1 Welcome message

Dear JS students,

On behalf of the Undergraduate Common Architecture Office team, I'd like to welcome you to 2025/26 of the Trinity Joint Honours programme and to wish you all the very best for the year ahead. Each year of your degree programme will offer its own opportunities and its own challenges and I hope that you will find the former stimulating and the latter manageable. The UCAO team are here to support you at all stages of your student journey, and you'll find details of how to contact us in the following pages. You will also find a good deal of useful information and, while not all of it will be immediately relevant, I would encourage you to take the time to read through the handbook now and to bookmark it for future consultation as needed. Please do remember to keep an eye on your Trinity inbox for emails from the office or myself.

I look forward to meeting you all one way or another over the coming year and, in the meantime, would like to take this opportunity to wish you all the very best for the year ahead.

Mark Sweetnam FTCD

Associate Dean of Undergraduate Common Architecture

3 Programme Information

3.1 Introduction

Welcome to the Junior Sophister (JS) year of your Trinity Joint Honours programme! In this year you will have finalised your degree pathway. Some students may spend a full year or one Semester on an Erasmus or International Study Abroad exchange.

This handbook aims to provide you with an overview of information that will be useful to you throughout the 2025/26 academic year. It is important to note that this handbook provides information that applies to most students in JS year of Trinity Joint Honours programmes and that you will need to consult School or Departmental handbooks for detailed information on each of your Trinity Joint Honours (TJH) subjects.

The Undergraduate Common Architecture Office (UCAO) provides programme-level support to you as a TJH student throughout all four years of your programme. We will be communicating with you throughout the academic year via your TCD email address, advising of important information, timelines and information sessions that may be relevant to you. It is important to engage with these messages as soon as possible once you receive them. These messages will come from either joint.honours@tcd.ie or ADUCA@tcd.ie.

Likewise, please reach out to joint.honours@tcd.ie with any questions you might have and be sure to include your Trinity ID number – we will do our best to support you directly or point you in the direction of someone who may be better placed to help.

4 Teaching and Learning

4.1 Programme Architecture

All students will undertake 60 credits/ECTS in each academic year, with 30 credits/ECTS studies in each semester. As a Junior Sophister student, you will already have indicated your final degree pathway. Your degree award will reflect the pathway you've chosen. It is important to note that there is no opportunity to change your pathway between Junior Sophister and Senior Sophister year. If a student has a query about changing their pathway they must contact the UCAO before 26 September 2025. Below is an image showing the [Trinity Joint Honours programme pathways](#):

Joint Honours

- In Year 3 you will take 30 ECTS in each of your Joint Honours subjects
- You will be asked to pick which subject you will complete your Capstone in
- You should be aware that some subjects have module pre-requisites that you will be required to fulfil in order to complete a Capstone project in that subject. More information is available on the [TJH Capstone webpage](#).

Single Honours¹

- In Year 3 you will take 50 ECTS in modules in your Single Honours subject and 10 ECTS in Open Modules/Trinity Electives.

Major with Minor

- **Major with Minor Pathway Option A** – Continue studying your minor in Year 4
 - In Year 3 you will undertake 40 ECTS in your Major subject and 20 ECTS in your Minor subject.

¹ This award is not available in the following subjects: Computer Science, Classical Languages, Linguistics and Social Policy. It is important to note that students on the Business & Computer Science combination cannot obtain a Single Honours award in Business or Computer Science.

- **Major with Minor Pathway Option B** – Finish studying the Minor in Year 3
 - In Year 3 you will undertake 30 ECTS in both your Major and Minor subject
- Regardless of whether you are Option A or Option B, you will complete your Capstone in Year 4 in your Major subject.
 - You should be aware that some subjects have module pre-requisites that you will be required to fulfil in order to complete a Capstone project in that subject. More information is available on the TJH Capstone webpage.

If you have any queries regarding your pathway, please contact us at joint.honours@tcd.ie.

4.2 Capstone Project

Your Capstone project is an independent piece of work that you will undertake in your Senior Sophister year. It is worth 20 ECTS. Please be aware that prerequisites or module requirements may apply. Please read the Capstone Requirements per TJH Subject document on the [TJH Capstone webpage](#) for further information.

Your pathway will determine which subject your Capstone is in.

Single Honours Pathway - Students will complete a Capstone project in the subject of the Single Honours award.

Major with Minor Pathway - Students will complete a Capstone project in the Major subject of their degree award.

Joint Honours Pathway - Students can choose which of their two subjects they wish to complete their Capstone project in. We will be in contact with all students on the Joint Honours pathway, in Semester 2, directly regarding this process – please keep an eye on your email for further information on this throughout the academic year.

4.3 Marking Scale

Most modules will have a pass mark of 40. Below is the key to grades and results:

- I = first class, 70% and above
- II.I = second class first division, 60-69%

- II.2 = second class second division, 50-59%
- III = third class, 40-49%
- F1 = fail, 30-39%
- F2 = fail, 0-29%

Find out more at [TJH Assessment and Progression webpage](#).

4.4 Progression

To pass the year, students will need to meet all assessment requirements for their modules AND either Pass the Year Outright or Pass the Year by Compensation.

In order to **pass the year outright** a student will need to achieve an overall credit-weighted pass mark of 40% or higher for the year, based on the full 60 credits (ECTS) undertaken AND they will also need to achieve a pass mark of 40% or higher in each of their modules.

In order to **pass the year by compensation** a student will need to achieve an overall credit weighted pass mark of 40% or higher for the year; they will also need to pass a minimum of 50 credits (ECTS) with a minimum module mark of 40% in each module; AND they will need to achieve a fail mark between 35% and 39% in modules not exceeding 10 credits (ECTS) in total.

Please note that some modules within the School of Law are non-compensatable. If you fail one of these modules, you will not be eligible for the Pass by compensation rule. Please confirm which modules this applies to with the School of Law and/or by reviewing the [Derogation information](#).

Please see the [TJH Assessment and Progression webpage](#) for general information and FAQs on Assessment and Progression in TJH.

4.5 Past Exam papers

Past papers for formal examinations are available on the [Academic Registry Exam and Assessment webpage](#) – there will be a pop-up button asking you to login so be sure to have your College details to hand. It is important to note that MCQ and reassessment exams are not published here and that some disciplines or module co-ordinators may opt not to publish

papers. If a paper is not available on this website you should contact the relevant discipline with your query.

4.6 Open Modules & Trinity Electives

Students on the Single Honours pathways in their Junior Sophister year will take 10 ECTS in Open Modules & Trinity Electives along with their core subject modules.

4.6.1 Open Modules

The UCAO is responsible for the management of open modules. If you have any issues with these modules, you should contact open.modules@tcd.ie.

4.6.2 Trinity Electives

Student queries regarding Trinity Electives (those modules beginning TEU), should be sent to ome@tcd.ie.

4.7 Transcripts/Confirmation of Study

The Academic Registry can provide transcripts of study for Trinity Joint Honours students. Transcripts for an academic year can only be issued once the results have been ratified and published at the Annual Court of Examiners normally held in May or early June.

If you need a letter confirming you are a registered student of the College, you can access this via your my.tcd.ie portal or request the letter from Academic Registry. Please ensure you include your student number in all correspondence. If you require correspondence other than the above, please enquire with our office at joint.honours@tcd.ie.

4.8 Attendance Requirements

All students must make themselves aware of and fulfil the requirements of modules taken in different Schools and departments, as appropriate, with regard to attendance and late submission.

Details on attendance and late submission policies might be found within module descriptors and/or handbooks provided by your subjects. If you require further details on this we recommend you make contact with your disciplines or discuss with module co-ordinators.

On attendance requirements please see: [Calendar, Part II, General Regulations and Information, Section II, 'Attendance'](#).

4.9 Trinity Inclusive Curriculum Project

Trinity-INC is based in the [Equality, Diversity and Inclusion Office](#) and works to embed the principles of diversity, equality, and inclusion across all curricula in Trinity so all students, regardless of their personal circumstances, learning backgrounds, abilities or strategies, have equitable opportunity to achieve their learning goals. Please see the [Inclusive Curriculum Resources for students](#) who wish to learn more about and explore the implementation of an inclusive curriculum. Visit the [Trinity-INC website](#) or contact trinityinc@tcd.ie to learn more about what they do and how you could get involved.

4.10 Degree Award

Depending on student choices made within their programme of study and available pathways, it may be possible to be conferred with a Bachelor in Arts (Moderatorship) award² in one of the following categories:

- Joint Honours
- Single Honours³
- Major with minor

The calculation of the Trinity Joint Honours Degree award is based on the combined Junior and Senior Sophister years' results, weighted at 30 per cent (Junior Sophister) and 70 per cent (Senior Sophister).

The Ordinary B.A. is also available to the following students:

1. Junior Sophister students who successfully complete and pass their year;

² Students on the TJH programmes in Law may be eligible to obtain a Bachelor in Laws (LL.B.) depending on following a prescribed pathway and selecting specified modules.

³ This award is not available in the following subjects: Computer Science, Classical Languages, Linguistics and Social Policy. It is important to note that students on the Business & Computer Science combination cannot obtain a Single Honours award in Business or Computer Science.

2. Senior Sophister students who attempt and fail the Senior Sophister year and who opt not to repeat the year.

If you are considering exiting the College with an Ordinary B.A. we would recommend you discuss this with your College tutor. For further information please visit the [TJH Assessment and Progression webpage](#).

4.11 Graduate Attributes

Students come to Trinity not only to acquire a certain set of facts or competencies but because they have an understanding of the sort of person they want to become. Building on the strong value placed on a solid disciplinary formation, we wanted to answer the question ‘what kind of person can I be?’ We distilled this sense of transformation into four Trinity graduate attributes: To think independently, to communicate effectively, to develop continuously and to act responsibly.

Defining the Trinity Education, these attributes encompass the qualities, skills and abilities that our students have the opportunity to develop throughout their entire university experience, both in and outside the classroom in activities such as internships or volunteering. They will benefit our students not just in their careers, but in their future lives as individuals and members of society.

4.12 Explanation of ECTS Weighting

The [European Credit Transfer and Accumulation System \(ECTS\)](#) is an academic credit system based on the estimated student workload required to achieve the objectives of a module or programme of study. It is designed to enable academic recognition for periods of study, to facilitate student mobility and credit accumulation and transfer. The ECTS is the recommended credit system for higher education in Ireland and across the European Higher Education Area.

The ECTS weighting for a module is a measure of the student input or workload required for that module, based on factors such as the number of contact hours, the number and length of written or verbally presented assessment exercises, class preparation and private study time, laboratory classes, examinations, clinical attendance, professional training placements, and so

on as appropriate. There is no intrinsic relationship between the credit volume of a module and its level of difficulty.

The European norm for full-time study over one academic year is 60 credits. Within Undergraduate courses 1 credit represents 20-25 hours estimated student input, so a 10-credit module will be designed to require 200-250 hours of student input including class contact time, assessments and examinations.

ECTS credits are awarded to a student only upon successful completion of the programme year. Progression from one year to the next is determined by the programme regulations. Students who fail a year of their programme will not obtain credit for that year even if they have passed certain component. Exceptions to this rule are one-year and part-year visiting students, who are awarded credit for individual modules successfully completed.

5 Student's Roles and Responsibilities

5.1 Registration

Students are invited to register on an annual basis via the [my.tcd.ie portal](https://my.tcd.ie). It is your responsibility to ensure you complete this process. The Academic Registry have videos and FAQs on their website to guide you through this process. Failure to register for your programme will result in your withdrawal from College books. In order to be put back on College books, students will be required to pay a readmission fee.

If you encounter any difficulties in completing registration, please contact our office and your tutor.

5.2 Online Module Enrolment

Ahead of the start of a new academic year, students will be invited to select their modules. Students must familiarise themselves with the requirements of their pathway. All students must take 60 ECTS in total, 30 in each semester. Depending on your pathway, as well as your main subjects, you may also have to select Trinity Electives or Open Modules. As with the registration process, [Academic Registry](#) provide videos and FAQs on how to complete the [online module enrolment process](#).

5.3 Pathway Selection

As a Trinity Joint Honours student, you will have made your final pathway decision near the end of your second year. It is important to note that there is no opportunity to change your pathway between Junior Sophister and Senior Sophister year. If a student has a query about changing their pathway they must contact the UCAO on joint.honours@tcd.ie by 26 September 2025.

5.4 Blackboard/Virtual Learning Environment (VLE)

[Blackboard Learn](#) is the University's Virtual Learning Environment (VLE) providing an online space for staff and students to interact. Depending on your module, you can access lecture notes, online assignments and other activities. All registered students automatically have accounts in Blackboard.

All modules you are registered for should appear here. If your modules are not listed, please check with the module coordinator to ensure you are enrolled and timetabled for the modules. For more information on access and enrolment issues, visit the [IT Services VLE page](#).

5.5 Attendance and Absence from Examinations

Students are required to complete and submit the assessment components for each module as prescribed by their subject/module handbook. Completion includes the submission of continuous assessment and attendance at examinations and other tests.

Students who are experiencing difficulties that could affect their ability to complete their assessment components should contact their Tutor at the earliest opportunity to discuss the nature of the difficulties and the options available in Trinity.

Students who may be prevented from sitting an examination or examinations (or any part thereof) due to illness should seek, through their College tutor, permission from the Senior Lecturer in advance of the assessment session to defer the examination(s) to the reassessment session. Students who have commenced the assessment session and are prevented from completing the session due to illness should seek, through their College tutor, permission to defer the outstanding examination(s)/assessment(s) to the reassessment session. In cases

where the assessment session has commenced, requests to defer the outstanding examination(s) on medical grounds, should be submitted by the College tutor to the relevant school/departmental/course office. If non-medical grounds are stated, such deferral requests should be made to the Senior Lecturer.

A number of you will spend your Junior Sophister year or part thereof, on a Study Abroad Exchange outside of Ireland. If you have any queries or concerns throughout your year abroad, please get in touch with the Undergraduate Common Architecture Sophister Co-ordinator, the UCAO office via tjh.erasmus-studyabroad@tcd.ie

As a Trinity Joint Honours student, it is expected that you will study both of your subjects while abroad (unless you are on the Single Honours pathway). If you are going on an Erasmus/International exchange, please read the very important '[Erasmus & Study Abroad advice for Trinity Joint Honours Students](#)' document on the [Erasmus/Study Abroad Exchange webpage](#). You are required to send your Learning Agreement to both of your Exchange Coordinator(s) and this office for approval before you go on exchange. Learning Agreements

will be reviewed and approved based on your degree pathway choice and based on the academic requirements of your subject(s).

At the end of your exchange you should send a copy of your Transcript of Results to this office and we will forward it to your Exchange Coordinator(s) to convert. 8 Student Services

There is a wide range of support services within College for students. If you need assistance with your academic, financial, administrative or health & wellbeing, you will find the relevant contact in the [Student Services Handbook](#).

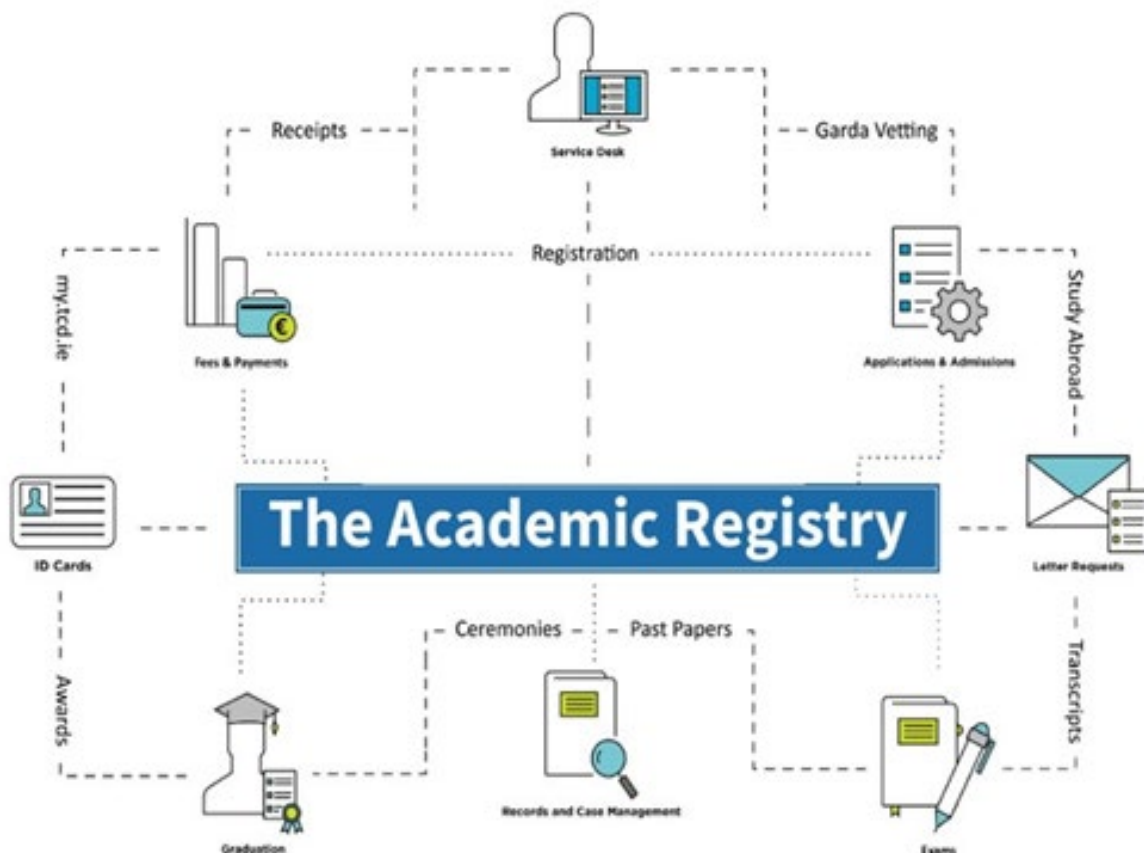

8.1 Your Tutor

All registered full-degree undergraduate students are allocated a [Tutor](#) when starting in College. Your Tutor is a member of academic staff who is appointed to look after the general welfare and development of all students in their care.

You should see your Tutor whenever you have a question or are worried or concerned about any aspect of College life or your personal life, in particular if it is affecting your academic work. Everything you say to your Tutor is in strict confidence. Unless you give them permission to do so, they will not give any information to anybody else, whether inside College or outside (not to your parents/family for example). Your Tutor can help you only if they know you are facing difficulties, so if you are worried about anything go and see your Tutor before things get out of hand. Whilst your Tutor may not be able to solve the underlying problem, they can help you

find the best way to limit the impact of your situation on your College work. Tutors can help with **academic advice, changing course, withdrawing from College, exam regulations, financial assistance and personal advice.**

9 Academic Writing

9.1 Academic Integrity and Referencing Guide

Throughout your studies in Trinity College Dublin, you will develop and write assignments that require research. Your ideas will be expressed through words, images, diagrams and other

multi-media forms. As you research you will be expected to understand and build upon the work of others. This requires acknowledging correctly and fully the contributions of others to your own scholarship. Regardless of what discipline you enter in Trinity, the cornerstone of its scholarship is academic honesty. So, no matter what form your scholarly writing takes, you are expected at all times to take responsibility for the integrity of your work as you advance knowledge in your field of study.

Students in Trinity Joint Honours programmes should be mindful that the modules you have selected may have unique referencing requirements and that these requirements are met as appropriate.

The word plagiarism is derived from the Latin words meaning 'kidnapper'. In its simplest sense, plagiarism can be seen as stealing someone else's words or ideas and passing them off as your own, although plagiarism comes in many forms. Whether unintentional or intentional, plagiarism is your responsibility, and you need to know exactly what it is in order to avoid it.

All students must read and understand the [Library Guidelines for Avoiding Plagiarism](#). You will find the [Ready, Steady Write Plagiarism tutorial](#) which you must complete. You should also check with your module coordinators for any coversheet that is required to be submitted with coursework.

Please see [Calendar Part II, B: General Regulations & Information, 'Academic Integrity'](#).

9.2 College Statement on Artificial Intelligence and Generative AI in Teaching, Learning, Assessment & Research (2024)

Aligned with the College Statement on Artificial Intelligence and Generative AI in Teaching, Learning, Assessment & Research (2024), the use of GenAI is permitted unless otherwise stated. Where the output of GenAI is used to inform a student's document or work output, this usage should be acknowledged and appropriately cited, as per [Library guidelines on acknowledging and reference GenAI](#). From an academic integrity perspective, if a student generates content from a GenAI tool and submits it as his/her/their own work, it is considered plagiarism, which is defined as academic misconduct in accordance with College Academic Integrity Policy.
