Why Ireland?

Ireland is a member of the European Union and is located in the North Atlantic beside the UK. Ireland is an English-speaking country with a young, vibrant population. It boasts a unique combination of cosmopolitan cities, breath-taking scenery, idyllic countryside and historic sites. The country is a European hub for innovation and industry with global companies such as Google, Facebook, Microsoft, Intel, Pfizer and HP based here.

Ireland has been renowned for its people, music, literature and art for centuries. It is world-famous for its friendly citizens and warm welcomes.

Your University, Your City

Trinity’s is a unique, walled campus located in the heart of one of the most popular and safest cities in the world. Dublin is a vibrant, young and multicultural European capital, which ranks as the 37th best student city in the world (QS World’s Best Student Cities 2019).

Everything the city has to offer is easily accessible to Trinity students from shops, restaurants and coffee shops to theatres, museums and clubs, ensuring that there is always something exciting for students to enjoy. If you want to take time out to relax in nature, the city’s parks (including Phoenix Park, one of the largest urban parks in Europe), an easily accessible coastline, beaches and the Dublin Mountains are all close by.

Dublin Innovation District

Trinity’s location is also advantageous when you are looking for a job. Dublin’s Innovation District, the ‘Silicon Docks’ is within walking distance, as is the International Financial Services Centre, and a large number of other businesses and organisations which have their Irish headquarters in Dublin. Dublin is also home to many global corporations across a range of sectors.

Be at the Centre of Things

Trinity’s central location makes it highly accessible for all forms of public transport: Trinity has its own LUAS (tram) station, there is a DART (Dublin’s suburban rail system) station opposite the campus and a large number of Dublin’s bus services pass by the University. Dublin airport is 13km (8 miles) from the campus and is directly accessible via bus or taxi.

Jakeline Diógenes – Brazil

Postgraduate: Digital Marketing

“I chose Trinity because it is one of the oldest colleges in the country, is also consistently ranked among the best and for Dublin’s reputation on the international stage. Tech companies such as Google, Facebook and LinkedIn are established here, they all have digital marketing departments and I hope to be a part of one of their teams someday.”

Undergraduate Electives

Trinity aims to provide the broadest possible education and encourages its students to develop their critical thinking by taking an Elective outside their main disciplines. Trinity Electives are available to students from disciplines across the University. Each course will release sufficient credit to enable students to select their Trinity Elective modules. The suite of Trinity Electives will link to the University’s current strategic research themes, broaden student knowledge of key societal challenges or cover languages and cultures.

Below are some of Trinity’s electives:

- The Art of the Megacity
- Cancer: The Patient Journey
- Chinese Language and Culture
- Cultures and Societies of the Middle East and North Africa
- Design Thinking
- Emergence of Technologies
- Energy in the 21st Century
- Engaging in the Digital World
- The EthicsLab: Responsible Action in the Real World
- From Planets to the Cosmos
- Irish Language and Culture
- Toolkit for a Smart and Sustainable World
- Vaccines - Friend or Foe?

Find out more at: www.tcd.ie/courses/undergraduate/trinity-electives/electives

Open Modules

Open Modules are modules that are taught as part of other programmes but are complementary and related to your own programme of study. Choosing Open Modules will allow you to broaden your perspective on your core discipline(s) through exposure to knowledge, skills and ways of thinking associated with related fields. Open Modules will provide you with a wealth of opportunities to enrich the study of your core curriculum and to develop the Trinity Graduate Attributes. Find out more at: www.tcd.ie/courses/undergraduate/trinity-electives/electives

Understanding Ireland Programme

Trinity also provides the Understanding Ireland Smart Start Programme, which offers international students a fantastic foundation for settling into their time at Trinity. The week-long programme is unique in providing both an orientation to life in Trinity and an academic introduction to understanding Irish culture – all before normal teaching begins. To read more about the programme, please visit: www.tcd.ie/study/international/pre-session-programmes

Admission opens for Non-EU Applicants on 1 November 2021

Blake Stephens – South Africa
Undergraduate: Law and Political Science

“Trinity is not only a world class institution, but is also an experience that immediately gives a sense of comfort and homelessness. Dublin always has something going on and is easily traversable on foot or by bicycle, making it a perfect student city. Ireland is steeped in history and lore that is palpable and tangible everywhere one goes.”

To find out more visit: www.tcd.ie/courses/undergraduate/trinity-electives/electives
Joint Honours/Single Honours Degrees

For Arts, Humanities and Social Sciences students with multiple academic interests, a Joint Honours (JH) degree programme is available. Joint Honours entry courses provide you with an opportunity to study two subjects to obtain an award in both subjects at graduation. Choosing a single honours course, you will focus on one subject throughout your time at Trinity. Find out more at: www.tcd.ie/courses/undergraduate/your-trinity-pathways.

Flexible Pathways of Study

We recognise that students’ interests evolve over time. The pathways below give you the flexibility to focus or expand your domains of interest over your years at Trinity.

Single Honours

- Single Honours Award in Subject
- Major in Subject
- Minor in a New Subject

Joint Honours

- Single Honours in Subject 1
- Major in Subject 1 + Minor in Subject 2
- Joint Honours: Subject 1 & Subject 2

Key Dates for Entry

September 2022

Applications are due to open on 01 November 2021. Applications for most courses close in June 2022 (some courses close earlier, such as Medicine, Dental Science and Acting). Find out more at: www.tcd.ie/international/how-to-apply

Trinity accepts documents through Naviance and Scoir

Trinity does not use the Common App or UCAS.

How to Apply

1. Go to www.tcd.ie/courses and find the course you’re interested in.
2. Read the user guide for non-EU applicants: www.tcd.ie/study/international/how-to-apply or watch our how to apply video https://bit.ly/HowToApplyTrinity
3. Apply by selecting the ‘Non-EU Application’ link under the course description. You can save your application and return to it, but remember to submit it when you’re finished!
4. When applying to Trinity you must also include a personal statement. This is 500 words on why you are considering Trinity and the specific course you have chosen, how you see yourself contributing to the Trinity community and what you see yourself doing with your degree. As part of the application process you will also have to provide us with references. Please provide email addresses for one counsellor and one teacher and make sure your referees know to expect a direct email request from Trinity.
Admissions Guide for non-EU Undergraduate Applications

Trinity College Dublin, the University of Dublin, welcomes applications from students from all over the world. What we look for in your application depends on the education system you are coming from, as well as the Trinity programme you are applying for. This guide will help you to identify what the requirements will be for you.

To be admitted to an undergraduate programme at Trinity, you must meet four categories of requirement:

1. Minimum entry requirements for the University
2. Subject-specific requirements for the programme
3. Overall competitive requirements for the programme
4. Additional requirements

1. Minimum Entry Requirements for the University

Minimum entry requirements are the basic criteria you must meet to be considered for admission to Trinity. This includes a full set of 6 valid subjects from your high school or secondary examination system. If you did not study 6 subjects in your final year of high school, you can use additional subjects from Year 10 or later.

You must also have pass grades in **English** and **Mathematics** at Year 10 or later. Year 10 is equivalent to the GCE Ordinary Level, Indian Standard 10, High School 10th Grade, etc.

Most applicants must also have a pass grade in a **language other than English** at Year 10 (GCE Ordinary Level, High School 10th Grade, etc.) or later. This requirement may not apply to applicants who need a standardised English language qualification (e.g. TOEFL, IELTS, Pearson test of English, see 4. Additional Requirements, below) because they received their high school or secondary education in a country where English is not the primary language.

For more details on Minimum Entry Requirements for the Leaving Certificate or A-levels, see [www.tcd.ie/study/apply/admission-requirements/undergraduate](http://www.tcd.ie/study/apply/admission-requirements/undergraduate)

2. Subject-Specific Requirements for the Programme

Some programmes require that you have studied specific subjects in your high school or secondary education and achieved certain grades in those subjects. For example, Theoretical Physics requires both Mathematics and Physics, whereas programmes like Psychology or Law have no specific subject requirements.

To see what subjects are required for each programme, see Table 4. To see what subjects are included in the Science Groups (A, B, C and D), refer to Table 2.

Subject requirements have a level 1 to 5, representing the grade required. To see what these levels mean in your examination system, see Table 1. If your examination system is not listed on this table, please contact [international@tcd.ie](mailto:international@tcd.ie), and check if it is accepted for admission to the Trinity International Foundation Programme (see Trinity International Foundation Programme section, page 18).

3. Overall Competitive Requirements for the Programme

To meet the competitive requirements for a programme, the overall result in your final high school or secondary examinations must meet a certain band: 1, 2 or 3. To see what these bands mean in your system, refer to Table 3. Some examination systems have an additional “Special” band if they are accepted for admission to restricted programmes: Medicine and Dental Science.

You can see which band applies to each programme in Table 4.

If your examination system is not on Table 3, please contact [international@tcd.ie](mailto:international@tcd.ie), and check if it is accepted for admission to the Trinity International Foundation Programme (see Trinity International Foundation Programme section, page 18).

Trinity College Dublin, the University of Dublin, welcomes applications from students from all over the world.

**English Language Requirement**

All applicants must present a qualification in the English language. Certain high school/secondary examinations meet this requirement (I. to VI. below). Applicants who have done other high school/secondary examinations will need to present an international standardised English language qualification (see points VII. to XII.).

- **High School/Secondary Examination:**
  - I. Irish Leaving Certificate: a grade 6 or better in ordinary level English.
  - II. GCSE: a grade C/5 or better in English language.
  - III. US High School: a grade C in English taken in final year.
  - IV. International Baccalaureate: English A1, A2 or B: SL4 if presenting IB through English, HL5 if presenting through French or Spanish.
  - V. Hong Kong, HKDSE: Level 4 or better in English Language.
  - VI. Malaysia, SPM: Grade C or better in English 1119.

**International Standardised English Language Qualifications:**

- VII. TOEFL: Paper-based 570 (with a TWE score of 4.5) or Computer-based 233 (with a score of 4.5 in essay) or Internet-based 90 (with a written score of 21).
- VIII. Cambridge Proficiency: grade C.
- IX. Cambridge Advanced: grade A.
- X. IELTS (academic version): 6.5 (no individual band below 6).
  - For Dental programmes and Clinical Speech and Language Studies: 7 (no individual band below 7).
- XI. Pearson Test of English (Academic): a minimum score of 63 (with no Communication Skills section score below 59).
- XII. Duolingo English Test: minimum overall score of 110/160 with no section score below 100 dated since January 2020.

**Age Requirement:** Applicants seeking admission in 2022 must have a date of birth before 15 January 2006.

**Garda Vetting:** Students applying for these programmes will be required to undergo Garda (Police) vetting and will have to provide police clearance documentation from the countries and states in which they have resided.

**Health Screening:** Offers of admission to these programmes are made subject to certain vaccination requirements and/or certain negative test results.

**Fitness to Practice:** Professional programmes demand that certain core competencies are met by students in order to graduate and practice professionally after qualification. Trinity has special responsibility to ensure that students admitted to professional programmes will be eligible for registration by the relevant professional body upon graduation.

**Trinity International Foundation Programme**

Students who do not meet the requirements for direct entry to an undergraduate programme at Trinity may apply for the Trinity International Foundation Programme, see Page 20 for more information.

**Pre-sessional English Programme**

If you have not achieved the required score on one of the International Standardised English Language Qualifications mentioned above, you may be able to join our Pre-sessional English Programme. Find out more at: www.tcd.ie/slscs/english/trinity_pre-sessional_programme

Undergraduate and Master’s degrees in Pharmacy, Ph.D. in Population Health & Human Factors

“I decided to study Pharmacy at Trinity as Ireland is known as a huge European hub for pharmaceutical industry and research. I found the course content challenging yet very rewarding. The supportive network of academics and friends that I find myself in also made the Trinity journey all the more enjoyable and exciting.”

Two Degrees • Two Universities • Four Years

The Dual BA between Trinity and Columbia University offers students an international educational experience across two continents and at two world-class universities. Students graduate from the Dual BA with two degrees, one from Trinity and one from Columbia. Programs are available in both the Faculty of Arts, Humanities, and Social Sciences and in the Faculty of Science, Technology, Engineering and Mathematics. During your studies, years one and two are spent at Trinity and the final two years at Columbia.

Admissions
Applicants to the Dual BA Program apply by 2 January for fall enrolment. The admissions process includes a review of the applicant’s academic history, letters of recommendation, a personal essay, and an interview conducted in English. Interested applicants are encouraged to preview a PDF version of the application (for reference use only) before starting an application. Applications will be reviewed by a joint committee featuring admissions representatives from both Columbia and Trinity.

The Dual BA Program is adopting a test-optional policy (SAT/ACT) for the fall of 2022. For further information visit: tcd.gs.columbia.edu

Interviews
Applicants will receive an update on their application status by early March. Those invited for an interview will be prompted to schedule a time to meet with the admissions committee either in person in New York, Dublin or via teleconference. Any student deemed eligible for EU fee status should also apply to Trinity through the Central Applications Office (CAO) www.cao.ie

The International Foundation Programme is a year long pre-university programme aimed at students who have the drive and ambition to attend a world-class university however cannot begin an international undergraduate degree directly.

The programme is delivered at the campus of Trinity’s associated college, Marino Institute of Education, where excellent student facilities and on-site accommodation are available. The Marino campus is a 15-minute journey from Dublin city centre.

Students who successfully complete the Trinity International Foundation Programme and achieve the required grades are guaranteed entry into their chosen undergraduate degree stream the following academic year. Some programmes may also require an interview or audition for successful progression.

How Does it Work?
- Trinity International Foundation Programme accepted students are also given a conditional offer to study as an undergraduate at Trinity in the following academic year.
- During the Foundation year students study English language, mathematics, critical thinking, communication skills, as well as subject-specific courses in their chosen stream.

Zhongyuan Liu – China
International Foundation Programme (IFP)

“I chose the IFP so I could develop my English in a supportive and encouraging environment. Through my experience of studying at Trinity I have made new friends, learned a lot about the culture and improved my English greatly. I chose Trinity because of its very long history and the many inspirational people who have studied here. There is a great atmosphere throughout the university and the campus is beautiful.”

Admissions Guide for Postgraduate Applications

Application Process
Entry to Irish universities is competitive, and no graduate applicant, from Ireland or any other country has an automatic right to admission. Most courses at Trinity have a restricted number of places available for postgraduate students.

The range of studies on offer is vast and the standard set for postgraduate study is exceptionally high. This combination, together with the range of ancillary facilities in the immediate vicinity of the University, offers an almost unparalleled learning experience to all postgraduate students.

Online Applications
All course information and online application details are available at www.tcd.ie/courses/postgraduate

To apply to a course, find the course page from the link above, and click Apply.

Throughout the application and admission process, communications between Trinity and the applicant will primarily be via online messaging within the my.tcd.ie portal, and via email. Please note that incomplete applications cannot be processed. Applicants should make all reasonable effort prior to registration to ensure that the course/programme they are registering for meets their expectations by:

- Accessing all information available on the courses website www.tcd.ie/courses/postgraduate and the specific school/course web pages linked on this site.
- Setting up your user account on my.tcd.ie applicant portal.
- The applicant portal will allow you to send and receive communications in respect of your application to Trinity. You will be able to track the progress of your application at every stage of the admissions process; update your personal information, view decisions made on your application(s) and accept or refuse any offers you may receive.

Entry Requirements
Postgraduate study in Trinity is academically challenging and as a result the University has high academic entry requirements. Applicants will need to:

- Hold at least a 2.1 honours degree from an Irish university or equivalent result from a university in another country
- Meet the English language requirements

Some courses may require higher academic entry requirements. A result the University has high regard for admission. Most courses at Trinity are registering for meets their expectations by:

Supporting Documents
When you apply for a postgraduate course online, you will have the option to upload your supporting documents. The following information is required before a decision can be made on your application:

- Two Academic References (or where appropriate clinical referees)
- Academic transcript(s) which must be certified by the issuing body. Please note that graduates of Trinity do not need to provide academic transcripts or certified copies of degree certificates
- Certified copy of degree certificate(s)
- Valid passport
- An application fee of €55
- A recognised certificate of English language competency if English is not your first language. (See English language requirements).
- You may also be required to submit further documents e.g. a sample of work in support of your application/ additional test results such as GMAT etc. If this is necessary for a decision to be made on your application, the document will become a mandatory part of your application.

Admission opens on 1 November 2021

English Language Requirements
All applicants whose first language is not English and who have not been educated through the medium of English must present one of the following qualifications in the English language:

- IELTS: Grade 6.5 overall.
- University of Cambridge Proficiency Certificate, Grade C or better (CEFR Level C1 or C2).
- Advanced Certificate, Grade C or better (CEFR Level C1 or C2).

Alena Evtueva – Russia
Postgraduate: Leadership and Management in Education

“Trinity is attractive for its fresh approach to education and the capability to provide both practical and theoretical knowledge. My first positive experience at Trinity started with the Freshers’ Week and Orientation. I was amazed by the variety of clubs and societies that were introduced to students and the atmosphere, which made me feel like home.”
Postgraduate Research
at Trinity College Dublin, the University of Dublin

Trinity is recognised as one of the world’s leading research-intensive universities and its research continues to address issues of global, societal and economic importance.

Trinity has research strengths that span the Sciences, Medicine, Engineering, Business Arts and Humanities, a spectrum that is mirrored by our broad range of taught postgraduate courses and research opportunities at masters and doctorate level.

Applying for a Master’s by Research or Ph.D. at Trinity

As a truly international university, we welcome applications from prospective postgraduate students globally and we hope you will consider choosing Trinity for your postgraduate research.

1. Find a Potential Academic Supervisor

As Ireland’s leading university for research Trinity offers ample opportunities for postgraduate research. To find out more you should explore Trinity’s research areas and determine your subject area of interest. The next step is to make contact with academic staff in relevant fields and identify a potential supervisor. To assist you with both steps, the Trinity website is comprehensive and features all relevant information about our research activities, as well as full research profiles of our staff.

Trinity Research: www.tcd.ie/research
Research by Faculty: www.tcd.ie/structure
Search for expertise: www.tcd.ie/research/people

2. Make Contact with Potential Academic Supervisor

Contact potential academic supervisors with a brief research proposal or idea, demonstrating your interest and relevant experience in the research area. If an academic staff member is willing to support your application for a Ph.D. position, they will direct you to the school’s online application page. Please note that some schools at Trinity have specific guidelines for applying for a Ph.D. position. It is important to check the Schools’ webpage for any additional information at: www.tcd.ie/courses/postgraduate/research/az.php

3. Submit your Application

You will need to submit your application following the guidelines given to you by your potential supervisor. Your application will need to include a detailed research proposal, as well as transcripts, proof of English proficiency, CV and any other relevant document. Your application is then reviewed by the relevant School. The Dean of Graduate Studies conducts the final review and issues approval subsequent to meeting all criteria. All students undertaking a research degree are assigned to a single supervisor, though for some research degree are assigned to a single supervisor, though for some schools at Trinity have specific guidelines for applying for a Ph.D. position. 4. Explore Funding Opportunities

Once you find an academic willing to supervise your research, they will be best placed to advise you of relevant funding opportunities through Irish and European funding agencies.

Additionally, you may also:

- Contact scholarship awarding bodies in your home country for possible Ph.D. funding options.
- Trinity offers postgraduate awards which are available only to students intending to register for full-time higher research degrees (i.e. Ph.D.). More information on postgraduate funding and scholarships can be found on our website: www.tcd.ie/structure/research/az.php

They are also responsible for all costs relating to the preparation and submission of their thesis or dissertation such as typing, binding and photography.

Funding and Scholarships

Trinity offers a number of scholarship opportunities to assist students of limited means and reward academic achievement. Students are also encouraged to explore external funding options in their home countries. For more information on available scholarships please see: www.tcd.ie/study/international/scholarships
Accommodation

Trinity is committed to ensuring that all international students have a positive experience while preparing to make the move to Dublin. Whether living in Trinity Hall, in a student residential complex or in private accommodation, this will bring a further dimension to your participation in university life. You will be living with other fellow students and will have greater opportunities for getting involved in many aspects of student and Dublin life while making lifelong friends.

All 1st year non-EU full-degree undergraduate students will be prioritised for accommodation in Trinity-owned or Trinity-recommended accommodation provided students apply by the housing application deadline. There are a range of accommodation options available. Accommodation may include, but is not limited to, Trinity-owned accommodation such as Trinity Hall or Trinity-recommended accommodation at private student complexes. Postgraduate and continuing undergraduate students may apply for accommodation in other Trinity recommended accommodation sites. For further details, see: www.tcd.ie/accommodation

Trinity Hall

Trinity Hall is a first year undergraduate designated off campus residence. Rooms are arranged in self-catering apartments, each typically accommodating six persons and consisting of a mix of single and twin en-suite bedrooms with a large, shared kitchen/living room. Find out more at: www.tcd.ie/accommodation/trinity-hall

Marino Institute

For students on the International Foundation Programme, their accommodation is in the Marino Institute. Find out more at: eber.life/ie/mie

On Main Campus

Rooms on campus are primarily reserved for students in their final year and Trinity Scholars; however, there are a number of rooms on the campus suitable for students who have mobility difficulties and who are capable of independent living. Students may apply for a room once they have accepted a place in Trinity.

Other Options for International Students

For students who do not wish to avail of Trinity owned or Trinity recommended accommodation, an alternative is to seek private rented accommodation, usually sharing an apartment or a house with other students. The Trinity Students Union (TCDSU) Accommodation Advisory Service helps students find accommodation by providing them with advice and access to house-hunting resources. Find out more at: www.tcdsusacommodation.org

Visas

If you are an EU citizen, you do not need a visa to enter and live in Ireland. Some, but not all, non-EU/EEA students require an entry visa for Ireland. We advise students to apply for their visas early. To check if you need a visa, please visit the Immigration Service Delivery webpage below: www.irishimmigration.ie/coming-to-study-in-ireland

It is important to note that all non-EU students, whether visa-required or not, must register with the Immigration Service Delivery for permission to remain in the state. Students must show their offer letter at airport immigration where they will receive a temporary stamp in their passport. They must register with the Immigration Service Delivery within the time limit specified on their temporary stamp.

Applying for a Visa

Students should submit their visa applications using the AVATS facility at: www.irishimmigration.ie. The application will only be processed when the online form is completed and the required documentation, passport photograph and appropriate fee are received by the relevant offices as indicated by the online system. There is a dedicated visa processing office in China, India, Nigeria, Russia, United Arab Emirates and the United Kingdom. Non-EU students resident in these countries, please refer to your local Irish Embassy website for further details or further documentation which may be required.

Please refer to the links below for Visa Guidelines:

► Contact details for embassies can be found here: www.dfa.ie/home/index

► Information on visas and immigration can be found at: www.irishimmigration.ie/coming-to-study-in-ireland

Mandatory Documentation

► It is a requirement for Non-EU students to have private health insurance and you will be required to show evidence. Non-EU students who will be resident in Ireland for a minimum of one academic year may apply to HSE www.hse.ie/eng to be assessed for entitlements to public hospital treatment. Non-EU students staying less than a year do not have any entitlement to free or subsidised health services.

► Proof of sufficient funds to support yourself while in Ireland (bank account statements for six months previously and/or grant/sponsorship letter).

► Your Trinity Visa Letter, showing that you have paid at least 50% of the tuition fee for year 1 of your course. Visa letters can be generated by visiting the my.tcd.ie portal and selecting 'My Applications' and clicking on Generate Visa Letter. If assistance is required please email academic.registry@tcd.ie

International students are advised to use the Pay to Study option to pay fees. The Pay to Study receipt is accepted by the Department of Justice for visa purposes.

► Show evidence of language proficiency. For language requirements please refer to: www.irishimmigration.ie/coming-to-visit-ireland/how-to-apply-for-a-short-stay-c-visit-tourist-visa

► Any other documents as requested by the Immigration Service Delivery or the Irish Embassy through which you are applying. The full list of required documentation is available on the visa and immigration website. See www.irishimmigration.ie/coming-to-visit-ireland/how-to-apply-for-a-short-stay-c-visit-tourist-visa

Checking Your Visa Status

You should generally allow 8 weeks for processing time. You can check online for visa decisions using your visa application number at: www.irishimmigration.ie/visa-decisions. When your visa is approved, the Embassy to which you sent your documents will affix a visa to your passport.

Trinity Global staff provide information to prospective international students on the visa and immigration process for Ireland. Find out more at: www.tcd.ie/study/international/arriving-in-ireland/visa-immigration/index.php
Career Opportunities

Your Career Journey at Trinity

Our graduates are highly sought after by employers across all sectors and many have gone on to successful careers around the globe. See below for just a few examples of the diverse organisations that have recruited Trinity graduates in recent years. The Trinity Careers Service supports students in exploring their career ambitions for the future and planning how to achieve them.

Eligibility to Work

Non-EU nationals who have permission to undertake undergraduate and postgraduate study in Ireland are entitled to take up casual employment, defined as up to 20 hours part-time work per week or full-time work during vacation periods when their coursework for the year is complete.

On graduation, undergraduate students have the possibility to stay in Ireland to work for one year on the Third Level Graduate Scheme, while eligible postgraduate students can stay for up to two years. This allows students to gain valuable work experience in Ireland across a wide range of industries and organisations. Students may also have the option of remaining in Ireland for a longer period if they are able to secure employment that meets the criteria for a Work Permit. For further information see: www.irishimmigration.ie/my-situation-has-changed-since-i-arrived-in-ireland/third-level-graduate-programme

Innovation and Entrepreneurship

Trinity is committed to empowering our students, enabling them to set up their own companies, realise their potential inside and outside of the lecture theatre, and become entrepreneurially-minded graduates.

As a European leader in student entrepreneurship, Trinity has established Tangent, Trinity’s Ideas Workspace. This world-class facility, co-located within an expanded Trinity Business School, offers students, staff and the wider innovation ecosystem a place to come together to collaborate, build and innovate.

Opportunities include:

- LaunchBox, Tangent’s Student Accelerator
- Tangent Pioneers, International Accelerator Programme
- The Provost’s Innovation Challenge at Tangent
- Undergraduate Certificate in Innovation and Entrepreneurship

Opportunities Abroad

Study, Work and Volunteer Abroad

Trinity is committed to supporting students in gaining an international experience where possible. Many Trinity students study abroad as part of their degree programme and Trinity has partnership agreements with leading universities around the world. Trinity is a long-standing participant in the Erasmus+ Programme for European exchange and has many other international exchange partners in the US, China, Australia, and India as well as elsewhere in Asia, Africa and the Middle East.

Trinity supports students going abroad by offering bursaries such as the Global Mobility Bursary Programme. Find out more: www.tcd.ie/study/study-abroad/outbound/bursary-international.php

I’m now working as an Architectural Historian/ Historic Preservation Specialist at Logan Simpson in the US.”

Short-term Study Abroad: Module Elective

Some courses also have short-term international field trips available as elective modules. For example, final year students in our School of Natural Science can take a module in Tropical Ecology and Conservation. This involves a 11-day residential field course in East Africa at the Great Rift Valley. Watch some of our students talking about their fantastic experiences: https://bit.ly/TrinityElective

Working Abroad

Trinity’s Careers Service works with employers across the world to promote international work experience and job opportunities to Trinity students and graduates. Gaining international experience enhances a student’s employability, helps them to develop new skills and to gain a better understanding of working in an international environment.”
Student Life at Trinity

Immerse yourself in a broad range of sports clubs and student societies and get a real sense of the ‘Trinity Experience’.

Your first days at Trinity

Freshers’ Week

Trinity offers orientation to all new postgraduate and undergraduate students prior to the start of the academic year. This week of orientation is known as Freshers’ Week. There are no classes, so it’s all about meeting your new classmates, student support information sessions, seeing what sports clubs and societies you want to join, meeting your student mentor who will give you a tour of campus and organise social events, meeting your tutor who will provide support to you throughout your years in Trinity, and of course, the Freshers’ Ball.

During Freshers’ Week you can also meet people from the Sports Centre, the Library and Student Supports and Services. These are the services whose job it is to make sure that you get the best out of your time in Trinity.

www.tcd.ie/students/orientation

A specific International Postgraduate Student Orientation takes place before teaching commences. Details are available at: www.tcd.ie/students/orientation/postgraduates

What Happens After Freshers’ Week?

After the excitement of Freshers’ Week, teaching starts and you get a chance to settle into your course. Most classes are a mixture of lectures and tutorials and some have practicals as well. The tutorials are less formal and give you a chance to explore and discuss the topics covered in lectures with your classmates and teaching assistants.

Your class representative and your mentors organise events throughout the year that give you further opportunities to get to know your classmates.

Trinity in Twelve Weeks

The “Trinity in Twelve Weeks” virtual programme aims to continue your orientation during your first semester and help you transition to university life. The programme has a new theme every week, from study and exam skills to how to look after yourself while at university. Your mentors will be in touch with you every week to let you know what the week’s theme is and to arrange events and activities.

“I chose Trinity due to its unique historical legacy. The Old Library containing the Book of Kells and the Campanile are spectacular places on campus. The most enjoyable part of my experience in Ireland is Trinity’s multicultural and multidisciplinary environment. Trinity offers an academic environment where students from various countries and disciplines come together.”

Student Societies

At Trinity, we have 120 student societies which constitute some of the most dynamic and active university student societies in Ireland with everything from the Animation Society to the Zoological Society. We are home to the world’s oldest student societies, the ‘Hist’ or Historical Society founded in 1770 and the ‘Phil’ which is the oldest debating society in the world, founded in 1683, and whose guests have included everyone from Hollywood heavyweights such as Martin Scorsese to International Space Station commander Chris Hadfield. Find out more at: www.trinitysocieties.ie

Student Entertainment

University life is about so much more than just education and nowhere is this more evident than at Trinity. The University sits in the heart of Dublin city where there are endless extracurricular and recreational opportunities. You can immerse yourself in a broad range of sports clubs and student societies and through these activities you will get a real sense of the ‘Trinity Experience’, something that extends far beyond lectures, tutorials and exams.

You will also have the benefit of one of the best Students’ Unions in the country, providing students with a wide range of entertainment and events throughout your time in Trinity.

Sports Clubs

The Sports Centre is where the majority of our fitness classes and programmes take place, seven days a week. Facilities include a 25-metre swimming pool, climbing wall, fully equipped gym with free weights and cardio machines, virtual cycle and a wellness room. Students are automatically members of the Sports Centre. There are small additional costs for some classes. Each year Trinity is proud to offer sports scholarships to international students who demonstrate outstanding ability.

There are 50 sports clubs to choose from including: aikido, badminton, basketball, boxing, climbing, cricket, cycling, equestrian, fencing, Gaelic football, golf, handball, hockey, hurling, judo, karate, kayaking, tennis, rugby, sailing, soccer, squash, surfing and bodyboarding, swimming, table tennis, taekwondo, trampoline, ultimate frisbee, triathlon and volleyball. Find out more at: www.tcd.ie/sport

Restaurants and Coffee Shops on Campus

Students can choose from a wide range of restaurants and coffee shops on campus to suit all tastes and budgets, including:

▶ The modern Buttery Food Court with a hot food counter, deli counter, and gourmet coffee shop.
▶ The Old Dining Hall, where lunch is enjoyed in traditional splendour, but with a student budget in mind.
▶ The Pavilion Bar serving hot food all day, for breakfast, lunch, and dinner.
▶ The Perch café in the Arts Building.
▶ Coffee shops in the Hamilton Building and Aras an Phiarais.
▶ Forum Restaurant is a state-of-the-art dining outlet located in the Trinity Business School. See: www.tcd.ie/catering

An Ghaeilge/The Irish Language

Irish language and culture is a vibrant aspect of campus life and Trinity offers a rich and varied programme of events, as well as learning and social opportunities through Irish for students of all levels of ability. Free Irish classes, from beginners to advanced levels, are offered to all students. For more information, see: www.tcd.ie/gaeolfoig

A Sustainable Campus

Trinity is ranked 14th in the world for global impact in the Times higher Education (THE) rankings 2020 for the implementation of the UN Sustainable Development Goals.

In a world with finite resources, Trinity offers students a variety of ways to learn how to live sustainably, and to develop the kind of innovative thinking and adaptability to enable you to thrive in a rapidly changing world. Trinity’s academics and researchers are global leaders in subjects such as climate change, nature based solutions, biodiversity, environmental science, smart technology and engineering.

Our commitment to sustainability is evidenced in key milestones over the last 15 years, such as:

- Student-led plan to reduce disposable plastics on campus (2018)
- Divestment from fossil fuels, following a student-led campaign (2016)
- Trinity is a Green Flag Campus for the last 8 consecutive years
- 62% reduction in paper use since 2011, 62% reduction in water use since 2006 and 32% increase in energy efficiency since 2006
- 84% of staff and students use sustainable transport (public transport/cycling/walking) to commute
- 85% increase in number of trees at all Trinity sites since 2011.

Students actively participate in imagining, driving and implementing campus sustainability initiatives through the Students' Union, Student Sustainability Network, Green Campus Committee, Young Greens, Vegan Society and the EnviroSoc (Environmental Society) and in the Resident Sustainability Champions programme among other groups. The Students’ Union and Graduate Students’ Union have Environmental Officers devoted to supporting and responding to environmental and sustainability issues.

A Green Week of student-led sustainability events is held each year in February (with 2022 being the 20th year): www.tcd.ie/provost/sustainability/greenweek

Note: subject to COVID-19 restrictions

New to Dublin Programme

The Global Room Ambassadors run this programme at the start of the academic year aimed at undergraduate students who are new to Dublin. The groups meet for a few weeks in the evening during the first term and cover everything from Dublin grocery shopping and public transport to making friends and adjusting to Dublin culture. They also run a ‘Getting to Grips’ programme aimed at postgraduate students.

Get to Know Your Neighbours during Freshers’ Week

Discover Ireland with the International Student Society

The International Student Society promotes communication between the Irish students of Trinity and those coming from abroad and now has over 900 members from over 50 countries. Events include social nights, talks and presentations, film screenings, day trips and weekends away. This is only one of the many international societies on campus.
Career Support for International Students

Career support is available for students looking to gain work experience while studying in Trinity, as well as for students looking to translate their experience in Trinity to a career back home or internationally. The Careers Service provides career guidance, advice and feedback on job applications and interview preparation and organises employer events on campus throughout the academic year. Find out more at: www.tcd.ie/careers/mycareer/students.php

Personal Tutor

As an undergraduate student, you will be assigned a personal tutor (a member of our academic staff). Your personal tutor will then be available throughout your time in Trinity to offer help and advice on topics such as changing course, deferring exams, appeals of progression decisions, taking a year out, financial difficulties as well as family and personal problems. Find out more at: www.tcd.ie/senior_tutor

Student Mentors

All undergraduate students are assigned a Student 2 Student (S2S) mentor during Freshers’ Week. Your mentor will ensure you meet your classmates during Freshers’ week, will show you around the campus and will keep in regular touch, inviting you to events on and off campus. S2S also offers Peer Supporters, students available for one-to-one conversations on request. They’re highly trained, confidential and very approachable. Find out more at: student2student.tcd.ie

Health Service

The Health Service provides primary care medical services for students.
- Student consultations by appointment are free of charge with modest fees for additional services
- There are specialised clinics in physiotherapy, psychiatry, travel health, sexual health, smoking cessation and minor surgery
- It also focuses on the psychological and occupational aspects of student health and health education.

Health Care Provision in Ireland

All EU students from outside the Republic of Ireland pursuing a full degree programme should contact the Health Service Executive for advice regarding healthcare provision at: www.hse.ie

- All EU students should bring with them a European Health Insurance Card issued in their country of origin. Find out more at: ec.europa.eu/social/main
- Non-EU students are not entitled to free national health services in Ireland and are obliged to take out insurance cover for hospitalisation before leaving their home country in order to register with the Immigration Service Delivery. In order to register with the Immigration Service Delivery, as all non-EU students are required to do, you must show proof of health insurance to cover any major medical care necessary during your stay. MSC in Environmental Sciences

“I was attracted by the history of Trinity. Also, living in Dublin and studying at Trinity offers the diversity to live life to the full. The long brilliant tradition in teaching and researching Natural Sciences has made Trinity stand out. Being enrolled in a postgraduate programme in Environmental Sciences is such an honour and pride. It certainly laid a concrete foundation for my future career path.”
