Optional Language Modules Application Form
Centre for Language and Communication Studies

The Centre for Language and Communication Studies (CLCS) offers some optional places for rising UG students in their evening language classes**.** Classes begin in the first week of the first term and run for two terms, with a weekly 1.5 hr evening class. These are not grammar classes, but instead use project-based learning. Students enrolled for a named language course as part of their degree (e.g. Law & French) may **not** study the same language in this programme. **Students who are eligible to take a language module for credit as part of their course should enrol via the Broad Curriculum website, NOT on this form (www.tcd.ie/broad_curriculum).**
