College Exchanges

What you need to know:

Your course requirements: BESS/PPES/TSM(TJH)

- What are you required to take to fulfil your required coursework?

What modules are you allowed to take at the host university?

- There are MANY Economics is luckily available in most places, but you need to check both our info on the TCD page as well as at the potential college.

NB: I am happy to advise on college-wide exchange choices. Given the volume I can't keep up on all of the details for them so the more research you've done in this regard the more I can help you make decisions!

How to get the fastest email response

The general rule of thumb is to give me as much information as possible. I don't need a long email, but if you give me:

- Your course details (eg. BESS joint honors Economics and Business).
- The exchange in question
- Specific questions

Then I'll usually be able to answer your email without having to go look too many things up.
