(2019 *Financial Times* ranking)

HEC Paris has a long-standing reputation for the quality of its programs and the placement of its graduates.

Our approach to management is based on:

- A perfect balance between theory and practice, hard skills and soft skills, with both reputable researchers and professional experts teaching in all our programs
- A strong involvement of numerous corporate partners throughout the year: companies-sponsored Certificates, Consultancy projects, Seminars, Business games,...
- An active and powerful Alumni network: 60,000 worldwide.

The Master in Management – Grande Ecole Program is accessible to all Trinity College Dublin students who are at least in the 3rd year of their Bachelor. The first phase of HEC Paris' Master in Management – Grande Ecole Program completes the final year of their Bachelor.

At HEC Paris, Trinity College Dublin students follow the two phases of the Master in Management program, which enable them to acquire both an excellent grounding in general management (1st phase) and expertise in a specific field (2nd phase, with specializations offered in Finance, Strategic Management, Marketing, Economics, Sustainability and Social Innovation...).

We firmly believe this combination is the determining factor in training future leaders and making a lasting impact on the careers of our students.
