

Mandarin for the Workplace

International Summer School at University of Nottingham Ningbo China China Experience - Nottingham Expertise

Course description

Our Mandarin for the Workplace summer programme has been carefully designed to empower learners with little or no prior knowledge of Mandarin to develop sufficient language skills and a broad understanding of the modern Chinese workplace. It will also equip learners with lifelong learning skills, strong cross cultural skills and the ability to work with Chinese business partners in mutual understanding.

In class, work will focus on interactive fun activities to develop your confidence and competence in real life communicative situations. Uniquely, this course will include a period of Chinese workplace experience during which you will be able to appreciate the reality of daily work life in China, observe the way in which colleagues in a work place work together and to develop your understanding of how language is used, in professional contexts and to practically apply classroom learning.

We offer three different levels from

absolute beginner to intermediate and work flexibly around individual needs.

This programme has been designed to be taken as a standalone course. Upon successful completion of two progress quizzes and a video presentation at the end of the programme, students may also receive a 10 credit modular award easily transferable into other courses of study.

In business, a little language goes a long way - come and start this journey with us!

Cultural and social activities

The opportunity to travel and experience China is a remarkable one. No other country has as much variety, depth and history. As part of our Summer School we include trips to Shanghai and Hangzhou which will provide you with a fantastic chance to explore this amazing country at a time of rapid change. Apart from trips, cultural activities such as calligraphy, Chinese painting, and Taiji will also be offered to interested students.

"The programme is interesting and insightful providing means to learn both the business and language fundamentals of China."

-----Matthew William Clarke,
2018 Summer School student

Why will you love UNNC?

The University of Nottingham UK opened its China Campus in 2004, becoming the first Sino-foreign university to be approved by Ministry of Education in China. The University of Nottingham Ningbo China (UNNC) offers the best of both worlds - you will have the opportunities to live and study in China, while studying at a campus where the first language is English.

UNNC is located in Ningbo, one of China's major ports and economic centres. Based in Ningbo Higher Education Park, this spacious, modern campus offers first-class amenities, including a library, teaching and IT facilities, accommodation for all students and staff, restaurants and shops, as well as a dedicated sports complex.

On the doorstep of the campus is the vibrant city of Ningbo, a major driver for China's eastern economy. While here, you will have the opportunity to visit Ningbo's cultural sites such as Tianyi Pavilion, stroll down Nan Tang Old Street, and explore its vast shopping areas and diverse nightlife.
