

A chara,

My name is Adam Gordon and I'm a 3rd year immunology student. I believe the X Library should be renamed to the "Wolfe Tone" or "Tone" library. As I'm sure you're aware, Theobald Wolfe Tone was a Trinity student and the father of Republicanism in Ireland, which he advocated for by bringing protestants and Catholics together to end the inhumane British rule in Ireland. Considering that it has been acceptable to have a library named after a slave owner, this name surely cannot be seen as controversial. I hope you consider my submission.

Kind regards,  
Adam Gordon  
TR060 (Immunology)
