Single Honours with a New Minor Subject programmes

Understanding the Credit-weighted Degree Calculation

The system calculates your degree result using 120 ECTS from your JS and SS years' results. The JS and SS results are credit-weighted to reach this overall degree result- not averaged.

Year 3/JS result is weighted at 30% of your overall degree

Year 4/SS result is weighted 70% of your overall degree

The calculation for your overall degree is performed to two decimal places on your JS and SS results.

Below we provide an example of how your degree is calculated:

Year 3 / JS				
Module	ECTS	Mark %	Weighted = ECTS x Mark	
Module 1	10	50	500	(10 ECTS x 50% = 500)
Module 2	10	55	550	(10 ECTS x 55% = 550)
Module 3	10	60	600	(10 ECTS x 60% = 600)
Module 4	10	60	600	(10 ECTS x 60% = 600)
Module 5	10	60	600	(10 ECTS x 60% = 600)
Module 6	10	72	720	(10 ECTS x 72% = 720)
60			3570	
3570 is divided by 60, resulting in 59.50%			Overall Year 3 Mark is 59.50% Published on MyTCD as 60%	
Year 4 / SS				
Module	ECTS	Mark %	Weighted = ECTS x Mark	
Module 1	10	50	500	(10 ECTS x 50% = 500)
Module 2	10	55	550	(10 ECTS x 55% = 550)
Module 3	10	60	600	(10 ECTS x 60% = 600)
Module 4	10	60	600	(10 ECTS x 60% = 600)
Capstone	20	65	1300	(20 ECTS x 65% = 1300)
60			3550	
3550 is divided by 60, resulting in 59.17%			Overall Year 4 Mark is 59.17% Published on MyTCD as 59%	
Overall Degree				
Year	Degree %	Overall mark	Calculation	
Year 3	30%	59.50	59.50 x 30% equals 17.85	
Year 4	70%	59.17	59.17 x 70% equals 41.42	
17.85 is added to 41.42, resulting in 59.27%			Overall degree award is 59.27%, II.2 Published on MyTCD as 59%, II.2
