as is reasonably practicable, to avoid endangering yourself or others by your activities. This Institute Safety Statement supplements the University 'Framework' Safety Statement and University Policies, which are accessible on the Trinity College Dublin's website.

It is a requirement that all Staff, Undergraduate and Postgraduate students and Visiting Students and Researchers familiarise themselves with the departmental Safety Statements, especially the sections relating to you. The safety statement for each department within the school of Engineering can be found at the links below:
