WELCOME FROM THE MATURE STUDENT OFFICER

This is an exciting time as you consider your options and research and identify the many opportunities that Trinity has to offer you.

The University places great value in having a diverse student population. The Mature Student Office is part of the Trinity Access Programmes (TAP). TAP was established in 1993 and its mission is to work in partnership across the education sector and with students, teachers, families, communities and businesses to widen access and participation at third level of under-represented groups.

As the Mature Student Officer, my role is to offer advice and guidance to prospective mature applicants while supporting the integration and success of mature students in Trinity. The University has a great history and tradition of encouraging and welcoming mature students to become part of our community and mature students represent an important and valued cohort in the University.

I invite you to attend our College Awareness Week activities running 20th-26th November 2017; our annual Open Day on Saturday 9th of December 2017; and our Information Evening for Mature Students on Thursday 11th of January 2018 to learn more about our courses and to meet both our staff and students as you make the important decision about taking up full-time study in the future. Please consult our website for up to date information on all events.

I look forward to meeting you at our upcoming events.

AND

- who will have received full-time post primary education

AND/OR

- who has worked fulltime in the EU (see note 2 below)

for three of the five years immediately preceding admission to Trinity

OR

2. who has official refugee status (see note 3 below)

and who has been ordinarily resident in the EU for three of the five years immediately preceding admission to Trinity

COLLEGE FEES

Students who accept an offer of a place will be contacted via the web portal **my.tcd.ie** with regard to the payment of fees due.

Full information on fees can be found at <http://www.tcd.ie/academicregistry/fees-payments/course-fees/>.

RESEARCHING COURSE OPTIONS

It is essential that you devote considerable time and thought to investigating and researching the course(s) you wish to pursue. One of the reasons most frequently cited by students who drop out of college is that they chose the wrong course. It may be that the course did not live up to expectations, that the student was inadequately prepared or that the time and/or financial demands were too great. It is, therefore, important that your decision is made based on facts rather than on impressions.
