

Overview of the Occupational Therapy Programme Modules for Years 1 to

4

Trinity College Dublin
Coláiste na Tríonóide, Baile Átha Cliath
The University of Dublin

The four tables below identify the different Modules that the students take across the four years of the programme, furthermore, it stipulates the module number for each module and identifies the number of European Credit Transfer and Accumulation System (ECTS) for each module. The ECTS weighting for a module is a **measure of the student input or workload** required for that module, based on factors such as the number of contact hours, the number and length of written or verbally presented assessment exercises, class preparation and private study time, laboratory classes, examinations, clinical attendance, professional training placements, and so on as appropriate. There is no intrinsic relationship between the credit volume of a module and its level of difficulty.

As evident from each table, the Practice Education Modules take place within each academic year and are integrated with all other strands of the course, ensuring that the students graduate meeting the standards of proficiency as specified by CORU. The students are required to build on their learning in each academic year and to apply all their knowledge, skills, abilities and attitudes to each Practice Education placement, thus ensuring that their abilities, competencies and standards of proficiency are continuously progressing and developing over the course of the programme.

Junior Fresh (Year 1) Modules

Module Number	Module Name	Credits
---------------	-------------	---------

OTU11011	Applied Anatomy for Occupational Therapy	10
OTU11003	Professional Development <ul style="list-style-type: none"> • Introduction to Professional Development, Reflective practice, Critical thinking in Occupational Therapy • Moving and Handling • Communications Introduction to Occupational Therapy Theories and Processes	10
OTU11004	Junior Fresh Practice Education	5
OTU11010	Biological Sciences Underpinning Health and Wellbeing	10
