Trinity Micro-credentials
Practical Frameworks for Innovation

Starts 28th March 2026

Gain relevant skills for today's challenges

What's in it for me – Learning Outcomes?

- Learn 3 proven frameworks: **Design Thinking, Creative Problem-Solving, Systems Thinking.**
- Turn complex challenges into practical, innovative solutions
- Apply hands-on tools to real challenges, individually and in teams
- Gain fresh insights and think critically about problems
- Communicate ideas and solutions with confidence to different audiences
- Build reflective skills to learn faster, challenge assumptions, and generate new ideas

Who should apply?

If you answer yes to any of the following, this course is for you:

- Do you want to strengthen your innovation and practical problem-solving skills?
- Would you like to lead change within organisations of all sizes?
- Do you work in a role that benefits from creativity, strategy and collaboration?
- Are you an educator, training facilitator or sustainability practitioner looking to widen your impact?

I'm busy, do I need this now?

In just 7 weeks, this programme will help you to turn complexity into actionable solutions delivering immediate return on your investment.

Successful candidates will be awarded:

- **National Framework of Qualifications** Level 9 Award
- **Earn 5 ECTS credits** Gain recognised academic credit while you upskiill.

What will it cost?   €1,295
