Caseload (please tick age range)			
0-5 Years <input type="checkbox"/>	6-18 Years <input type="checkbox"/>	Adult <input type="checkbox"/>	Older people <input type="checkbox"/>

Please indicate main client group / impairment:

General Guidelines for Completing the Form

***Note for TCD students:** 3rd year (Junior Sophister) students should be **rated on a minimum of 15 competencies**. Case based clinical discussions should be used to assess competencies if opportunities for direct observation have not arisen in clinical work. Competencies rated in this manner should be indicated in the comments section. **In order to pass the placement at 3rd year, 12 or more competencies must fall within the evident/plus range.** If the mid-placement evaluation indicates a significant gap in competency development the Practice Education Coordinator should be notified as soon as possible. Performance indicators document provides a useful guide for what is expected at the evident level.

Transition level student speech and language therapists will require **guidance and feedback from the Practice Educator/s in all aspects of clinical work** and are expected to

- Recognise patterns in clinical presentations and solve routine clinical problems.
- Carry out routine clinical tasks effectively following clinical guidelines and procedures
- Demonstrate proficiency in the administration of routine assessments and intervention techniques
- Manage their work seeking guidance when required.

Developing competencies covering all areas of clinical practice including feeding, eating, drinking and swallowing impairments (FEDS) should be evaluated using this form. The SCCE form should be completed by the student speech and language therapists and Practice Educators prior to the mid and end of placement meetings. The mid and end of placement evaluations provide developmental feedback for student speech and language therapists. Student speech and language therapists should use mid and end of placement feedback to **set learning objectives and complete future learning plans.**

SCCE Transition, Reviewed 2018. This student clinical competency evaluation form is part of the student's academic record and is therefore subject to EU **General Data Protection Regulation (GDPR)**. The completed form should be returned to college immediately after placement. Any copies made of this form may only be retained until the end of the academic year (i.e., 1st July). Following this date, the copy must be destroyed in line with GDPR.

Professional Conduct

It is expected that student speech and language therapists are aware of and act in accordance with the Code of Professional Conduct and Ethics (CORU) and the IASLT Code of Ethics and demonstrate professional conduct throughout all practice placements. Professional conduct is reviewed informally throughout the placement with formative feedback provided as needed. Behaviours causing significant concern should be discussed with the student as soon as possible and noted on the professional conduct form. Specific behavioural changes needed should be agreed between the student and Practice Educator, noted on the action plan by the student and signed by both. Conduct should be formally reviewed using the Professional Conduct Form at the mid and end of placement meetings by the key Practice Educator (PE) in collaboration with supporting educators, using the form below.

Practice Educators are encouraged to discuss any concerns regarding professional conduct with the Practice Tutor, Regional Placement Facilitator or Practice Education Coordinator to ensure sufficient support for both the educator and student. Persistent breach of professional conduct requires prompt consultation with the university and may result in placement termination and a fail grade.

Professional Conduct		Mid placement		End of placement	
		√	X	√	X
1.	Behaves with honesty and integrity before, during and after practice placements in all placement-related matters.				
2.	Demonstrates respect for the rights and dignity of all through professional communication with clients, families and relevant professions.				
3.	Carries out duties in a professional and ethical manner complying with professional codes of conduct and ethics.				
4.	Manages health and well-being to ensure both performance and judgement are appropriate for practice.				
5.	Demonstrates respect for the supervisory process by seeking and responding to feedback.				
6.	Engages in reflection and reflective practice; critically self-appraising and working to develop own professional competencies.				
7.	Demonstrates effective time management i.e. meeting deadlines and punctuality				
8.	Adheres to all legislation related to data protection, confidentiality and informed consent				
9.	Adheres to placement provider's policies, procedures, protocols and guidelines in areas such as health and safety, infection control, record keeping, risk management, etc.				
10.	Presents an appropriate personal appearance conforming and adhering to all practice placement policies regarding dress code, jewellery and cosmetics.

Feedback for College

Practice Education is a vital component of the BSc Clinical Speech & Language Studies degree programme that enables students to graduate, meeting the standards of proficiency as specified by CORU. The Practice Education programme would not be possible without close collaboration with you in your role as Practice Educator for our students when they are on placement. We are constantly striving to evaluate and enhance the quality of practice education and placement experiences for practice educators, services, and students. We would appreciate your feedback about how we can make things better for future placements.

What is working well in supporting you in your role as practice educator and in your ability to facilitate student placements?

What could be improved to support you in your role as practice educator and in your ability to facilitate student placements?

Any other comments?

Thank you!

Please return this completed form to Duana Quigley, Practice Education Coordinator, Dept. of Clinical Speech & Language Studies, 7-9 South Leinster Street, Trinity College, Dublin 2.
