# Meet our Students

## Michael Dunleavy

### Engineering

I'd been out of college for a few years on medical grounds. By the time I was ready to pick myself up, I realised I wanted change fields. So I did a 1-year PLC to meet Trinity's Engineering entry requirements. Further Education really helped rebuild my confidence in my ability to be a student. It gave me a solid foundation in first year undergrad topics. I'd be completely overwhelmed without it. The 1 year programme was also a handy way to check that I enjoy Engineering and that I want to pursue it as a career.

## Madison Aurelle Delacour Harrison

### Mental Health Nursing

My journey from completing a Level 5 course to studying Mental Health Nursing at University has been incredibly rewarding. The PLC course gave me a solid foundation in healthcare and helped me build the confidence and skills I needed to pursue my dream career. The supportive teachers, hands-on learning, and practical placements prepared me not only academically but also personally for the challenges ahead. I'm now thriving in my nursing degree.

Looking back, I can honestly say that taking the PLC route was one of the best decisions I've made. It opened doors for me I never thought possible and set me on a path to a fulfilling and meaningful career.

#### Children's and General Nursing

I've always known I wanted to go to Trinity College Dublin. It was my number one option on my CAO and with the help of the HEAR scheme, this was made possible. From advisors to resource centres and financial supports; the whole team is amazing when it comes to assisting students in their transition into university life and throughout the university journey. It doesn't matter what route you use into university, whether it be the conventional way or through alternative routes such as the HEAR scheme, Trinity is open to everyone.

### Charlie Shaughnessy

#### Law

After nearly forty years in the same industry, I wanted to experience and explore different things. From the time that I was a young fella I always fancied learning law. I decided to go to Trinity, as a mature student, to get that degree. I chose to start off with a Level 5 qualification at Dunboyne College. This allowed me to get back into the routine of study, revision, academic writing and application. The year that I spent at Dunboyne College was invaluable for providing me with the foundations that I needed to excel in Trinity.
