The University of Dublin

Postgraduate Prospectus

2018

Welcome from the Dean of Graduate Studies

Trinity College Dublin, the University of Dublin is Ireland's leading university, steeped in history with a reputation for excellence in education, research and innovation.

The past year has been a significant one for Trinity. 2017 marked 425 years since the University was founded, and in January of last year Trinity joined the prestigious ranks of the League of European Research Universities (LERU). As the first and only university in Ireland to become a member of Europe's leading network of research-intensive universities, this represented a significant achievement.

Our research strengths span the Natural Sciences; Health sciences such as Medicine, Nursing, Pharmacy and Dentistry; Engineering, Computer Sciences and Mathematics; Business, Law, Psychology as well as other Arts, Humanities and Social Science subjects, a spectrum that is mirrored by our broad range of taught postgraduate courses and research opportunities at master's and doctorate level.

As a research-led university, our students are given the opportunity to work alongside inspiring professors – global leaders in their fields – in a common enterprise of discovery. The Trinity curriculum isn't just about imparting knowledge; it's aimed at developing the critical faculties of the mind, through freedom of expression, willingness to engage in debate, and original research.

Employers worldwide hold Trinity graduates in high esteem. The university has produced generations of outstanding graduates. Some of the most famous people in Irish history have been educated here: writers like Oscar Wilde and Samuel Beckett; scientists like William Rowan Hamilton and E.T.S. Walton, who won the Nobel Prize for splitting the atom; William Campbell, recently awarded the Nobel Prize in Medicine as well as two Irish presidents and many industry leaders and entrepreneurs. As a truly international university, we welcome applications from prospective postgraduate students anywhere in the world.

Trinity's commitment to online education is demonstrated through an increasing number of online postgraduate and continuing professional development (CPD) courses offered; these include the Postgraduate Diploma/MSc in Applied Social Studies, Postgraduate Certificate in Dementia, Postgraduate Certificate/ Diploma in Advanced Radiotherapy Practice, MSc in Managing Risk and System Change, and Postgraduate Certificate in Clinical Exercise, all delivered online. Two new online CPD courses in Legal Training for Child Welfare Practitioners and Dysphagia have also been launched commencing in February 2017. These courses represent the first of many online postgraduate courses Trinity plans to offer over the coming years.

I hope you will consider Trinity as your university of choice for postgraduate study, for an exciting new journey that will open your mind to new experiences, ways of thinking and friendships, many of which will last for a lifetime. And I hope that this prospectus is a useful resource for you as you seek to find the perfect field of postgraduate study to meet your needs and aspirations.

I look forward to welcoming you, as a postgraduate student, to Trinity College Dublin, the University of Dublin.

Professor Neville Cox, Dean of Graduate Studies

Trinity College Dublin, the University of Dublin

The Trinity Education

World class education

Ireland's top university

Research-centred at every level

#Think Trinity

Global citizenship

Flexible career path

At the centre of things

Supportive community

Experience world class education

Trinity education fosters in our students a life-long desire for knowledge and understanding, a capacity for creativity and innovation, cross-cultural awareness and a sense of global citizenship.

- At Trinity, we provide a liberal environment where independence of thought is highly valued and where all are encouraged to achieve their full potential. We believe that creativity is born out of debate and questioning, and we encourage our students to question and challenge the status quo.

- As we have for generations, we will continue to educate our students to be leaders in intellectual, cultural, social, political and economic life. A Trinity Education extends beyond the classroom and embraces co- and extra-curricular activity within the Student Experience, facilitating student internships with multi-national industry partners.

- Trinity promotes diversity and inclusivity, creating a community based on collegiality and where everyone is encouraged to use their talents to realise their potential.

Be in a research-centred environment

At Trinity, you will be given the opportunity to work with and learn from global leaders in research, to benefit from their experience and networks.

- As the only Irish member of the prestigious League of 22 European Research Universities (LERU), Trinity is committed to providing excellence in education and research. We meet the highest standards in learning, innovation and independent critical enquiry, and we win more than 50% of the European Research funding coming into Ireland.

- Staff and students at Trinity conduct research at the frontiers of their disciplines, with exciting interaction between disciplines such as biology and engineering, business and social policy creating new ideas.

Build flexible career paths

In a world of new opportunities, today's graduates need to be adaptable, flexible and innovative.

- Trinity instils in its graduates the confidence and capability to nurture and build a career that may span fields and industries, or address industrial and societal challenges which may not yet exist.

- Trinity has produced generations of outstanding graduates who include Nobel-prize winning scientists, successful entrepreneurs, poets and playwrights. We are committed to a culture of career- readiness, providing an education that will equip you to develop valuable transferable skills.

- Trinity also encourages an entrepreneurial spirit, providing incubation programmes for student-led companies, and has been named as Europe's leading university two years in a row for producing venture- backed entrepreneurs.

GRADUATE ATTRIBUTES

Think
Independently

Communicate
Effectively

Develop
Continuously

Act
Responsibly

Be part of a supportive community

Community is a key element in the Trinity education and every student can benefit from a wide variety of available supports.

- Trinity's sports clubs range from badminton and squash to hockey, rugby, rowing and sailing, GAA, swimming and Ultimate Frisbee. They cater for everyone from social members to Olympic athletes.

- Culture and the Arts are key to Trinity's heritage and are reflected in our student experience. A major highlight of every academic year is the world famous Trinity Ball – Europe's largest private party happens right on campus and plays host to some of the biggest names in world music.

- Student well-being is extremely important at Trinity and we offer dedicated personal support and well-being services. The Graduate Students' Union acts as a voice for the postgraduate student population.

Be at the centre of things

Dublin is a vibrant, multicultural, European capital and Trinity students take full advantage of everything the university and the city have to offer.

- The vibrant social scene in the city and on campus ensures that students enjoy a unique university experience. Trinity's historic campus is situated in the heart of Dublin city centre, with efficient transport links to our teaching hospitals at St James and Tallaght.

- Trinity's main campus of cobbled squares, historic buildings and green playing fields also includes state-of-the-art modern facilities for teaching and research and a sports centre with a climbing wall and swimming pool. The Trinity Library is one of the world's great research libraries. The Science Gallery is a vibrant, international award-winning forum for exploring science through art and public engagement, and some of the country's major research centres in fields such as the Arts and Humanities, Nanoscience and Biomedical Sciences sit side by side with our rich heritage.

- In recent years, Dublin has become a hub for some of the world's leading technology companies, housing the European headquarters of a number of the world's most prominent tech giants. This has led the Docklands area adjacent to Trinity's Enterprise Campus being labelled 'the Silicon Docks'.

Be a global citizen

As a global community, Trinity gives you the opportunity to gain a global perspective, working with people from all parts of the world to address challenges of global consequence.
At Trinity, you will have the opportunity to:

- Interact with students from around the globe. Trinity is home to students from every county in Ireland and more than 120 countries around the world.

- Become an activist in global issues, such as environmental sustainability.

- Engage with societal challenges that impact on global citizenship and society.

- We aim to secure the greatest benefit to the public good through our active participation in the social, economic and cultural life of Dublin, Ireland and the world. Our students are at the heart of that ambition.

Join Ireland's top University

Over the past 425 years, Trinity has developed a reputation as an institution that delivers world-class education, consistently ranking as Ireland's top university.

- Employers worldwide hold Trinity graduates in high esteem. Our current academic staff include world leaders in their fields.

- Some of the most famous people in Irish history have been educated at Trinity and we also celebrate the successes of our more recent graduates: Nobel Prize winners in literature, science and medicine; presidents and world leaders; award-winning actors and film makers; internationally renowned poets and playwrights, entrepreneurs and business leaders.

Why Choose Trinity?

University Rankings

Trinity College Dublin, the University of Dublin is Ireland's top ranked university, and the only Irish university in the world top 100 universities (QS World University Rankings 2017).

International Reputation for Research and Teaching Excellence

Trinity is Ireland's leading university, recognised internationally for excellence in education and research, and most importantly, our graduates are held in high esteem by employers worldwide. Trinity offers an exceptional educational experience centred on a research-inspired curriculum. As a community of staff and students, Trinity brings together world-class experts across all disciplines, and teaching and research become part of the same collaborative experience.

Location

Trinity is situated in the heart of Dublin's city centre, at the centre of the country's transport hub, in a beautiful campus which contains a wonderful mix of modern and historic facilities, including the country's largest research library.

International Reach

Trinity has students and staff from more than 120 different nationalities on campus, making it a truly diverse and international campus.

Student Supports

Supports including Graduate Students' Union, an excellent Careers Advisory Service to help you find employment and an Alumni Career Network to support you after graduation.

Student Life

Trinity offers students an unparalleled experience, with 120 societies and 48 sports clubs. Course specific social events are also arranged for you to get to know your new classmates.

Distinguished Alumni

Over the past four centuries Trinity graduates have played a leading role on the world stage; Nobel prize-winners and presidents of Ireland have attended Trinity or taught there. Physicist and Nobel Laureate Ernest Walton; Samuel Beckett, author of Waiting for Godot; Jonathan Swift, the creator of Gulliver and Bram Stoker, who wrote Dracula, all attended Trinity. In 2015, Trinity Graduate William Campbell received the Nobel Prize in Medicine.

Trinity continues to educate innovative thinkers with the independent and critical-thinking skills that are valued by employers. Graduates from Trinity have founded more venture-backed companies than graduates from any other European university over the past 10 years according to independent research from Pitchbook. Trinity was Europe's highest placed university in Pitchbook's Universities Report for in 2015 and 2016.
Trinity's Location

Established in 1592, Trinity College Dublin, the University of Dublin's historic campus is situated in the heart of Dublin city centre, Ireland. Trinity's 47-acre campus of cobbled squares, historic buildings and green playing fields houses extensive state-of-the-art modern facilities including the Sports Centre, Science Gallery, Nanoscience research centre, Long Room Hub, and the Biomedical Sciences Institute.

Trinity's central location makes it highly accessible for all forms of public transport, such as LUAS (light rail transit) lines, the DART line (Dublin's suburban rail system) and a large number of Dublin's bus routes. The national bus routes are a few minutes' walk away, Dublin's main two train stations are in close proximity, while Dublin airport is 13km (8 miles) from the campus and is directly accessible via bus or taxi.

Dublin has a well-deserved reputation as one of Europe's leading cities for tourism and entertainment. Many of its best cultural, historical and entertainment centres are within easy walking distance of Trinity. The vibrant social scene in the city and on campus ensures that students enjoy a wonderful social life while studying at Trinity.

What our students say

"Trinity is a world-class university with an international reputation. Computer science research at Trinity is world-leading, and benefits from Dublin being a technology hub in Europe (known as "The European Silicon Valley"). Research centres at Trinity have extensive collaborations with the world's leading technology companies, allowing Trinity students to access the latest technology methods applied in practice. It also directly contributes to the ability of Trinity's postgraduate students to develop their research findings into real-world products."

Yu Xu, *PhD in Computer Science* - China

"Coming to Trinity College Dublin is one of the best things that has happened to me. The beauty of the campus is so inspiring and there is always something new to discover as one walks around it. I have been given all the conditions necessary to work on my research. The library resources are great, and the staff around the campus has always been helpful."

Alejandra Nuñez Asomoza, *PhD student at the Centre for English Language Learning and Teaching, School of Linguistic, Speech and Communication Sciences* - Mexico

"My experience in Ireland has been absolutely incredible. I've been constantly amazed by the kindness, familial spirit, and camaraderie that I've encountered - meeting and learning from great mentors, working with great scholars here at Trinity, and growing a lot from each and every experience. It has been fascinating to learn more about the deep history and connections between the United States and Ireland. Programs like the Washington Ireland Program and the Mitchell Scholarship will hopefully continue to build a generation of young leaders that will invest in a fruitful relationship between the two countries."

YRishi Ahuja, *George J. Mitchell Scholarship, Masters of Science in Economics* - United States

Student Life at Trinity

Student Societies

With 120 student societies today, student societies have been an essential part of life at Trinity since the 17th century. The Historical Society (the "Hist") and the Philosophical Society (the "Phil") date back to 1770 and 1684 respectively. www.trinitysocieties.ie

Sports Clubs

We have 48 sports clubs to choose from, ranging from badminton and squash to hockey, rugby, rowing and sailing. Individuals and adventure seekers will also find options in clubs such as climbing and potholing. Get more information at www.ducac.tcdlife.ie.

Sports Facilities

In addition to the rugby, soccer and cricket pitches on campus, there is the Sports Complex which contains a six lane swimming pool with sauna and steam rooms. The pool has a floating floor so the depth can be adjusted to cater for activities from beginners' lessons to scuba training and water polo. Other facilities include three large sports halls, fitness and aerobic studios, reflexology and other holistic treatments. A striking element of the building is the spectacular climbing wall which is visible for almost the entire height of the Sports Complex. The University also hosts outdoor synthetic grass tennis courts, a rifle range, croquet lawn as well as further pitches and a boathouse off campus. www.tcd.ie/sport

Sports Scholarship/Bursary Programme

This scheme aims to support athletes with the highest sporting potential. Financial assistance, physiological and fitness assessment, and personal development can all be provided to qualifying students. www.tcd.ie/sport/scholarship

Theatres, Galleries and Museums

Theatres – Trinity contains four theatres, the Samuel Beckett Theatre, Players Theatre and two theatres in The Lir Academy. During term time the Samuel Beckett Theatre and The Lir's theatres showcase the work of students taking drama and professional acting courses, such as Twelfth Night, Scenes from The Big Picture, Into the Woods, as well as performances directed and designed by some of Ireland's leading theatre practitioners. The Samuel Becket Theatre has hosted visits from some of the most prestigious dance and theatre companies from Ireland, Europe, Asia and the United States.

Science Gallery – Make sure to visit the free, cutting-edge exhibitions and events at Science Gallery on the Trinity campus. The antithesis of the dusty museum, Science Gallery is an ultra-modern, creative space where science and art collide, where white-hot scientific issues are thrashed out and you can have your say. Recent exhibitions include FAIL BETTER, which explored the truth in the old adage "if at first you don't succeed," and BLOOD, which investigated the captivating artistic and scientific qualities of the essential liquid.

Museums – Trinity's Herbarium is the only plant taxonomic research centre in Ireland and one of the few in Europe. The Zoology museum's 30,000 specimens include objects of historic interest such as Baltic glass models, 19th century entomological examples, the extinct Great Auk and a complete skeleton of the Great Irish Elk. The Geology Museum, built in the 19th century, contains 50,000 paleontological specimens, 7,000 mineralogical and 15,000 petrological specimens. The Weingreen Museum houses exhibits dating from 9,000 BC to the crusades in the 13th century AD. The exhibits in the Museum of Biblical Antiquities encompass the entire Mediterranean world from North Africa to the cradle of civilisation in Mesopotamia.

Restaurants and Coffee Shops

Students can choose from a wide range of restaurants and coffee shops to suit all tastes and budgets, including:

- The modern Buttery Food Court with a hot food counter, deli counter, and gourmet coffee shop.

- The Old Dining Hall, where lunch is enjoyed in traditional splendour.

- Gastro Deli: Located in the Hamilton building concourse, it includes a Costa Cafe and a Gastro Deli with delicious made to order sandwiches, panini and wraps and a range of pastries, confectionery and snacks.

- The Perch: Located in the Arts Building adjacent to the Book of Kells exhibition and the Old Library, offering a range of hot and cold beverages, mouth-watering pastries and sandwiches and grab and go food offers. .

- Coffee shops serving Lavazza coffee in Áras an Phiarsaigh and the School of Nursing and Midwifery.

- In addition, Dublin city's wide selection of restaurants, cafés, delis and coffee shops are within a few minutes' walk away.

Accommodation

A limited number of students may be housed in University accommodation, including residences on-campus, at Trinity Hall in Dartry or in rooms managed by nearby colleges. Find out more at www.tcd.ie/accommodation.

Most postgraduate students find accommodation in shared houses or self-catering apartments. Houses and apartments vary in price, depending on size, facilities and location. The best place to look for a place to rent is via the Accommodation Advisory Service at accommodation.tcdsu.org or www.tcdgsu.ie/accommodation.

If you are not offered accommodation by Trinity, or would prefer to live elsewhere, temporary housing of up to a maximum of two weeks can be arranged on the main campus in September, to allow time to search for long-term accommodation. This offer is only available to overseas students. Other universities in Dublin may begin term earlier than Trinity and as a result, if you are seeking accommodation, the earlier you are able to secure accommodation, the more choice you will get in each location and price range.

Student Services

Academic Registry

Academic Registry provides central academic administrative services to assist students with all queries regarding course applications/admission, fees, registration, timetables, examinations and assessments as well as graduation queries. From your initial enquiry to Trinity through to your graduation ceremony, the Academic Registry Service Desk Team will be available to address your queries which can be logged via the homepage of my.tcd.ie clicking on the ASK TCD button and selecting the appropriate enquiry category, by emailing us at academic.registry@tcd.ie, or calling us on +353 (0)1 896 4500.

Careers Advisory Service

The service is there to answer the big question, 'What next?' Plan your future beyond your current course of study with the help of guidance software, skills workshops and personal consultations.

Employment opportunities and information on a wide variety of occupations and employers are available in a specialised library which also contains free directories and guides. www.tcd.ie/careers

Chaplaincy

The chaplains ensure hospitality to all students, irrespective of religious affiliation. The chaplains also gather students and staff for prayer and worship, both ecumenically and according to their respective traditions, and organise various spiritual seminars and religious retreats. www.tcd.ie/chaplaincy

College Health Service

The College Health Service provides GP services for students. Student consultations are free of charge with modest fees for additional services. All EU students should bring with them a European Health Insurance Card issued in their country of origin – this will entitle them to free prescriptions. Non-EU students are not entitled to free national health services in Ireland, and are advised to take out insurance cover for hospitalisation or to extend private health insurance before leaving their home country. Private health insurance cover is also available in Ireland and the student health service can advise you on your options. www.tcd.ie/collegehealth

Day Nursery

The day nursery is open 8am–6pm during the academic term, and 8am–5.15pm outside of academic term. It caters for children aged three months to four and a half years old. There is a fee for this service. There is also a self-supporting student- parent discussion group. This informal group is open to any student who already is, or is about to become, a parent. www.tcd.ie/info/services/daynursery

Disability Service

Trinity is committed to a policy of equal opportunity in education and to ensuring that students with disability have as complete and equitable access to all facets of life at Trinity as can reasonably be provided. The Student Disability Service works closely with academic staff, tutors, administrators and other support services to meet the support requirements of students with any disability. www.tcd.ie/disability

Graduate Students' Union

The Graduate Students' Union serves to protect students' interests and acts as a helpful meeting point. The Union organises a variety of events, receptions and trips each year where postgraduate students can meet to share ideas in a relaxed environment and become more closely involved in life at Trinity. tcdgsu.ie

Postgraduate Advisory Service

The Postgraduate Advisory Service is a unique and confidential service available to all registered postgraduate students. It offers a comprehensive range of academic, pastoral, and professional supports dedicated to enhancing your student experience. If you require specific advice, or would like to arrange a confidential meeting with the dedicated Student Support Officer, you can make an appointment by phoning +353 1 896 1417, or by e-mail pgsupp@tcd.ie. www.tcd.ie/ Senior_Tutor/postgraduateadvisory.

Student Counselling Service

At times of stress or difficulty, whether of an academic or personal nature, Student Counselling is there to help. The service is confidential, professional and free of charge. A learning support psychologist is available to discuss examinations, issues around concentration and study methods. There is also a Peer Support Network which is confidential and based on student-to-student support. www.tcd.ie/student_counselling

Learning Supports

Library

Trinity's library is the largest research library in Ireland. The collections include six million printed volumes, nearly 500,000 electronic books, 80,000 electronic journals, the country's largest collection of maps and printed music, and an extensive collection of manuscripts, and they are all available to every student. The library is not just one building but several, across the campus and in our teaching hospitals.

There are group study rooms, a multimedia resource area, assistive technology suites, Wi-Fi, and staff to help on a one-to-one basis, and by group tours and demonstrations. All the electronic collections are available to students on the internet and books can be reserved, renewed and requested online.

Thousands of visitors come each year to see the Book of Kells and exhibitions in the Long Room, which is one of the most famous library spaces in the world. Admission is free for Trinity students. Find out more about the Library at www.tcd.ie/library.

IT Services for Students

As a student at Trinity, you are provided with a wide range of computer facilities and services, including:

- — Access to hundreds of computers located in over 20 student computer rooms, many of which are open 24 hours a day, seven days a week
- — Fast, secure Wi-Fi across Trinity for your computer, phone or tablet
- — A Trinity Gmail account, which is yours for life
- — E-learning resources for many courses, available in the
- Blackboard Learn system
- — Access to IT support from the IT Services Helpdesk on campus and via e-mail and phone

Find out more at www.tcd.ie/itservices/students

International Students

Trinity College Dublin, the University of Dublin is an international university attracting faculty, students and staff from every continent. Trinity students receive outstanding academic and personal support throughout their time here. Trinity aims to ensure all our students have a positive experience as we educate them to be global citizens and we are proud that postgraduate students continue to come here in significant numbers from around the world. See further information at www.tcd.ie/study.

Employment

Students from countries within the European Union (EU) are free to take up employment under standard EU free movement of labour regulations. However, mixing employment with study is not easy, and it is recommended that students do not arrive from elsewhere in the EU without possessing the financial resources to complete their chosen course of study.

Non-EU nationals who have permission to undertake postgraduate study in Ireland are entitled to take up casual employment, defined as up to 20 hours part-time work per week or full-time work during vacation periods. Furthermore, in order to encourage talented, skilled graduates to pursue careers in Ireland, non-EU nationals are permitted to remain in Ireland for an additional period of 12 months after receipt of results of their final examinations.

During that period, students are able to seek employment and apply for a Green Card or Work Permit, as appropriate. For further information please check the Department of Jobs, Enterprise and Innovation website: www.enterprise.gov.ie

The Work in Ireland Programme (USIT) provides a special work permit for students on the programme, see www.usit.ie. Canadian students are provided with a 12-month permit from Travelcuts in Canada, see www.swap.ca. US students can get a four-month permit from Council Exchanges, see www.ciee. org. The Programme is also available to students from Jamaica, Ghana, Argentina and South Africa. To be eligible, you need to be a full-time student at a third level institution or within six months of graduation. There are a limited number of places available so early application is advisable.

Language Requirements

Students whose first language is not English must provide evidence of competency in this language through one of the well-established international standard tests:

Examinations	Minimum Level Required
IELTS	Grade 6.5
TOEFL	230 – computer based
	570 – paper based
	88 – internet based
Cambridge Certificate	Grade C of Advanced English
Cambridge Certificate	Grade C of Proficiency in English
Pearson Vue English Language Test	Minimum score of 63 to be eligible (with no section score below 59)

Please note that these are the only forms of English Language Certification that we accept.
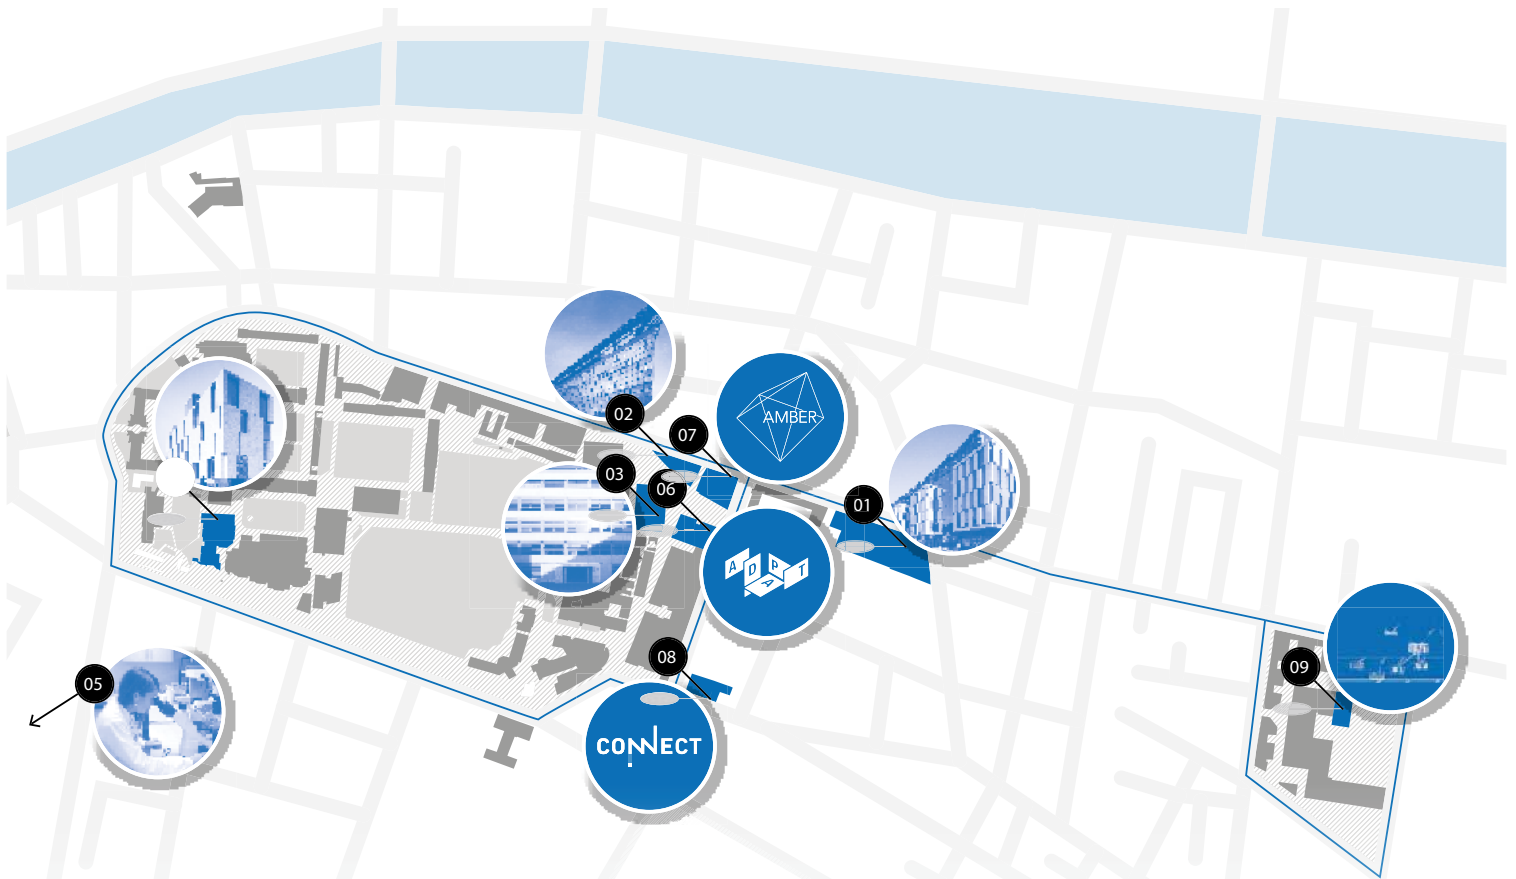

Visa Requirements

If you are a citizen of the European Union (EU), you do not need a visa to enter and live in Ireland. Some, but not all non-EU students require visas to enter Ireland, students from North America are among those who do not require a visa. The list of visa-required countries can be found at the INIS website: www.inis.gov.ie. It is important to note that ALL non-EU students, whether visa-required or not, must register with the GNIB for permission to remain in the state. Students must show their offer letter at airport immigration where they will receive a temporary stamp in their passport. They must register with the GNIB within the time limit specified on their temporary stamp.

Visa-required non-EU students should contact their nearest Irish Embassy or Consulate for information on visa requirements. Visas can take up to 8-10 weeks to process, so please allow sufficient time.

You should apply as early as possible, especially if an Irish visa is required. The Academic Registry does not assist in the processing of visa applications.

All non-EU fee paying students must pay their full tuition fees prior to registration.

Postgraduate Research at Trinity

Trinity College Dublin, the University of Dublin is recognised as one of the world's leading research-intensive universities and its research continues to address issues of global societal and economic importance. The University's research strategy, based on developing multidisciplinary areas in Trinity, has the critical mass of world-class researchers needed to deliver research of global consequence.

Among the priority research themes being addressed by Trinity researchers are ageing, nanoscience and materials, telecommunications, neuroscience, human identity, cancer, international integration, arts practice, and the inclusive society. These are topics that not only address issues of immediate and long-term concern to society but offer opportunities for future economic development. The University's commitment to a research-led education means that our students are exposed to leaders in their discipline, to the latest knowledge and ideas, and to an education that emphasises analytical skills and creative thinking, and gives students an opportunity to develop a broad range of skills by engaging in personal research.

Research is central to the generation of the new disruptive ideas that will underpin future sustainable businesses. The knowledge created by Trinity is critical for the economic development of Ireland as it is for the education on offer to our students.

Trinity's research themes are supported by a set of research institutes that provide the infrastructure needed to support multi-disciplinary research as well as engagement with enterprise and social partners working in partnership with Trinity's twenty-four schools.

Research Institutes and Centres

Trinity has five research institutes. These include:

- Trinity Biomedical Sciences Institute (TBSI) www.tcd.ie/biosciences/

- Centre for Research on Adaptive Nanostructures and Nanodevices (CRANN) www.crann.tcd.ie

- Institute for International Integration Studies (IIIS) www.tcd.ie/iiis

- Trinity Long Room Hub (TLRH) www.tcd.ie/longroomhub

- Trinity College Institute of Neuroscience (TCIN) www.neuroscience.tcd.ie

Further information is available at: www.tcd.ie/research. Other research entities include:

- Trinity Centre for Bioengineering www.tcd.ie/bioengineering

- Trinity Translational Medicine Institute www.tcd.ie/ttmi

- Centre for Global Health www.global-health.tcd.ie

- Centre for Medieval and Renaissance Studies www.tcd.ie/medieval_renaissance

- Centre for Transport Research and Innovation for People (TRIP) www.tcd.ie/transport-research

- Children's Research Centre www.tcd.ie/childrensresearchcentre

- Oscar Wilde Centre www.tcd.ie/owc

- Trinity Irish Art Research Centre (TRIARC) www.tcd.ie/history_of_art/research/centres/triarc

Postgraduate Research Students

Higher degrees by research are normally obtained by carrying out a period of research within the University, under the supervision of a member of Trinity staff, with subsequent submission of a thesis. All doctoral students are registered on a structured Ph.D. and will attend modules, workshops and/or master classes as advised by their supervisor or supervisory panel normally in the first year to eighteen months of registration.

Students' progress is assessed regularly and is judged as satisfactory in a number of different ways in different research areas. Students are advised to find out about the system in place in their area well in advance of registration for their degree.

All students undertaking a research degree are assigned to a single supervisor, though for some students there may also be an additional advisor. The supervisor's role is essentially that of an academic guide and mentor, and students should make suitable arrangements to contact their supervisor as often as is practical and agreeable to both parties.

Applications are submitted online at www.tcd.ie/courses/postgraduate/research/az.php and must include a detailed research proposal. This is reviewed by the relevant School and acceptance is dependent on the quality of the proposal and availability of adequate supervision. The Dean of Graduate Studies then conducts the final review and approval subsequent to meeting all criteria.

Postgraduate Study at Trinity

Funding Opportunities for Research Students

The University offers two types of postgraduate awards which are available only to students intending to register for higher research degrees full-time (i.e. Ph.D.). Ussher Awards are open to applicants from all countries. These prestigious awards are few in number, very competitive, provide significant maintenance and fully cover fees. Postgraduate Studentships, also open to applicants from all countries, are more numerous but equally competitive. They provide a maintenance contribution and full fee coverage.

New entrants to the research register may indicate their application for these awards when applying online. Continuing students may now apply for the Postgraduate Studentship Award. These students should contact their School directly. Please note that only full-time research students are eligible for these awards. All awards are subject to an annual income limit of €18,000 gross, inclusive of the award maintenance, after payment of fees.

Furthermore, throughout the year all Schools offer a number of additional studentships to graduates interested in engaging in research. These are ordinarily advertised on the following websites:

- Research Office website www.tcd.ie/research_innovation/ research (local access only)
- Vacancies website www.tcd.ie/vacancies
- Respective School website www.tcd.ie/structure

Postgraduate Students Undertaking Taught Courses

Postgraduate students on taught programmes normally have to pass a series of examinations and/or assessments in order to make satisfactory progress. Taught courses are available at four levels – Postgraduate Certificate, Diploma, Masters and Practitioner Doctorate. Individual taught courses are described under the appropriate faculty/school in this brochure and additional up to date information is available on the course pages at www.tcd.ie/courses/postgraduate/az

Postgraduate Students Not Reading for a Higher Degree

It is possible to register as a one-year or one-semester postgraduate student not reading for a degree. Students of this status are offered access to on campus facilities and are free to continue their own research, and/or to read courses of interest to them.

Directors of Teaching and Learning (Postgraduate)

There are Directors of Postgraduate Study in each of the Schools who are members of the Graduate Studies Committee. Directors of Teaching and Learning (Postgraduate) in each School are responsible for ensuring that any problems postgraduate students face are attended to.

University Course Regulations

On registration, students are given the University regulations (Calendar Part III), which govern academic progress through the University. In addition, students who undertake a postgraduate taught course will be given a course handbook, which details the specific requirements and regulations governing that course. Students are obliged to familiarise themselves with these regulations.

Teaching Terms

Term dates are available at www.tcd.ie/calendar.

Registration

Registration normally takes place in September as the majority of taught postgraduate courses commence in September of each year. Registration information for new entrants is available online at www.tcd.ie/orientation and all students (new entrants and continuing) must register online annually. Research students may register either in September or in March.

Postgraduate Orientation Day

During registration week, a number of formal and informal events are held to introduce newly enrolled students to life at Trinity; these include postgraduate orientation sessions. Up-to-date information on all orientation activities is available at www.tcd.ie/orientation.

Graduation

Postgraduate degrees, diplomas and certificates are awarded at one of a number of ceremonies throughout the year. Information on these on campus ceremonies is sent to all registered postgraduate students as appropriate.

Fees

An online application fee of €55 per course applied for is required for all taught and research courses.

Fee details for all courses are available at: www.tcd.ie/academicregistry/fees-payments. European Union (EU) and non-EU fees apply as appropriate.

An EU passport or citizenship, including an Irish passport or Irish citizenship, does not grant automatic entitlement to EU fees. An EU application is one made by a person who fulfils one or more of the following criteria:

1. who is ordinarily resident in the EU and who has received full-time further or higher education in the EU for three of the five years immediately preceding admission; or

2. who is ordinarily resident in the EU and has worked full-time in the EU for three of the five years immediately preceding admission; or

3. who holds a passport from an EU state and has received full-time further or higher education in the EU for three of the five years immediately preceding admission.

All other applications are considered to be non-EU applications.

Please note:

- Students who have had periods of residence outside the EU are required to provide documentary evidence to support their claim for EU fee status. This evidence must be presented with the application.

- Your status may not be changed during your programme once you are registered as an EU or non-EU fee paying student.

- EU degree students who are liable for the full annual tuition fee may take the option of paying their annual tuition fees in two instalments. Students classified as non-EU fee paying must pay the full fee before registration. Payment of fees is made online.

- The online application fee is non-refundable.

- Registration can take place only when the required fees have been paid.

Fieldwork Costs, Costs of Preparations of Thesis / Dissertation

Students are personally responsible for the costs involved if they have to undertake fieldwork as part of their postgraduate programme. They are also responsible for all costs relating to preparation and submission of their thesis or dissertation such as typing, binding and photography.

How to Apply

Entry to Irish universities is competitive, and no graduate applicant, from Ireland or any other country has an automatic right to admission. Most courses at Trinity have a restricted number of places available for postgraduate students. The range of studies on offer is vast and the standard set for postgraduate study is exceptionally high. This combination, together with the range of ancillary facilities in the immediate vicinity of the University, offers an almost unparalleled learning experience to all postgraduates.

Online applications

All course information and online application details are available at www.tcd.ie/courses/postgraduate/az. All applications for postgraduate research and taught programmes should be made online by logging on to my.tcd.ie.

Throughout the application and admission process, communications between Trinity and the applicant will primarily be via online messaging within the my.tcd.ie portal, and via email.

Please note that incomplete applications cannot be processed. You should also note that unsuccessful applications will not be returned.

Applicants should make all reasonable effort prior to registration to ensure that the course/programme they are registering for meets their expectations, by:

- contacting the relevant course co-ordinator or prospective supervisor/research director

- accessing all information available on the courses website www.tcd.ie/courses/postgraduate/az and the specific school/course web pages linked on this site.

The information set on these pages is intended as a guide only and shall not be deemed to form a contract between Trinity College Dublin, the University of Dublin and an applicant or any third party.

Contact Us

Academic Registry provides central academic administrative services to assists students with all queries including course applications/admission, fees, registration, and timetables.

Academic Registry

From your initial enquiry to Trinity through to your graduation ceremony, the Academic Registry Service Desk Team will be available to address your queries which can be logged via the home page of my.tcd.ie clicking on the ASK AR button and selecting the appropriate enquiry category, by emailing us at academic.registry@tcd.ie, or calling us on +353 1 896.4500.

School of Business

Trinity Business School offers outstanding students the opportunity to pursue advanced research, leading to the award of an M.Litt., M.Sc., or Ph.D. degree. The Doctoral Degree Programme at Trinity Business School is focused on educating and training postgraduate students for careers in business research and in international business schools.

Currently, there are 55 students enrolled on the Research Degree Programme. The School attracts students with diverse backgrounds from around the world including some who have completed a master's degree in business or management, those who have gained practical experience at a managerial level since completion of an undergraduate degree, and those who work as researchers and lecturers in a university setting.

School of Creative Arts

The School's research outputs are consistent with the highest research activities internationally. More than twenty-five monographs or edited collections by staff have been published by leading academic presses in the past two years. The School's research activities are guided by three core objectives: Ireland & the Arts, Globalisation & the Arts, and Technology & the Arts.

All research students of the School are required to take core classes in Research Methodologies in their first year and to attend the Graduate seminars run by the Schools. The School is committed to training research students for the academic profession. Recent graduates hold permanent lectureships at universities in Ireland, UK, USA, Canada & Brazil. It has a very vibrant international research community and hosts scholars from all over the world in its symposia and conferences, and maintains very active links with the arts professions.

School of English

With three well-established taught postgraduate courses and over 60 research students, the School of English has a vibrant research culture, with opportunities in a wide range of subjects and areas. We especially welcome applications in: medieval and renaissance literature, eighteenth-century literature, Anglo-Irish literature and drama, American literature, popular literature, creative writing, Victorian literature, postcolonial literature, Old English, and children's literature. Research opportunities in all areas are considerably enhanced by Trinity Library. As well being a copyright library, it holds manuscripts and special collections that can form the basis of research projects, particularly in the early period, in Anglo-Irish literature and in children's literature.

School of Languages, Literatures and Cultural Studies

The School's research in literary, language and cultural studies ranges from the medieval to the very contemporary. Well-qualified research students are welcomed in all Schools within the School; enquiries for M.Litt. or Ph.D. research should be made in the first instance to the School or Centre concerned. In addition, a cluster of innovative taught postgraduate degrees offers a broad range of possibilities, leading to research or to professional practice in areas of language, literature and cultural life.
