Online CPD Module for Radiation Therapists

Feedback in the Clinical Setting

This **free** online module is to support all radiation therapists involved in teaching and assessing radiation therapy students at Trinity College Dublin.

Refresh on:

- Learning outcomes and objectives for students
- Feedback mechanisms and different types of feedback.
- Why feedback is important in clinical education.

Online learning materials and clinical scenarios will demonstrate provision of student feedback

Module delivered entirely online-flexible learning opportunity

Provides theoretical background on feedback mechanisms

RT-specific clinical scenarios provided

Discusses how to be constructive in feedback provision

Supports radiation therapists in enhancing the student learning experience

Facilitates consistency in clinical learning environment

“We all need people who will give us feedback. That’s how we improve.”
