Why Summer at HKU?

Introduction of HKU Summer Institute

HKU Summer Institute was established in 2015, aiming to bring students learning beyond four walls and provide initiatives for them to explore Asia and the world. Summer at HKU is also supplemented with social activities, enrichment workshops and HKU campus life to enrich students’ educational and cultural experiences. It is the best platform to take up intellectual challenges and make new friends from around the world.

The University of Hong Kong
Asia’s Global University

The University of Hong Kong, as an English-medium, research-led, comprehensive university, provides world-class campus-based education in a wide range of academic disciplines to outstanding students. The University is situated in a geographically and culturally unique part of China and has historically sat at the gateway between East and West, pursuing teaching and research which enhances the understanding of Asia in a comparative way.

Hong Kong has it all

Hong Kong is the beating heart of Asia and on mainland China’s doorsteps. It is a city that combines the best of old and new, East and West, whilst leading our ever global and interconnected world. A unique and vibrant metropolis combining business and culture, it is no surprise that Hong Kong is one of the world’s foremost destinations for higher education.

- Entrepreneurship in Creative Industries: 6 credits
- Sex and the City: Sexual Behaviours and Sexual Citizenship: NCB

**Credit Transfer:** You can earn HKU credits (6, 9 or 12) or other credits upon completion of the credit bearing programmes.
The issue of whether globalisation is beneficial remains controversial, particularly because global policies are often examined without consideration of their interactions with key sectors of the economy. HKU Summer Institute aims at enhancing students’ understanding of Asia and its connections with other parts of the world, as well as enriching their international learning experiences.

**Highlighted Programmes**

- **International News:** What Is It, Who Produces It and How? NCB
- **Nature of the Universe:** 6 credits
- **Theories of Justice:** 6 credits
- **War, Peace, and the Natural World:** 6 credits

**Highlighted Programmes**

- **Science and technology** is a multi-faceted field of study which combines learning theories, change-management principles, learning technology, research methods, and pedagogical strategies. Programmes in this theme will enable students to engage critically, and respond actively to issues surrounding scientific and technological advancements.

- **Integrated Laboratory** 6 credits
- **Introduction to Relativity** 6 credits
- **Laboratory Exchange for Undergraduate and Research Postgraduate Students** NCB
