Student Services and Support
The Programme Administrator is your first port of call for all general queries. College also provides a range of administrative, academic and wellbeing supports and services to help smooth your route through college.

Student Services provide further information at [www.tcd.ie/studentservices](http://www.tcd.ie/studentservices) and a detailed booklet [http://www.tcd.ie/students/assets/pdf/Student%20Services%20Booklet%20(web%20version).pdf](http://www.tcd.ie/students/assets/pdf/Student%20Services%20Booklet%20(web%20version).pdf)

Tutors
All undergraduate students are assigned a tutor when they are admitted to College. Your tutor, who is a member of the teaching staff, will give confidential advice on courses, discipline, examinations, fees and other matters and will represent you before the College authorities should the need arise. You will find the name and email address of your tutor on your student record in SITS. If, for some reason, you cannot contact your tutor, you should contact the Senior Tutor’s Office [https://www.tcd.ie/seniortutor/](https://www.tcd.ie/seniortutor/)

Student 2 Student
From the moment that you arrive in College, right the way to your end of exams, Student 2 Student (S2S) is here to make sure that your first year is fun, engaging and a great foundation for the rest of your time in Trinity. You will meet S2S mentors in Freshers’ Week. They will keep in regular touch with you throughout your first year and invite you to events. They will also provide useful information about your course and what to look out for. Mentors are students who have been through the first year and know exactly what it feels like. S2S also offers trained Peer Supporters if you want to talk confidentially to another student, or just to meet a friendly face for coffee and a chat. S2S is supported by the Senior Tutor’s Office and the Student Counselling Service. See [http://student2student.tcd.ie](http://student2student.tcd.ie)

Support for Students with disabilities
Trinity has adopted a Reasonable Accommodation Policy that outlines how supports are implemented in Trinity. Student seeking reasonable accommodation whilst studying in Trinity must apply for reasonable accommodations with the Disability Service http://www.tcd.ie/disability/. Based on appropriate evidence of a disability and information obtained from the student on the impact of their disability and their academic course requirements, the Disability Staff member will identify supports designed to meet the student’s disability support needs. Following the Needs Assessment, the student’s Disability Officer prepares an Individual Learning Educational Needs Summary (LENS) detailing the Reasonable Accommodations to be implemented. The information outlined in the LENS is communicated to the relevant School via the student record in SITS.

Co-curricular Activities

Data Protection
Please note that due to data protection requirements Staff in the School of Social Sciences and Philosophy cannot discuss individual students with parents/guardians or other family members.
As the University considers students, even if they are not yet 18, to have the maturity to give consent for the use of their data, in normal circumstances, the University will not disclose personal data to the parents, guardians or other representatives of a student without the student’s consent. The University’s preference is to receive written consent by way of email from the student where possible. Without such consent the University will not release any details regarding students including details of their registration, attendance, results, fee payments etc.

Trinity College Dublin uses personal data relating to students for a variety of purposes. We are careful to comply with our obligations under data protection laws, you can find further information on how we obtain, use and disclose student data here: [https://www.tcd.ie/info_compliance/data-protection/student-data/](https://www.tcd.ie/info_compliance/data-protection/student-data/)
Section 2 - Joint Honors Sociology

This section provides information on the Department of Sociology and the Joint Honours Sociology programme.

The JH Sociology programme \textit{JH Sociology} allows students to study two subjects to degree level with advanced specialisation in Sociology or both subjects depending on module choices. In addition, students learn invaluable analytical, communication, research and presentation skills – transferable skills which can be applied to a wide range of careers and postgraduate programmes.

Learning Outcomes

- understand the processes and mechanisms through which group membership influences social behaviour and outcomes
- have an appreciation of the contribution of classical sociological thinkers
- have a critical understanding of the theoretical models used in the social sciences
- have an understanding of the range of sociological research methods and when and how to successfully deploy each to best effect
- be able to test social science theories using empirical evidence to evaluate social science research questions
- adopt a comparative, research-informed approach to academic essays and project work
- have an appreciation of the manner in which sociological understanding can be applied to contemporary issues both in Ireland and internationally

Graduate Attributes

The Trinity Graduate Attributes represent the qualities, skills, and behaviors that you will have the opportunity to develop as a Trinity student over your entire university experience, not only in the classroom, but also through engagement in co- and extra-curricular activities (such as summer work placements, internships, or volunteering).

The four Trinity Graduate Attributes are:

- To Think Independently
- To Act Responsibly
- To Develop Continuously
- To Communicate Effectively

Why are the Graduate Attributes important?

The Trinity Graduate Attributes will enhance your personal, professional, and intellectual development. They will also help to prepare you for lifelong learning and for the challenges of living and working in an increasingly complex and changing world. The Graduate Attributes will enhance your employability. Whilst your degree remains fundamental, also being able to demonstrate these Graduate Attributes will help you to differentiate yourself as they encapsulate the kinds of transversal skills and abilities, which employers are looking for.
How will I develop these Graduate Attributes?
Many of these Graduate Attributes are developed over the course of your programme of study. They are embedded in the curriculum and in assessments, for example, giving presentations and engaging in group work. You will also develop them through the co-curricular and extra-curricular activities. If you help to run a club or society you will be improving your leadership skills, or if you play a sport you are building your communication and team-work skills.

Having concentrated on and developed expertise in two disciplines and developed numerous analytical skills, this degree confers the insights and skills to pursue careers in a variety of areas including public administration, finance, journalism, and consultancy. Today employers highly prize the versatility, commitment, and skills needed to become proficient in two disciplines.

Sociology opens up a wide range of opportunities. Many Sociology graduates have gone on to postgraduate study both at Trinity College Dublin and other leading universities around the world such as University College London, Kings College London, the University of Oxford, the University of Cambridge and the University of Edinburgh.

Sociology graduates find that their broad training and appreciation of how society and people work means they can thrive in careers in the media, journalism, consulting academia and teaching, policy analysis, non-governmental organisations, management and advisory roles in the public service.

Module Registration and Timetable

NB The Department reserves the right to amend the list of available modules. Timetabling may restrict the availability of modules to individual students.

Module Choice Registration
This handbook outlines your module requirements for each year and gives details of module prerequisites and programme requirements. Some of your modules may be core (you have to take them) and others are optional/approved. It is your responsibility to ensure that you:

- take modules amounting to 60 ECTS during an academic year;
- that your selected modules meet the programme requirements;
- and that you meet the prerequisites for your chosen modules.

Module enrolment will take place through mytcd.ie

Lecture Timetable
Lecture timetables are published to student portals my.tcd.ie at least one week before the beginning of the academic year (how to access your timetable). Once you are registered, you can view your timetable on your student portal. The onus is on you to check your timetable at regular intervals to identify any changes to venues or lecture times. It is imperative that students, at the beginning of the Academic year, check for any clashing of modules that may be occurring, not just in the Michaelmas term, but through into the Hilary term.

Capstone
Every student at Trinity will have the opportunity to do a Capstone Project or equivalent as part of their undergraduate programme. The capstone project is the common element across all degree exit routes and is weighted at 20 ECTS. It requires a significant level of independent research by the student. It is an integrative exercise that allows students to showcase skills and knowledge which they have developed across a range of subject areas and across their four years of study. It should result in the production of a significant piece of original work by the student. It should provide them with the opportunity to demonstrate their attainment of the graduate attributes. For more information on Capstone please visit: https://www.tcd.ie/TEP/capstone.php.

Prerequisites for Sociology Capstone

**Senior Freshman**

- SOU22061 Social Theory 1
- SOU22062 Social Theory 2
- SOU22011 Introduction to Social Research 1
- SOU22012 Introduction to Social Research 2

**Junior Sophister**

- SOU33122 Researching Society 1

The maximum period for such study is one academic year and the minimum period is three months. Arrangements governing specific exchange programmes are made by the school, department or course office concerned. See https://www.tcd.ie/ssp/undergraduate/study-abroad/ for more information.

Section 4 - Academic Conduct and Progression

This section focuses on academic requirements, progressions regulations, absence from examinations, academic integrity and provides guidance on the School of Social Sciences and Philosophy marking scale.

Attendance Requirements

Registering Modules and Sitting Examinations

You must register your final module choices through your mytcd portal before the start of teaching term in order to appear on module listings.

Coursework and Attendance at Classes

You are required to attend classes and submit assessment work in all modules. A student may be deemed non-satisfactory in a term when more than a third of required work/attendance in that term is missed. Any student who is deemed non-satisfactory in each of the two terms may, in accordance with the regulations laid down by the University Council, be refused permission to take examinations in that year.

To be allowed to sit the ordinary examinations you must have paid the relevant College annual fees and must be in good standing. There is no examination fee payable. There is no notice required of intention to take an examination (the Scholarship examination is an exception to this).

Absence from Examinations

Students who may be prevented from sitting an examination or examinations (or any part thereof) due to illness should seek, through their tutor, permission from the Senior Lecturer in advance of the examination session to defer the examination/s to the reassessment session. Students who have commenced the examination session and are prevented from completing the session due to illness should seek, through their tutor, permission from the Senior Lecturer to defer the outstanding examination/s to the reassessment session.

Where such permission is sought, it must be appropriately evidenced:

a) For illness: medical certificates must state that the student is unfit to sit examinations/complete assessment and specify the date(s) of the illness and the dates on which the student is not fit to sit examinations/complete assessment. Medical certificates must be submitted to the student’s tutor within three days of the beginning of the period of absence from the assessment/examination.

b) For other grave cause: appropriate evidence must be submitted to the student’s tutor within three days of the beginning of the period of absence from the assessment/examination.

Where illness occurs during the writing of an examination paper, it should be reported immediately to the chief invigilator. The student will then be escorted to the College Health Centre. Every effort will be made to assist the student to complete the writing of the examination paper.
Where an examination/assessment has been completed, retrospective withdrawal will not be granted by the Senior Lecturer nor will medical certificates be accepted in explanation for poor performance.

If protracted illness prevents students from taking the prescribed assessment components, so that they cannot rise into the next class, they may withdraw from College for a period of convalescence, provided that appropriate medical certificates are submitted to the Senior Lecturer. If they return to College in the succeeding academic year they must normally register for the year in full in order to fulfil the requirements of their class. Where appropriate please see the regulations governing fitness to practice.

Where the effects of a disability prevent a student from taking the prescribed assessment components, so that they cannot rise into the next class, the Senior Lecturer may permit the student to withdraw from College for a period of time provided that appropriate evidence has been submitted to the Disability Service. If they return to College in the succeeding academic year they must normally register for the year in full in order to fulfil the requirements of their class.

The nature of non-standard examination accommodations, and their appropriateness for individual students, will be approved by the Senior Lecturer in line with the Council-approved policy on reasonable accommodations. Any reports provided by the College’s Disability Service, Health Service or Student Counselling Service will be strictly confidential.

**Reassessment**

Any assignment or coursework due to be submitted at the reassessment session (regardless of the reason e.g. permission to defer etc.) must be submitted by the deadline set by the lecturer and by the start of the reassessment exam session at the latest. Coursework or assignments submitted after this date will not be accepted or marked.

**Progression Regulations**

For College progression regulations please reference the College Calendar at: [http://www.tcd.ie/calendar/undergraduate-studies/general-regulations-and-information.pdf](http://www.tcd.ie/calendar/undergraduate-studies/general-regulations-and-information.pdf)

**Publication of Results**

Publication of results take place on dates as specified and agreed by the Joint Honours Programme Committee. Results are published to your Student Portal my.tcd.ie.

**Re-checks**

You are entitled to discuss your performance with examiners after your results have been published. Having discussed your performance with the examiner(s) and ascertained that the mark in question was correctly calculated, you may ask that their results be re-considered if they have reason to believe

a) that the examination paper contained questions on modules which were not part of the module prescribed for the examination, or

b) that bias was shown by an examiner in marking the script.
Through your tutor, you may appeal to the Senior Lecturer. In submitting your case, you should state under which of (a) or (b) above the request is being made. If a mark is revised, the Director of the JH Sociology programme will be notified of the mark change by the relevant Director of Undergraduate Teaching and Learning of the School. The Director will, by reference to the JH Sociology Programme conventions, and with the permission of the Senior Lecturer, amend the relevant module result(s) and overall grade as appropriate.

Appeals
Please see the College Appeals Policy at: http://www.tcd.ie/teaching-learning/assets/pdf/academicpolicies/Appeals%20Policy.pdf

Awards
All Joint Honors students on successful completion of the JS year, if they choose not to continue their studies, may be awarded an Ordinary Degree in their JS year. Any SS student who is registered, sits and fails their SS year, may also have this result, in their SS year. This is only given at Course level.

Further Information is available on the College website at https://www.tcd.ie/TSM/current/exam/regulations.php

Transcripts
Transcript requests may be made by contacting sociology@tcd.ie.

Transcripts will include the set of grades that permit students to rise with their year and the set of grades that forms the basis of the award of the degree. The transcript will make explicit whether or not one or two sittings were required (however supplemental in a paper for which there was a deferral permitted from the annual session is not considered a separate sitting) and whether or not a year is repeated. The grades achieved on the second sitting will be clearly indicated. Where more than one sitting was required an overall grade will always be recorded as a Pass/Fail.

The Scholarship Examination is an exception to the above. The examination will not be reflected on the student transcript unless the student has obtained Scholarship, in which case such information, if requested, shall appear (by way of asterisk and explanation) below the grades for Senior Freshman year.

Transcripts are never issued to a third party, such as a parent or prospective employer without the consent of the person named on the transcript.
Plagiarism and Referencing Guide

If you copy another student’s essay, engage someone to write your work, quote material from any published or electronic source without acknowledgement, or extensively paraphrase such material without acknowledgement, you have committed the offence of plagiarism. A mark of zero may be awarded.

The College’s definition of plagiarism and specification of its consequences can be viewed here [http://tcd-ie.libguides.com/plagiarism](http://tcd-ie.libguides.com/plagiarism). These guidelines are designed to help you to understand what plagiarism is and to employ the principles of academic integrity so as to avoid plagiarising. They also set out the regulations in Trinity relating to plagiarism offences and how they are dealt with. The College Calendar defines plagiarism, gives examples of the kinds of actions that are deemed to constitute plagiarism, and elaborates on the procedures for dealing with plagiarism cases. It is essential that you read the Calendar entry that is relevant to you as an undergraduate student.

The guidelines also contain materials and advice on citation styles which are used to reference properly. You should familiarise yourself with the content of these pages. Specific examples of referencing conventions in the Department of Sociology are contained at the end of this handbook.

Plagiarism is considered a very serious offence within the Department of Sociology. All students must complete the [Ready Steady Write plagiarism tutorial](http://tcd-ie.libguides.com/plagiarism/ready-steady-write) and sign a declaration when submitting course work, whether in hard or soft copy or via Blackboard, confirming that you understand what plagiarism is and have completed the tutorial.

Plagiarism Declaration

Each coversheet that is attached to submitted work should contain the following completed declaration:

"I have read and I understand the plagiarism provisions in the General Regulations of the University Calendar for the current year, found at [http://www.tcd.ie/calendar](http://www.tcd.ie/calendar). I have also completed the Online Tutorial on avoiding plagiarism ‘Ready Steady Write’, located at [http://tcd-ie.libguides.com/plagiarism/ready-steady-write](http://tcd-ie.libguides.com/plagiarism/ready-steady-write)."

If you read the information on plagiarism, complete the tutorial and still have difficulty understanding what plagiarism is and how to avoid it, please seek advice from your College tutor, your Course Director, your supervisor, or from [Student Learning Development](http://www.tcd.ie/)."
of the suggested dates and times it will be possible for them to attend. If the student does not agree to attend such a meeting, the DUTL, or designate, may refer the case directly to the Junior Dean, who will interview the student and may implement the procedures as referred to under conduct and college regulations.

If the DUTL, or designate, forms the view that plagiarism has taken place, he/she must decide if the offence can be dealt with under the summary procedure set out below. In order for this summary procedure to be followed, all parties attending the informal meeting above must state their agreement in writing to the DUTL, or designate.

If the offence can be dealt with under the summary procedure, the DUTL, or designate, will recommend one of the following penalties:

**Level 1:** Student receives an informal verbal warning. The piece of work in question is inadmissible. The student is required to rephrase and correctly reference all plagiarised elements. Other content should not be altered. The resubmitted work will be assessed and marked without penalty. The DUTL should inform the course director and where appropriate the course office. The offence is recorded.

**Level 2:** Student receives a formal written warning. The piece of work in question is inadmissible. The student is required to rephrase and correctly reference all plagiarised elements. Other content should not be altered. The resubmitted work will receive a reduced or capped mark depending on the seriousness/extent of plagiarism. In the case of a Level 2 offence, the Senior Lecturer must be notified and requested to approve the recommended penalty. The DUTL should inform the course director and where appropriate the course office. The offence is recorded.

**Level 3:** Student receives a formal written warning. The piece of work in question is inadmissible. There is no opportunity for resubmission, with corrections. Instead, the student is required to submit a new piece of work as a reassessment during the next available session. Provided the work is of a passing standard, both the assessment mark and the overall module mark will be capped at the pass mark. Discretion lies with the Senior Lecturer in cases where there is no standard opportunity for a supplemental assessment under applicable course regulations. In the case of a Level 3 offence, the Senior Lecturer must be notified and requested to approve the recommended penalty. The Senior Lecturer will inform the Junior Dean accordingly. The Junior Dean may nevertheless implement the procedures as referred to under conduct and college regulations. The DUTL should inform the course director and where appropriate the course office. The offence is recorded.

**Level 4:** If the case cannot normally be dealt with under the summary procedures, it is deemed to be a Level 4 offence and will be referred directly to the Junior Dean. Nothing provided for under the summary procedure diminishes or prejudices the disciplinary powers of the Junior Dean under the 2010 Consolidated Statutes.
Marking Scale
The Trinity marking scale can be referenced in the College Calendar: http://www.tcd.ie/calendar/undergraduate-studies/general-regulations-and-information.pdf

School of Social Sciences and Philosophy Marking Scale

First class Honors  1  70-100

First class Honors in the School of Social Sciences and Philosophy and the School of Social Work and Social Policy is divided into grade bands which represent excellent, outstanding and extraordinary performances.

A first class answer demonstrates a comprehensive and accurate answer to the question, which exhibits a detailed knowledge of the relevant material as well as a broad base of knowledge. Theory and evidence will be well integrated and the selection of sources, ideas, methods or techniques will be well judged and appropriately organised to address the relevant issue or problem. It will demonstrate a high level of ability to evaluate and integrate information and ideas, to deal with knowledge in a critical way, and to reason and argue in a logical way.

70-78 EXCELLENT

First class answers (excellent) demonstrate a number of the following criteria:

- comprehensiveness and accuracy;
- clarity of argument and quality of expression;
- excellent structure and organization;
- integration of a range of relevant materials;
- evidence of wide reading;
- critical evaluation;
- lacks errors of any significant kind;
- shows some original connections of concepts and theories;
- contains reasoned argument and comes to a logical conclusion.

This answer does not demonstrate outstanding performance in terms of independence and originality.

79-84 OUTSTANDING

In addition to the above criteria, an outstanding answer will show frequent original treatment of material. Work at this level shows independence of judgement, exhibits sound critical thinking. It will frequently demonstrate characteristics such as imagination, originality and creativity.

This answer does not demonstrate exceptional performance in terms of insight and contribution to new knowledge.

85-100 EXTRAORDINARY
This answer is of a standard far in excess of what is expected of an undergraduate student. It will show frequent originality of thought, a sophisticated insight into the subject and make new connections between pieces of evidence beyond those presented in lectures. It demonstrates an ability to apply learning to new situations and to solve problems.

What differentiates a first class piece of work from one awarded an upper second is a greater lucidity, a greater independence of judgement, a greater depth of insight and degree of originality, more evidence of an ability to integrate material, and evidence of a greater breadth of reading and research.

Second Class, First Division II.1 60-69

An upper second class answer generally shows a sound understanding of both the basic principles and relevant details, supported by examples, which are demonstrably well understood, and which are presented in a coherent and logical fashion. The answer should be well presented, display some analytical ability and contain no major errors of omissions. Not necessarily excellent in any area.

Upper second class answers cover a wider band of students. Such answers are clearly highly competent and typically possess the following qualities:

- accurate and well-informed;
- comprehensive;
- well-organised and structured;
- evidence of reading;
- a sound grasp of basic principles;
- understanding of the relevant details;
- succinct and cogent presentation; and
- evaluation of material although these evaluations may be derivative.

One essential aspect of an upper second class answer is that it must have completely dealt with the question asked by the examiner. In questions:

- all the major issues and most of the minor issues must have been identified;
- the application of basic principles must be accurate and comprehensive; and
- there should be a conclusion that weighs up the pros and cons of the arguments.

Second Class, Second Division II.2 50-59

A substantially correct answer which shows an understanding of the basic principles.

Lower second class answers display an acceptable level of competence, as indicated by the following qualities:

- generally accurate;
• an adequate answer to the question based largely on textbooks and lecture notes;
• clearly presentation; and
• no real development of arguments.

Third Class Honors  III  40-49

A basic understanding of the main issues if not necessarily coherently or correctly presented.

Third class answers demonstrate some knowledge of understanding of the general area but a third class answer tends to be weak in the following ways:

• descriptive only;
• does not answer the question directly;
• misses key points of information and interpretation
• contains serious inaccuracies;
• sparse coverage of material; and
• assertions not supported by argument or evidence.

Fail  F1  30-39

Answers in the range usually contain some appropriate material (poorly organised) and some evidence that the student has attended lectures and done a bare minimum of reading. The characteristics of a fail grade include:

• misunderstanding of basic material;
• failure to answer the question set;
• totally inadequate information; and
• incoherent presentation.

Bad Fail  F2  0-29

Answers in this range contain virtually no appropriate material and an inadequate understanding of basic concepts.
Feedback and Evaluation
Evaluation of courses and their constituent modules is an important component of College's commitment towards improving the quality of teaching and the support of learning. To this end, all undergraduate modules that are taught by the School of Social Sciences and Philosophy are evaluated on a twice-yearly basis using an online survey. The survey is anonymous and the results are used in reviewing and improving aspects of each module and its delivery. We particularly want to hear what students think was good about a module and what needs to be improved.

All results for each survey are collated and made available to the lecturer who taught the module, the Head of Department, the Head of School, the School’s Director Undergraduate Teaching and Learning and the School Manager. Teaching Assistants receive their feedback through communication with the course lecturer. Department and School averages are made available to members of the School. Student feedback forms an important part of the evaluation and review process.

In addition, the results may also be referred to by lecturers in the nomination of Teaching Assistants for the Dermot McAleese Teaching Award. This is an annual award which is presented to one outstanding Teaching Assistant in each of the School’s four disciplines. The nominations are reviewed by a committee in each department as well as the six members of the School Undergraduate Committee. The award has been made possible thanks to the generosity of School alumni.

Reference and Citation Style
In order to maintain academic integrity in your module submissions in the Department of Sociology, please follow a ‘Harvard’ style, examples of which are given below.

Citation within the text: Please use the author, year: page method:

English perceptions integrate sexuality with blackness, the devil and the judgement of God who had originally created man not only ‘Angelike’ but ‘white’ (Jordan, 1974: 23).

If you are citing more than three lines, please indent your quotation. Otherwise, bracket quotations within single quotation marks, using double quotation marks for a quote within a quote.

Citing one author, more than one publication: (Walby, 1986; 1990).

Citing two publications for one author, in the same year: (Yuval-Davis, 1997a; 1997b)

Citing more than one author, one publication for each: (Rogers, 1980; Moore, 1988).

Citing co-authorship/editorship: (for two authors/editors: Donald and Rattansi, 1992; for more than two authors/editors: Modood et al, 1997).

Citations in the reference list:

List all works cited, alphabetically, at the end of your essay, under the heading ‘References.’ List authors’ last names first (and quoting their initial or full first names).
Books list author’s (or editor’s) name, year of publication, title of book (in italics), place of publication, publishers:

Chapters in books, list author’s name, year of publication, title of chapter, in editor’s name, title of book (in italics), place of publication, publisher:

Articles in journals, list author’s name, year of publication, title of paper, name of journal (in italics), vol / no: pp:

Referencing online sources: In the text, cite an electronic document as you would any other document (using the author-date style). For the reference list: include the URL for the article or for the journal’s home page (if the article is available only by subscription or the URL is very long):

NOTE: When you have retrieved an article from a newspaper’s searchable Web site, give the URL for the site, not for the exact source:

Footnotes: Please keep footnotes to a minimum and do not use footnotes for referencing.

Using statistics: All statistics used in an essay must also be referenced.
