3 Programme Information

3.1 Introduction

Trinity is committed to educating globally aware and engaged citizens and as such, Trinity students are strongly encouraged to explore opportunities to study, work, or volunteer abroad. Gaining international experience gives our students the opportunity to experience new ways of learning, to learn about different cultures, and demonstrate your ability to work internationally after graduation. Students can avail of an Erasmus or Study Abroad exchange in their Junior Sophister year. Typically, around one in three students avail of the opportunity to go on exchange. This handbook is designed to provide exchange information for students on the common architecture such as Trinity Joint Honours (TJH) programme and Single Honours students studying their New Minor Subject (SHwNMS) to degree. As a student on the common architecture and studying two subjects, it is expected that you will study both of your subjects¹ while abroad. If you are going on

¹ This does not apply to students on the TJH Single Honours pathway.

an Erasmus/International exchange, please read the very important relevant Student Advice Document on the [Erasmus/Study Abroad Exchange webpage](#).

- [TJH Erasmus and Study Abroad - Student Advice Information document](#)
- [SHwNMS Erasmus and Study Abroad - Student Advice Information document](#)

You are required to send your Learning Agreement to both of your Exchange Coordinator(s) and this office for approval before you go on exchange. Learning Agreements will be reviewed and approved based on your degree pathway choice and based on the academic requirements of your subject(s).

At the end of your exchange, you should send a copy of your Transcript of Results to this office and we will forward it to your Exchange Coordinator(s) to convert. Students going on a Semester 1/MT exchange will have their results published at the Annual Examination Session. Students on a full-year or Semester 2/HT exchange will have their results published at the Reassessment Examination Session.

You can find more information here [Erasmus and Study Abroad - Trinity Joint Honours - Trinity College Dublin \(tcd.ie\)](#).

Please be aware that of the School of Languages, Literatures and Cultural Studies regulation for students who follow a Single Honours Language pathway – a full year exchange is compulsory for students following a Single Honours pathway with a language. Students should consult their relevant subject for further information.

3.3 Erasmus

Each of your subjects will have exchange partnerships agreed with various host universities. Students apply to their subject's Department for the exchange(s) they wish to go on. You can apply to either one or both of your subjects' exchanges. The host university does not have to have a partnership with both of your subjects; you just need to be able to study both subjects there. A number of helpful places to start your research is below:

- [Trinity Global Where can I go within Europe? webpage](#) List of [Exchange Coordinators](#) for each Subject – enquire about each deadline- usually around Semester 1 in your Year 2
- [Trinity Partner University Information](#) - This document provides, what we hope is helpful, information on some Erasmus host universities that have partnerships with subjects in the Trinity Joint Honours programme. Please note this list is not exhaustive of all the possible exchange destinations, these are universities that completed a survey providing the information on their exchanges. You should do your own research on each host university you are interested in.

3.4 Study Abroad/Non-EU/ International Exchange

International Exchanges, or 'College-wide' exchanges, are open to all eligible students at Trinity. They are exchanges in universities, outside Europe, in the USA, in Canada, in China, Hong Kong, Singapore or other such destinations. A number of helpful places to start your research is below:

- Trinity Study Abroad & Exchange Outbound [International Exchanges](#) - provides information you might need on partner universities and how to apply for exchange, as well as FAQs and information on how to prepare for travelling and returning from abroad.
- List of [Exchange Coordinators](#) for each Subject.
- Check deadlines for application – usually early in Semester 1 of your SF Year 2.

If you accept an offer for International Exchange you may not be offered an Erasmus Exchange, so think about this carefully before accepting.

4 Other Exchanges

There are other exchanges available to students. While a majority of TJH and SHwNMS students participate on Erasmus or International exchanges we are aware students can avail of other exchanges. Non-Trinity approved exchanges cannot be supported at this time.

Please be aware that you still need to comply with your pathway and submit your Learning Agreement to UCAO if on any of the following exchanges:

- School-Based Exchange

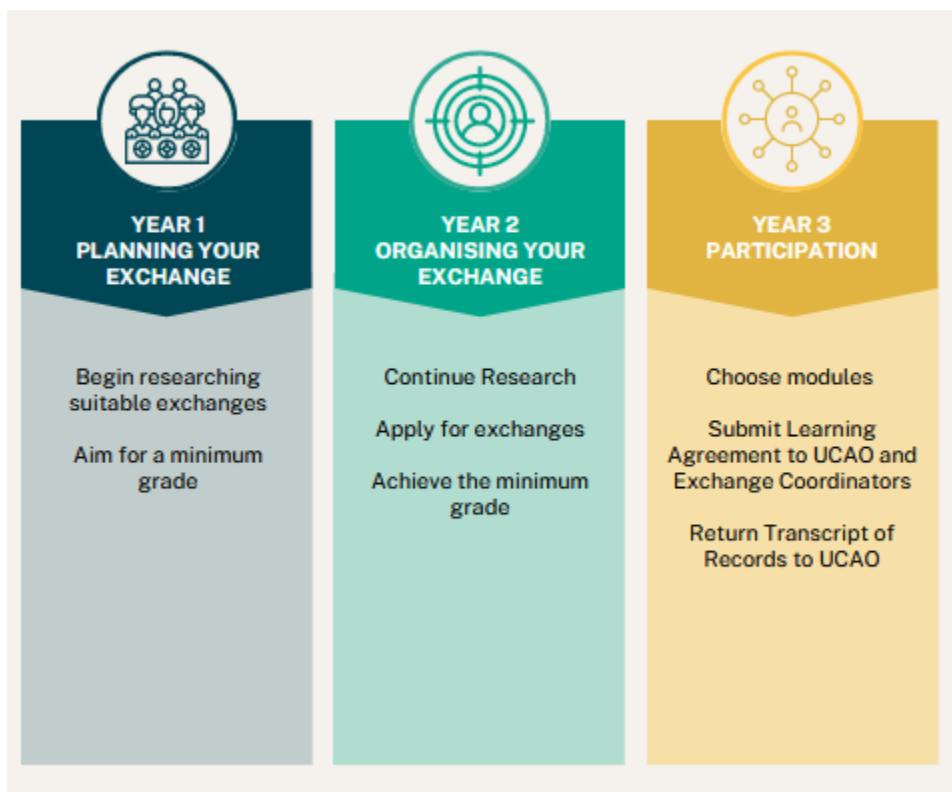

- COIMBRA - Coimbra Group's Student Exchange Network
- ELAN - European Liberal Arts Network

Please visit the [Trinity Global webpage](#) for further information.

4.1 Key Timelines

Key dates relating to revision/reading weeks and formal periods of examinations can be found at [Academic Year Structure 2025/26](#). Please ensure you also check key dates for each of your subjects and keep an eye on your email and Blackboard module updates for information throughout the year about important dates.

4.2 Planning and Research

We would recommend that Junior Fresh (Year 1) students begin planning their exchange. This includes researching where they would like to go on exchange and what exchanges are possible

with their subject combination and pathway. Normally students will be expected to study both of their subjects while abroad. Students can apply to go on either an:

- Erasmus exchange through either one or both of your Subjects
- International/Study Abroad College exchange through Trinity Global
- Other Exchanges such as Coimbra, ELAN and School-based exchanges.

4.3 List of students who have previously gone on exchange

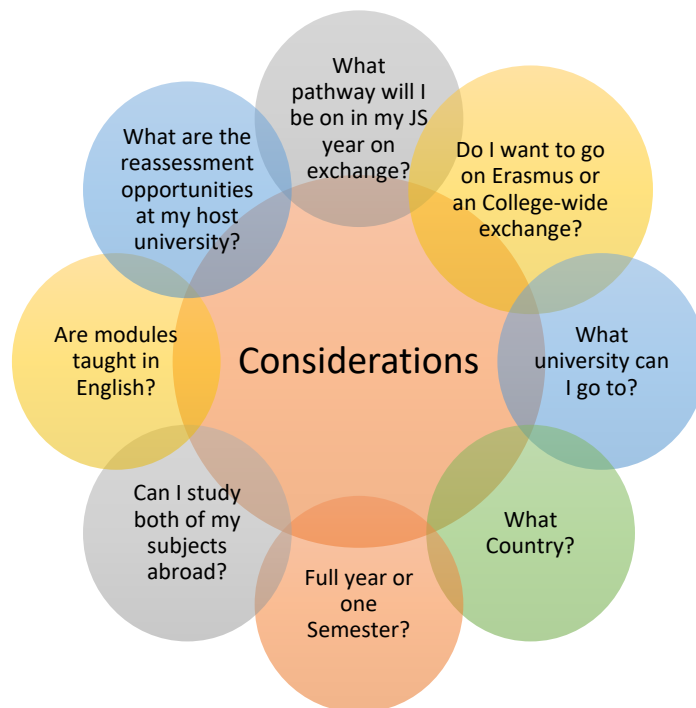

There is a list of students who have been on exchange last year who have offered to help answer any questions you may have.

[List of Students who have previously gone on exchange](#)

If you would like to reach out to these students with any queries about their location or pathway please email us with the student number listed on the document on our webpage.

4.4 Applying for your Exchange

Please be aware it is your responsibility to do your research and ensure you have taken into consideration everything you need to know in order to have a successful exchange.

Erasmus and UK-based Exchanges

You will fill in one centralised form but your Departments will review your applications and make nominations.

If you have not heard about their information sessions please reach out to the Exchange Coordinator.

International Study Abroad

You will apply to Trinity Global using the centralised form. Keep an eye on their social media for information on drop in sessions.

Trinity Global: global.mobility@tcd.ie

Follow them on social media: @TCDGlobal (Instagram, Twitter)

CHARM/Coimbra Group exchange network: View [Trinity Global webpage](#) for more information.

- Apply for these programmes via the college wide, international exchange application.

ELAN (European Liberal Arts Network): Managed by Dr David Ditchburn, School of Histories and Humanities

- Faculty of Arts, Humanities, and Social Sciences students only (2:1 required)

CASA Programme email [CASA Programme](#) Officer Emma Gottbrae at gottbrae@tcd.ie

4.5 Student Learning Agreement

Students on Erasmus can use the Online Learning Agreement (OLA) via the EWP platform. You can enter the following names:

- Sending Responsible Person: You can enter the UCAO office, using the name, Elaine Denehan and email address tjh.erasmus-studyabroad@tcd.ie as this is the person that approves the OLA. The UCAO will seek approval from both Exchange Coordinators before signing the OLA.

- Sending Admin responsible person: Can be the Trinity Erasmus/Global Mobility office using the email address erasmus.outgoing@tcd.ie – this contact gets copied on the OLA that is sent to the sending responsible person.

For Non-EU Exchanges please use the appropriate Learning Agreement document issued by Trinity Global.

Your Student Learning Agreement must be reviewed and approved by:

- By the Exchange coordinator(s) for your subject
- By the UCAO office for pathway compliance

before you go on exchange or within 4 weeks of arrival

- Then it should be approved by your host university
- We will email you throughout the year so please keep an eye on your Trinity email
- Risk of not being pathway compliant is failing your exchange and the consequence is having to repeat your JS year in full in both subjects.

4.6 List of Exchange Coordinators

Please find a list of all [Exchange Coordinators is available on our webpage](#).

5 Teaching and Learning

- Ensure they are aware of any pre-requisites for modules in their final year, including Capstones, and make informed choices on whether to proceed with exchanges.
- Have their learning agreement approved by the relevant study abroad coordinator(s) for their subject(s) and the Undergraduate Common Architecture Office (UCAO) (tjh.erasmus-studyabroad@tcd.ie).

5.3 Capstone Project

What is a Capstone project? This is an independent piece of work that you will undertake in your Senior Sophister year. It is worth 20 ECTS. Please be aware that prerequisites or module requirements may apply. Please read the Capstone Requirements per TJH Subject document on the [TJH Capstone webpage](#) for further information.

Your pathway will determine which subject your Capstone is in.

Single Honours Pathway - Students will complete a Capstone project in the subject of the Single Honours award.

Major with Minor Pathway - Students will complete a Capstone project in the Major subject of their degree award.

Joint Honours Pathway - Students can choose which of their two subjects they wish to complete their Capstone project in. We will be in contact with all students on the Joint Honours pathway, in Semester 2, directly regarding this process – please keep an eye on your email for further information on this throughout the academic year.

Please research and learn about your subject's pre-requisite modules you may have to take an equivalent of while on exchange.

5.4 Marking Scale

Your exchange results will be converted to Trinity results using a conversion table, it will be unique for each country/host university. Please contact your subject Exchange Coordinator(s) in relation to the conversion for your Erasmus exchange. Please contact Trinity Global in relation to your International/Study Abroad Exchange conversion.

5.5 Progression

If students do not pass enough ECTS for their pathway requirements they will be returned as Fail Repeat Year. They will be required to repeat the year in full in both subject.

Please note compensation does not apply for Exchange results.

It is important to note that if you are on a Semester 2 exchange and have not passed overall or have a mix of failed modules and deferrals from Semester 1 in Trinity you are required to sit components in ALL failed modules at re-assessment. It is not possible to predict whether you will pass a module by compensation and if you do not show up for or fail to submit a re-assessment, it will be marked as AB and you may be excluded at the re-assessment session.

5.6 Transcript of Records

At the end of their exchange students are required to send their Transcript of Records to the UCAO. We will forward it to your exchange coordinator(s) who will convert your results.

Transcripts that are not returned by deadlines may impact a student's ability to progress to the next academic year. If you will be delayed for any reason in submitting your transcript, please notify the UCAO via tjh.erasmus-studyabroad@tcd.ie.

At the end of your exchange, you should send a copy of your Transcript of Results to this office and we will forward it to your Exchange Coordinator(s) to convert. Students going on a Semester 1/MT exchange will have their results published at the Annual Examination Session. Students on a full-year or Semester 2/HT exchange will have their results published at the Reassessment Examination Session.

We will be in contact via email to provide a link to an online MS Form which you should submit your Transcript of Records. The deadlines for submission are below.

5.6.1 Semester 1 Exchange Results

If you are on a Semester 1 Exchange your overall results will be published at the Annual Assessment Session provided you submit your transcript of results to this office no later than close of business, Friday 3rd April 2026.

5.6.3 Semester 2 Exchange Results

If you were on a Hilary Term/Semester 2 exchange your overall results will be published at the Reassessment Session provided you submit your transcript of results to this office by 24th July 2026. Your provisional Semester 1 results will be available to view on the portal. If you have a failed module you are required to do a re-assessment.

To view your Exchange results on the portal my.tcd.ie.:

- Go to My Student Record
- Go to View My Academic History
- Select the relevant year e.g. 2025/26
- You should be able to see the 'NONTCD1 STUDY OUTSIDE TCD - MODULE 1' which is your exchange result

Please see the [TJH Assessment and Progression webpage](#) for general information and FAQs on Assessment and Progression in TJH.

5.7 Open Modules and Trinity

Student on the Single Honours pathway do not need to replicate Open Modules and Trinity Electives abroad as the requirement for breadth of learning will be fulfilled on the basis of what Erasmus/non-EU exchanges achieve towards a diverse experience of education. Students may opt to take additional modules while abroad as breadth but are not required to do so.

Depending on student choices made within their programme of study and available pathways, it may be possible to be conferred with a Bachelor in Arts (Moderatorship) award¹¹ in one of the following categories:

- Joint Honours
- Single Honours¹²
- Major with minor

The calculation of the Trinity Joint Honours Degree award is based on the combined Junior and Senior Sophister years' results, weighted at 30 per cent (Junior Sophister) and 70 per cent (Senior Sophister).

6 Students Roles and Responsibilities

6.1 Registration

If you are participating on exchange you are expected to register via the [my.tcd.ie portal](https://my.tcd.ie/portal). It is your responsibility to ensure you complete this process. The Academic Registry have videos and FAQs on their website to guide you through this process. Failure to register for your programme will result in your withdrawal from College books. In order to be put back on College books, students will be required to pay a readmission fee.

If you encounter any difficulties in completing registration, please contact our office and your tutor.

6.2 Online Module Enrolment

Ahead of the start of a new academic year, students will be invited to select their modules.

¹¹ Students on the TJH programmes in Law may be eligible to obtain a Bachelor in Laws (LL.B.) depending on following a prescribed pathway and selecting specified modules. Please consult with the Study Abroad Co-ordinator in Law to ensure you meet these requirements.

¹² This award is not available in the following subjects: Computer Science, Classical Languages, Linguistics and Social Policy. It is important to note that students on the Business & Computer Science combination cannot obtain a Single Honours award in Business or Computer Science.

If you are a student who will be studying abroad for the full year in 2025/26, you will not be required to select modules when Online Module Enrolment opens. You will not see the "My Programme" tab on your portal.

If you are a student who will be studying abroad for just one semester in 2025/26, you will be required to select modules when Online Module Enrolment opens. You are required to select 60 credits and your School will amend your selections to the modules you will be taking during your term at Trinity in 2025/26.

Students must familiarise themselves with the requirements of their pathway. All students must take 60 ECTS in total, 30 in each semester. Depending on your pathway, as well as your main subjects, you may also have to select Trinity Electives or Open Modules. As with the registration process, [Academic Registry](#) provide videos and FAQs on how to complete the [online module enrolment process](#).

6.3 Pathway Selection

You will have made your final pathway decision near the end of your second year. It is important to note that there is no opportunity to change your pathway between Junior Sophister and Senior Sophister year. If a student has a query about requesting to make a late pathway change they must contact the UCAO before week 2 of the start of the 2025/26 Semester 1, Friday 26th September 2025.
