The adoption of broader criteria for college admission – using a process called holistic admissions – will send a clear message to the young people of Ireland the gates of Trinity and all universities are open wider than ever before to those who bring excellence in all its forms.

- Dr William R. Fitzsimmons, Dean of Admissions and Financial Aid at Harvard, speaking at the launch of the feasibility study, 14 January 2013.
THE NEW ADMISSIONS ROUTE

‘THE BEST APPROACH [IN A FAIR ADMISSIONS SYSTEM] IS NOT TO USE A SINGLE INDICATOR OR SCORE. IT IS BETTER TO USE A COMPREHENSIVE SET OF PREDICTORS IN THE HOPE THAT THE WEAKNESSES OF ONE MIGHT BE COMPENSATED BY THE STRENGTHS OF ANOTHER’.

Key points

- There are a total of 25 places available through this new route: 10 in History (TR003), 10 in Law (TR004) and 5 in Ancient and Medieval History and Culture (TR028);
- Trinity is looking to reward potential alongside academic ability, a key factor which is not always recognised in the current system;
- All personal information will be removed from applications before they are considered by the Trinity Review Panel;
- Applicants can opt-out of the feasibility study if they wish;
- A key objective is to encourage students to apply for courses they might never have considered before because they thought the points were too high;
- There are no interviews.

Applicants are advised not to seek assistance with completing the Trinity Application Form from Guidance Counselors, parents or other family members to give a clearer sense of each individual. Please note that Trinity College has advised Guidance Counselors not to draft or edit applications.

The majority of places on the three courses involved will be filled in the traditional way using Leaving Certificate points alone. Applicants to the three courses involved in the study will have the option of using the new admissions route, or opting out of the study, in which case they will be considered for the remaining places in the normal way on the basis of CAO points. Offers via the Trinity Admissions Feasibility Study will only be made in Round 1.

The three modalities which will be used to assess applicants in the study are as follows:

(a) Leaving Certificate results;

(b) Relative Performance Rank (RPR) – the performance of the applicant relative to other applicants from their school. This scale looks at the performance of the applicant in the Leaving Certificate compared to every other Leaving Certificate candidate in their school in that year. Students sitting the Leaving Certificate as External Candidates will be assessed relative to the school with which they were last registered;

(c) Personal and Contextual Data – provided via supplementary materials submitted by the applicant. Names of applicants, any identifying information, and the names of schools attended, will be made completely anonymous before being evaluated by the review panels.
What Trinity is looking for

Trinity is looking for students with academic ability and potential from all over the country – students whose real, overall ability is not always captured in a single points total. The key advice to applicants is to be honest in their application, and write it themselves. Trinity is not evaluating grammar, vocabulary, or writing style. It is looking for an honest piece of self-reflection by the applicant, what they would like to study, and why. If an applicant gets a relative, teacher, or friend, to write the application for them it breaches the terms of the application. In addition, it would not be in the best interests of the applicant as it would not be what the review panels are looking for and so would prove counter-productive.

How the applications will be evaluated

All applications will be evaluated at a number of stages, including by a formal review panel.

Applicants must submit the personal statement online. The personal statement will be evaluated by expert reviewers and used as a qualifier. Qualifying personal statements will be those which the expert reviewers score a 1, 2, 3 or 4 on a scale of 1 to 6. Applicants whose personal statements qualify according to the above will proceed to the next stage. It is not possible to inform applicants that they have or have not proceeded to the next stage until such times as all place offers have been made. Where plagiarism is detected, the application will be disqualified. Incomplete application forms will also result in disqualification.

In the scoring process, the Leaving Certificate results and the Relative Performance Rank will be weighted equally to rank the candidates in order. The process will also be reviewed at each stage to ensure that it has been anonymous and free from any external influence.

Trinity Feasibility Study

What is The Trinity Feasibility Study in Admissions?
The Trinity Feasibility Study aims to identify and admit students who are enthusiastic and passionate about learning, motivated and suitable for their chosen courses, and with the academic ability and potential to be inspired by everything that Trinity College Dublin has to offer. It uses a range of materials to make an assessment about the academic ability and potential of each applicant, aiming to match the right person to the right course. It is very important that you complete this application independently of your school Guidance Counsellor, parent or other family member so that the Trinity College Assessment Panel gets a clearer sense of you as an individual. Trinity College has advised Guidance Counsellors not to become directly involved in drafting or editing individual applications. All applications will be made completely anonymous before evaluation.

The majority of places on each course will be filled in the traditional way using CAO points alone. Twenty-five places are set aside for this study and these places will be filled using a combination of Leaving Certificate results, Relative Performance Rank (RPR), and information provided in the Trinity Application Form. The courses involved in the study are: History (TR003) – 10 places; Law (TR004) – 10 places; Ancient and Medieval History and Culture (TR028) – 5 places. Relative Performance Rank refers to your academic ranking within the Leaving Certificate cohort in your school when results are published. Further information on the study and guidelines for applicants are available at: https://www.tcd.ie/study/apply/alternative-paths-to-trinity/
