4. Please use the names of the subjects (i.e. Philosophy, Geography, French, History, Political Science, etc.) you would like to study. It is **not** sufficient to put *Arts, Humanities, Science*, etc. as this does not indicate the specific subject(s) you wish to apply for. In the case of Science subjects, the following descriptions should be used: Biology, Chemistry, Geography, Geology, Zoology, etc. **Please note:** students who are accepted into modules in Science will take most of their modules in the host department. It will be possible for students to take subsidiary modules in other subjects within Science but they will not be guaranteed a place in practical laboratory modules.
5. Under the section referring to required modules, please do not list modules unless they are an absolute precondition for accepting a place at Trinity College Dublin. If you list modules which are likely to be over-subscribed, or for which the department feels that you are not sufficiently qualified, you may jeopardise your chances of acceptance.
6. Please note that acceptance of your application does not necessarily guarantee acceptance into any particular module, except as provided in note 5. You will not, in any case, finalise your module choices until after you have arrived, enrolled and met with an academic member of staff in the department(s) into which you have been accepted.
7. Please include the number of your European Health Insurance Card. Details may be found at the following website: <http://ec.europa.eu/social/main.jsp?catId=563&langId=en>

If you need further information, please contact the Disability Service <http://www.tcd.ie/disability/> giving details of your disability and of the Schools or Departments in which you wish to follow modules.
9. A student who is making an EU application must provide evidence of full-time post primary/third level education for 3 of the 5 years immediately preceding admission, or evidence of having worked full-time in the EU for 3 years immediately preceding admission.
10. The standard requirement for Visiting Students is a minimum of 45 ECTS credits per Academic Year, which equates to 15 ECTS credits per term. It is important to check with your home university prior to arrival as to what credits that you must take to meet their requirements. Additionally, you must complete all assessments, examinations, laboratory work, etc., associated with each module for which you are registered. If you do not complete the full workload associated with a module, your transcript will be marked 'Incomplete'.
