Section 1 – General Programme Information

Welcome from the Programme Director

Dear Student,

Welcome to the Sociology Joint Honors programme, and I hope that you are enjoying First week at Trinity College.

The Joint Honors programme combines the study of two disciplines, offering students a multitude of degree options across college. While mastering two subjects can at times be challenging, it is highly rewarding.

This Handbook aims to provide as much information as possible on your programme structure, module options, and college regulations. Please do not hesitate to contact the programme administrator, Fiona McIntyre (sociology@tcd.ie). Your individual timetable, containing both your lecture and tutorial group information, will be available to you via your online student portal at my.tcd.ie when you complete your programme registration.

I wish you the best for this next four years. I hope it is an enjoyable experience, and the beginning of an enduring relationship for you and Trinity College Dublin.

Best wishes,

Dr David Landy

Programme Coordinator, Joint Honors Sociology

They are the liaison to the Fire, Garda and Ambulance services and all staff and students are advised to always telephone extension 1999 (+353 1 896 1999) in case of an emergency. Should you require any emergency or rescue services on campus, you must contact Security Services. This includes chemical spills, personal injury or first aid assistance. It is recommended that all students save at least one emergency contact in their phone under ICE (In Case of Emergency).

Data Protection

Please note that due to data protection requirements Staff in the School of Social Sciences and Philosophy cannot discuss individual students with parents/guardians or other family members.

As the University considers students, even if they are not yet 18, to have the maturity to give consent for the use of their data, in normal circumstances, the University will not disclose personal data to the parents, guardians or other representatives of a student without the student's consent. The University's preference is to receive written consent by way of email from the student where possible. Without such consent the University will not release any details regarding students including details of their registration, attendance, results, fee payments etc.

Trinity College Dublin uses personal data relating to students for a variety of purposes. We are careful to comply with our obligations under data protection laws, you can find further information on how we obtain, use and disclose student data here:

Module Registration and Timetable

Module Registration

It is your responsibility to ensure that you:

- take modules amounting to 60 ECTS during an academic year;
- that your selected modules meet the programme requirements;
- and that you meet the prerequisites for your chosen modules

This handbook outlines your module requirements for each year, and gives details of module prerequisites and programme requirements. Some of your modules may be core (you have to take them) and others are optional/ approved. You register your choice for the following academic year in May, but you can change your mind in the first teaching week of Michaelmas term, bear in mind that lecturers will not be able to make special arrangements for you if you turn up to lectures for the first time in week two: if you have doubts, attend all modules you are thinking about for the first week.

All module choices must be registered with the Programme Administrator so that you will be included on examination lists. You should note that module changes will be subject to availability of places and timetable constraints.

Students in Year 1 of Joint Honors Sociology will be invited during the Trinity Term to register their preferences for Year 2 of their course, including Trinity Electives and Open Modules.

Students will be advised of how they will do this and where they will find relevant module information several weeks before they are invited to register. Timetabling may restrict the availability of modules to individual students.

Lecture Timetable

Lecture Timetables are published to student portals my.tcd.ie at least one week before the beginning of the academic year. How to access your [timetable](#) Once a student is registered, they can view their timetable on their student portal. The onus is on students to check their timetable at regular intervals to identify any changes to venues or lecture times. It is imperative that students, at the beginning of the Academic year, check for any clashing of modules that may be occurring, not just in the Michaelmas term, but through into the Hilary term.

Study Abroad

In Junior Sophister year you may be permitted to satisfy the requirements of the year, in whole or in part, by study abroad under an approved Erasmus or college-wide international exchange programme approved by the Vice-President for Global Relations,

with the assessment at the host university counting as part of your academic record in College. The maximum period for such study is one academic year and the minimum period is three months. Arrangements governing specific exchange programmes are made by the school, department or course office concerned. See <https://www.tcd.ie/ssp/undergraduate/study-abroad/> for more information.

Capstone

Every student at Trinity will have the opportunity to do a Capstone Project or equivalent as part of their undergraduate programme.

The capstone project is the common element across all degree exit routes and is weighted at 20 ECTS. It requires a significant level of independent research by the student. It is an integrative exercise that allows students to showcase skills and knowledge which they have developed across a range of subject areas and across their four years of study. It should result in the production of a significant piece of original work by the student. It should provide them with the opportunity to demonstrate their attainment of the graduate attributes. For more information on Capstone please visit: <https://www.tcd.ie/TEP/capstone.php>.

Plagiarism and Referencing Guide

If you copy another student's essay, engage someone to write your work, quote material from any published or electronic source without acknowledgement, or extensively paraphrase such material without acknowledgement, you have committed the offence of plagiarism. A mark of zero may be awarded.

The College's definition of plagiarism and specification of its consequences can be viewed here <http://tcd-ie.libguides.com/plagiarism>. These webpages are designed to help you to understand what plagiarism is and to employ the principles of academic integrity so as to avoid plagiarising. They also set out the regulations in Trinity relating to plagiarism offences and how they are dealt with. The College Calendar defines plagiarism, gives examples of the kinds of actions that are deemed to constitute plagiarism, and elaborates on the procedures for dealing with plagiarism cases. It is essential that you read the Calendar entry that is relevant to you as an undergraduate or postgraduate student.

The webpages also contain materials and advice on [citation styles](#) which are used to reference properly. You should familiarise yourself with the content of these pages. Your course handbook may also contain specific examples of referencing conventions in your discipline.

All students must complete our [Ready Steady Write plagiarism tutorial](#) and sign a declaration when submitting course work, whether in hard or soft copy or via Blackboard, confirming that you understand what plagiarism is and have completed the tutorial. If you read the information on plagiarism, complete the tutorial and still have difficulty understanding what plagiarism is and how to avoid it, please seek advice from your College tutor, your Course Director, your supervisor, or from [Student Learning Development](#).

Plagiarism Declaration

Each coversheet that is attached to submitted work should contain the following completed declaration:

"I have read and I understand the plagiarism provisions in the General Regulations of the University Calendar for the current year, found at <http://www.tcd.ie/calendar>.

I have also completed the Online Tutorial on avoiding plagiarism 'Ready Steady Write', located at <http://tcd-ie.libguides.com/plagiarism/ready-steady-write>."

Please refer to your relevant School/ Department for the format of essay submission coversheets.

School of Social Sciences and Philosophy Plagiarism Policy

If plagiarism, as referred to in the Calendar

(www.tcd.ie/calendar/undergraduate-studies/general-regulations-and-information.pdf) is suspected, the lecturer informs their HoD and Director of Teaching and Learning (Undergraduate) (DUTL). The DUTL, or their designate, will write to the student, and the student's tutor advising them of the concerns raised. The student and tutor (or representative from the Students' Union) will be invited to attend an informal meeting with the DUTL, or their designate, and the lecturer concerned, in order to put their suspicions to the student and give the student the opportunity to respond. The student will be requested to respond in writing stating his/her agreement to attend such a meeting and confirming on which of the suggested dates and times it will be possible for them to attend. If the student does not agree to attend such a meeting, the DUTL, or designate, may refer the case directly to the Junior Dean, who will interview the student and may implement the procedures as referred to under conduct and college regulations.

If the DUTL, or designate, forms the view that plagiarism has taken place, he/she must decide if the offence can be dealt with under the summary procedure set out below. In order for this summary procedure to be followed, all parties attending the informal meeting above must state their agreement in writing to the DUL, or designate.

If the offence can be dealt with under the summary procedure, the DUTL, or designate, will recommend one of the following penalties:

Level 1: Student receives an informal verbal warning. The piece of work in question is inadmissible. The student is required to rephrase and correctly reference all plagiarised elements. Other content should not be altered. The resubmitted work will be assessed and marked without penalty. The DUTL should inform the course director and where appropriate the course office. The offence is recorded.

Level 2: Student receives a formal written warning. The piece of work in question is inadmissible. The student is required to rephrase and correctly reference all plagiarised elements. Other content should not be altered. The resubmitted work will receive a reduced or capped mark depending on the seriousness/extent of plagiarism. In the case of a Level 2 offence, the Senior Lecturer must be notified and requested to approve the recommended penalty. The DUTL should inform the course director and where appropriate the course office. The offence is recorded.

Level 3: Student receives a formal written warning. The piece of work in question is inadmissible. There is no opportunity for resubmission, with corrections. Instead, the student is required to submit a new piece of work as a reassessment during the next available session. Provided the work is of a passing standard, both the assessment mark and the overall module mark will be capped at the pass mark. Discretion lies with the Senior Lecturer in cases where there is no standard opportunity for a supplemental assessment under applicable course regulations. In the case of a Level 3 offence, the Senior Lecturer must be notified and requested to approve the recommended penalty. The Senior Lecturer will inform the Junior Dean accordingly. The Junior Dean may nevertheless implement the procedures as referred to under conduct and college regulations. The DUTL should inform the course director and where appropriate the course office. The offence is recorded.

Level 4: If the case cannot normally be dealt with under the summary procedures, it is deemed to be a Level 4 offence and will be referred directly to

the Junior Dean. Nothing provided for under the summary procedure diminishes or prejudices the disciplinary powers of the Junior Dean under the 2010 Consolidated Statutes.

ECTS

The European Credit Transfer and Accumulation System (ECTS) is an academic credit system based on the estimated student workload required to achieve the objectives of a module or programme of study. It is designed to enable academic recognition for periods of study, to facilitate student mobility and credit accumulation and transfer. The ECTS is the recommended credit system for higher education in Ireland and across the European Higher Education Area. The ECTS weighting for a module is a measure of the student input or workload required for that module, based on factors such as the number of contact hours, the number and length of written or verbally presented assessment exercises, class preparation and private study time, laboratory classes, examinations, clinical attendance, professional training placements, and so on as appropriate. There is no intrinsic relationship between the credit volume of a module and its level of difficulty. The European norm for fulltime study over one academic year is 60 credits. 1 credit represents 20-25 hours estimated student input, so a 10-credit module will be designed to require 200-250 hours of student input including class contact time, assessments and examinations. ECTS credits are awarded to a student only upon successful completion of the programme year. Progression from one year to the next is determined by the programme regulations. Students who fail a year of their programme will not obtain credit for that year even if they have passed certain component. Exceptions to this rule are one-year and part-year visiting students, who are awarded credit for individual modules successfully completed.

Marking Scale

The Institutional marking scale can be referenced in the College Calendar, here: <http://www.tcd.ie/calendar/undergraduate-studies/general-regulations-and-information.pdf>

School of Social Sciences and Philosophy Marking Scale

First class Honorss I 70-100

First class Honorss in the School of Social Sciences and Philosophy and the School of Social Work and Social Policy is divided into grade bands which represent excellent, outstanding and extraordinary performances.

A first class answer demonstrates a comprehensive and accurate answer to the question, which exhibits a detailed knowledge of the relevant material as well as a broad base of knowledge. Theory and evidence will be well integrated and the selection of sources, ideas, methods or techniques will be well judged and appropriately organised to address the relevant issue or problem. It will demonstrate a high level of ability to evaluate and integrate information and ideas, to deal with knowledge in a critical way, and to reason and argue in a logical way.

70-76 EXCELLENT

First class answers (excellent) demonstrate a number of the following criteria:

- comprehensiveness and accuracy;
- clarity of argument and quality of expression;
- excellent structure and organization;
- integration of a range of relevant materials;
- evidence of wide reading;
- critical evaluation;
- lacks errors of any significant kind;
- shows some original connections of concepts and theories;
- contains reasoned argument and comes to a logical conclusion.

This answer does not demonstrate outstanding performance in terms of independence and originality.

77-84 OUTSTANDING

In addition to the above criteria, an outstanding answer will show frequent original treatment of material. Work at this level shows independence of judgement, exhibits sound critical thinking. It will frequently demonstrate characteristics such as imagination, originality and creativity.

This answer does not demonstrate exceptional performance in terms of insight and contribution to new knowledge.

85-100 EXTRAORDINARY

This answer is of a standard far in excess of what is expected of an undergraduate student. It will show frequent originality of thought, a sophisticated insight into the subject and make new connections between pieces of evidence beyond those presented in lectures. It demonstrates an ability to apply learning to new situations and to solve problems.

What differentiates a first class piece of work from one awarded an upper second is a greater lucidity, a greater independence of judgement, a greater depth of insight and degree of originality, more evidence of an ability to integrate material, and evidence of a greater breadth of reading and research.

----- o -----

Second Class, First Division II.1 60-69

An upper second class answer generally shows a sound understanding of both the basic principles and relevant details, supported by examples, which are demonstrably well understood, and which are presented in a coherent and logical fashion. The answer should be well presented, display some analytical ability and contain no major errors of omissions. Not necessarily excellent in any area.

Upper second class answers cover a wider band of students. Such answers are clearly highly competent and typically possess the following qualities:

- accurate and well-informed;
- comprehensive;
- well-organised and structured;
- evidence of reading;
- a sound grasp of basic principles;
- understanding of the relevant details;
- succinct and cogent presentation; and
- evaluation of material although these evaluations may be derivative.

One essential aspect of an upper second class answer is that it must have completely dealt with the question asked by the examiner. In questions:

- all the major issues and most of the minor issues must have been identified;
- the application of basic principles must be accurate and comprehensive; and
- there should be a conclusion that weighs up the pros and cons of the arguments.

Second Class. Second Division II.2 50-59

A substantially correct answer which shows an understanding of the basic principles.

Lower second class answers display an acceptable level of competence, as indicated by the following qualities:

generally accurate;

- an adequate answer to the question based largely on textbooks and lecture notes;
- clearly presentation; and
- no real development of arguments.

Third Class Honorss III 40-49

A basic understanding of the main issues if not necessarily coherently or correctly presented.

Third class answers demonstrate some knowledge of understanding of the general area but a third class answer tends to be weak in the following ways:

- descriptive only;
- does not answer the question directly;
- misses key points of information and interpretation
- contains serious inaccuracies;
- sparse coverage of material; and
- assertions not supported by argument or evidence.

Fail F1 30-39

Answers in the range usually contain some appropriate material (poorly organised) and some evidence that the student has attended lectures and done a bare minimum of reading. The characteristics of a fail grade include:

- misunderstanding of basic material;
- failure to answer the question set;
- totally inadequate information; and
- incoherent presentation.

----- o -----

Bad Fail F2 0-29

Answers in this range contain virtually no appropriate material and an inadequate understanding of basic concepts.

Progression Regulations

For College progression regulations please reference the College Calendar at: <http://www.tcd.ie/calendar/undergraduate-studies/general-regulations-and-information.pdf>

Publication of Results

Publication of results take place on dates as specified and agreed by the Programme Committee and are advised <http://www.tcd.ie/TSM/current/exam/dates.php> website. Results are published to your Student Portal my.tcd.ie.

Re-checks

You are entitled to discuss your performance with examiners after your results have been published. Having discussed your performance with the examiner(s) and ascertained that the mark in question was correctly calculated, you may ask that their results be re-considered if they have reason to believe

- a. that the examination paper contained questions on modules which were not part of the module prescribed for the examination, or
- b. that bias was shown by an examiner in marking the script.

Through your tutor, you may appeal to the Senior Lecturer. In submitting your case, you should state under which of (a) or (b) above the request is being made. If a mark is revised, the Director of the TSM Sociology programme will be notified of the mark change by the relevant Director of Undergraduate Teaching and Learning of the School. The Director will, by reference to the TSM Sociology Programme conventions, and with the permission of the Senior Lecturer, amend the relevant module result(s) and overall grade as appropriate.

Appeals

Please see the College Appeals Policy at: <http://www.tcd.ie/teaching-learning/assets/pdf/academicpolicies/Appeals%20Policy.pdf>

Transcripts

Transcript requests may be made by contacting sociology@tcd.ie.

Transcripts will include the set of grades that permit students to rise with their year and the set of grades that forms the basis of the award of the degree. The transcript will make explicit whether or not one or two sittings were required (however supplemental in a paper for which there was a deferral permitted from the annual session is not considered a separate sitting) and whether or not a year is repeated. The grades achieved on the second sitting will be clearly indicated. Where more than one sitting was required an overall grade will always be recorded as a Pass/Fail.

The Scholarship Examination is an exception to the above. The examination will not be reflected on the student transcript unless the student has obtained Scholarship, in which case such information, if requested, shall appear (by way of asterisk and explanation) below the grades for Senior Freshman year.

Transcripts are never issued to a third party, such as a parent or prospective employer without the consent of the person named on the transcript.

Awards

All TSM students on successful completion of the JS year, if they choose not to continue their studies, may be awarded an Ordinary Degree in their JS year. Any SS student who is registered, sits and fails their SS year, may also have this result, in their SS year. This is only given at Course level.

Further Information is available on the College website at

Attendance Requirements

Registering Modules and Sitting Examinations

You must register your final module choices with the [Programme Administrator](#) before the end of the first week of the Michaelmas term in order to appear on module listings for examination purposes. You are required to take examinations of all modules for which you are registered unless specially exempted by permission from the Senior Lecturer.

Coursework and Attendance at Classes

You are required to attend classes and submit assessment work in all modules. A student is deemed *non-satisfactory* in a term when more than a third of required work/attendance in that term is missed. Any student who is deemed *non-satisfactory* in each of the two terms may, in accordance with the regulations laid down by the University Council, be refused permission to take examinations in that year.

To be allowed to sit the ordinary examinations you must have paid the relevant College annual fees and must be in good standing. There is no examination fee payable. There is no notice required of intention to take an examination (the Scholarship examination is an exception to this).

Absence from Examinations

Students who may be prevented from sitting an examination or examinations (or any part thereof) due to illness should seek, through their tutor, permission from the Senior Lecturer in advance of the examination session to defer the examination/s to the reassessment session. Students who have commenced the examination session, and are prevented from completing the session due to illness should seek, through their tutor, permission from the Senior Lecturer to defer the outstanding examination/s to the reassessment session.

Where such permission is sought, it must be appropriately evidenced:

- a) For illness: medical certificates must state that the student is unfit to sit examinations/ complete assessment and specify the date(s) of the illness and the dates on which the student is not fit to sit examinations/complete assessment. Medical certificates must be submitted to the student's tutor within three days of the beginning of the period of absence from the assessment/examination.
- b) For other grave cause: appropriate evidence must be submitted to the student's tutor within three days of the beginning of the period of absence from the assessment/examination.

Where illness occurs during the writing of an examination paper, it should be reported immediately to the chief invigilator. The student will then be escorted to the College Health Centre. Every effort will be made to assist the student to complete the writing of the examination paper.

Where an examination/assessment has been completed, retrospective withdrawal will not be granted by the Senior Lecturer nor will medical certificates be accepted in explanation for poor performance.

If protracted illness prevents students from taking the prescribed assessment components, so that they cannot rise into the next class, they may withdraw from College for a period of convalescence, provided that appropriate medical certificates are submitted to the Senior Lecturer. If they return to College in the succeeding academic year they must normally register for the year in full in order to fulfil the requirements of their class. Where appropriate please see the regulations governing fitness to practice.

Where the effects of a disability prevent a student from taking the prescribed assessment components, so that they cannot rise into the next class, the Senior Lecturer may permit the student to withdraw from College for a period of time provided that appropriate evidence has been submitted to the Disability Service. If they return to College in the succeeding academic year they must normally register for the year in full in order to fulfil the requirements of their class.

The nature of non-standard examination accommodations, and their appropriateness for individual students, will be approved by the Senior Lecturer in line with the Council-approved policy on reasonable accommodations. Any reports provided by the College's Disability Service, Health Service or Student Counselling Service will be strictly confidential.

Feedback and Evaluation

School of Social Sciences and Philosophy

Evaluation of courses and their constituent modules is an important component of College's commitment towards improving the quality of teaching and the support of learning. To this end, all undergraduate modules that are taught by the School of Social Sciences and Philosophy are evaluated on a twice-yearly basis using an online survey. The survey is anonymous and the results are used in reviewing and improving aspects of each module and its delivery. We particularly want to hear what students think was good about a module and what needs to be improved.

All results for each survey are collated and made available to the lecturer who taught the module, the Head of Department, the Head of School, the School's Director Undergraduate Teaching and Learning and the School Manager. Teaching Assistants receive their feedback through communication with the course lecturer. Department and School averages are made available to members of the School. Student feedback forms an important part of the evaluation and review process.

In addition, the results may also be referred to by lecturers in the nomination of Teaching Assistants for the Dermot McAleese Teaching Award. This is an annual award which is presented to one outstanding Teaching Assistant in each of the School's four disciplines. The nominations are reviewed by a committee in each department as well as the six members of the School Undergraduate Committee. The award has been made possible thanks to the generosity of School alumni.

Finally, in order to recognise good teaching within our School, the School Executive has taken a decision to publish the names of modules/lecturers of the 'top 3 highest ranked modules' and 'the highest ranked module with over 100 students' within each Department. The results can be found here:

<http://www.tcd.ie/ssp/undergraduate/student-evaluations/>
