Global Business testimonials

Elizaveta Kuzmicheva
Moscow, Russia

“I considered several courses in Trinity College Dublin, but Global Business seemed like the most fitting place for me. I believe that the ever-improving structure of the course allows students to gain a deep understanding of business concepts and learn to apply them in real careers, whether it is as an entrepreneur, accountant or financial advisor. Being in third year of the degree, it is clear to me that I will come out of college with excellent knowledge in my chosen academic area and be well on my way to becoming a true specialist.”

Jayne Dolan
Dublin, Ireland

“I thought it was a good idea to keep my options open, as I didn’t want to corner myself into a specific career at the age of 18. Global Business allowed me to do this while still giving me the opportunity to gain experience and knowledge in accounting and finance, which is why I chose this course. I also liked the fact that this course takes a specific look at ethics and cultural intelligence. I love travelling and exploring different countries and cultures, so this course was perfect for me, especially because it granted me the opportunity to do an Erasmus in Madrid!”

Muhammad Yousuf Akbar
Karachi, Pakistan

“After researching universities in Europe, I found Trinity College Dublin to be highly reputable and particularly the global business course seemed to be quite interesting and had the potential to grow. I also found out that they have an amazing focus on extracurricular activities particularly the vast variety of societies you can join on arrival. I would definitely recommend studying at Trinity as the exposure I got was inevitable for my learning and success. There are various societies to become part of and Dublin as a whole is a highly vibrant city. The Global Business course also initiates and evolves your entrepreneurial and outside the box thinking skills that are crucial in the world that we are living in now.”
