

Trinity College Dublin

Coláiste na Tríonóide, Baile Átha Cliath

The University of Dublin

Postgraduate Prospectus 2025

A photograph of the Trinity College Dublin Gatehouse, a large stone archway with a clock tower on top, set against a clear sky. The gatehouse is flanked by classical buildings with columns. A paved path leads through the archway, and a few people and bicycles are visible in the foreground.

Trinity College Dublin, the University of Dublin is committed to inspiring the next generation of global citizens and leaders. Ranked 1st in Ireland and 87th in the world, Trinity continues to promote research, foster innovation, and ensure students are at the heart of everything we do.

MARY ROBINSON

Former President of Ireland, United Nations High Commissioner for Human Rights and Trinity Alumna

“ Nobody can go back and start a new beginning, but anyone can start today and make a new ending. ”

Trinity College Dublin

Ireland's Leading University

WATCH VIDEO

Welcome from the Dean of Graduate Studies

Trinity College Dublin, the University of Dublin is Ireland's leading university, ranked 87th in the world*. Our professors with whom you will work are inspiring thought leaders in their fields. Our facilities combine the unique charisma of an age-old university campus with 21st century teaching, learning and research opportunities.

Our postgraduate students, drawn from all parts of the globe, continually inspire us with their diversity, commitment and academic contributions. Our graduates are outstanding and are held in high esteem by employers.

As global citizens they continue to create and drive our future, both nationally and internationally.

We look forward to welcoming you into this vibrant, scholarly community, where you will be challenged to fulfil your potential, both academically and personally in your postgraduate study.

Professor Martine Smith

Dean of Graduate Studies, Trinity College Dublin,
the University of Dublin

* QS World University Rankings 2025.

**Ireland's top-ranked
university, and 87th
in the world**

Why Choose Trinity?

WATCH VIDEO 

WORLD-CLASS EDUCATION

Trinity College Dublin, the University of Dublin is Ireland's top-ranked university and 87th in the world (QS World University Rankings 2025). Our professors lead their fields, contributing to research and academic teaching with real-world impact. Trinity offers a wide range of postgraduate courses across 24 Schools. Find out more at: www.tcd.ie/courses/postgraduate

GRADUATE CAREER OPPORTUNITIES

Ireland is a hub for global employers, including Meta, Google, Microsoft, and Pfizer – and they are part of Trinity's network of 500 enterprise partners. Trinity is also ranked 91st in the world for graduate employability (QS World Employability Rankings 2022) and our students are sought after in many industries. Find out more at: www.tcd.ie/study/international/why-trinity/careers

REPUTATION FOR RESEARCH AND TEACHING EXCELLENCE

Trinity is Ireland's leading university and recognised internationally as a research innovator. We are a member of the League of European Research Universities (LERU), leading institutions uniting global experts across all disciplines for forward-looking and impactful research that inspires our students, within the curriculum and into their postgraduate careers. Find out more at: www.tcd.ie/study/international/why-trinity/research

INTERNATIONAL REACH

As the 31st most international university in the world (Times Higher Education Rankings 2024), Trinity has students from 119 countries – a truly diverse and global campus.

Trinity is the 31st most international university in the world

Times Higher Education Rankings 2024

Mollie Kramer

M.Phil. International History graduate from the US

I chose to study at Trinity because of the International History programme and the amazing faculty in it. The International History department is made up of remarkable scholars and brilliant professors, who have made my time at Trinity so engaging and productive, and I've gained not only knowledge but perspective from interacting with them.

ICONIC LOCATION

Trinity is situated on a beautiful campus in the heart of Dublin's centre, close to the national transport hub and international airport. The campus blends modern and traditional facilities, including the country's largest research library, the historic Book of Kells, and the innovative Trinity Business School. Find out more at: www.tcd.ie/study/international/visit

ADDRESSING SOCIETAL CHALLENGES

Our university is committed to making society more equitable through the work of its esteemed academics and students. Trinity leads initiatives across Dublin and Ireland, while its global reach gives forward-looking thinkers access to the resources needed to have a positive impact on our planet. Find out more at: www.tcd.ie/research

Nicko de Guzman

M.Phil. Digital Humanities and Culture graduate from the Philippines

Trinity was easily a top choice for me when I decided to take my Masters degree in Ireland. Not only did the university have very high rankings in every field of study, but what was important to me as an international student was the diversity of the student and faculty.

Digital Humanities as a course is really accommodating for people with different backgrounds to come together to learn.

Digital Humanities taught me how the spirit of collaboration is valuable and that trying to arrive at an understanding between two seemingly different worlds is better than not trying at all.

Trinity is located beside **Dublin's Innovation District** which is a global innovation hub in the heart of Dublin city

Clara Iribarne

M.Phil. Gender and Women's Studies graduate from Argentina

Studying in Trinity was an outstanding experience, not only because of the academic excellence, but also because you have the opportunity to meet and engage with like-minded people from all around the world.

STUDENT SUPPORTS

Trinity is committed to giving its students access to all support services needed, addressing a range of administrative and academic learning, IT, personal health and wellbeing, and accommodation issues. Other supports include the Careers Service and an Alumni Career Network for support after graduation. Find out more at: www.tcd.ie/students/supports-services

DISTINGUISHED ALUMNI

Over four centuries, Trinity graduates have led on the world stage; famed authors, from Oscar Wilde to Samuel Beckett, Nobel prize-winners, including Ernest Walton, and Irish presidents, such as Mary Robinson, have attended Trinity or taught here. Today, our alumni network features 150,000 graduates across all industries. Find out more at: www.tcd.ie/alumni/community/students

STUDENT LIFE

Trinity offers an unparalleled university experience, with over 172 sports clubs and societies led by students, for students. These are among the most robust and active in the country, while course-specific social events are arranged for you to get to know your new classmates. Find out more at: www.tcd.ie/students/clubs-societies

LEADING LEARNING FACILITIES

Trinity's recently opened, state-of-the-art Business School joins the array of learning suites on campus, alongside the university's famous library – home to seven million print volumes and historic collections. Trinity has also announced plans to expand existing facilities to include a new Law School and the E3 Learning Foundry. Learn more at: www.tcd.ie/maps

We also help you explore your career options and ambitions through:

- › CV advice and interview preparation;
- › interactive employability skills workshops;
- › one-to-one guidance with experienced careers experts; and
- › employability awards and leadership programmes.

Our online MyCareer system helps students explore job opportunities and on-campus careers events. You can also meet and be inspired by our Trinity alumni now employed in a range of sectors. Start planning your career journey at: www.tcd.ie/careers/students

Dublin Innovation District

STAY BACK WORK PERMIT FOR INTERNATIONAL STUDENTS

Students from outside the European Union (EU) with permission to undertake postgraduate study in Ireland are entitled to take up casual employment, defined as up to 20 hours part-time work per week or full-time work during vacation periods.

To encourage talented, skilled graduates to pursue careers in Ireland, nationals from outside the EU are permitted to remain in Ireland for an additional period of 12-24 months after receipt of results of their final examinations as part of the Third Level Graduate Scheme. See more at: www.irishimmigration.ie

Students from the EU are free to take up employment under standard EU free movement of labour regulations. However, mixing employment with study can be challenging, and it is recommended that students possess the financial resources to complete their chosen academic course.

Siddharth Sheshadri

M.Sc. Computer Science graduate from India, Data Scientist at Optum

The field of Data Science always interested me and on reading further about the brilliant faculty in the university online, I decided to pursue a Masters programme here. I chose to specialise in Data Science, and feel it is one of the best decisions I ever took.

Accommodation at Trinity

Many postgraduate students find accommodation in shared houses or self-catering apartments. Houses and apartments vary in price, depending on size, facilities, and location. The Students' Union offers a useful Accommodation Advisory Service. Find out more at: **www.tcdsuaccommodation.org**

A limited number of students may be housed in Trinity's recommended accommodation close to the university. For further details see: **www.tcd.ie/accommodation**

The earlier you begin searching for accommodation, the more options you will have in a suitable location and price range.

Tara Turner-Heaney

Professional Masters of Education
graduate from Ireland

I chose to study at Trinity because of the endless possibilities that Trinity gives you, both in terms of future job opportunities and world-renowned education. The amazing lecturers are experts in their field and I also chose to study here because of the strong sense of community that Trinity has to offer. I also love the history of this college and am able to walk in the footsteps of many famous and inspiring alumni, such as Mary Robinson.

If I had to describe Trinity in three words they would be: friendly, supportive and renowned.

Ireland has the 4th highest
quality of life in the EU and
8th in the world

Student Supports

WATCH VIDEO

POSTGRADUATE ADVISORY SERVICE

The Postgraduate Advisory Service offers a comprehensive range of academic, pastoral, and professional supports designed to enhance your student experience. Find out more at: www.tcd.ie/seniortutor/students/postgraduate

TRINITY GLOBAL ROOM

The Trinity Global Room is a great first stop for students with questions about navigating Trinity, Dublin and Ireland. This is a place where international and Irish students can meet in a social and friendly environment at the hundreds of events run at the Global Room each year, see: www.tcd.ie/study/international/student-experience

ACADEMIC REGISTRY

Academic Registry provides academic administrative services to assist students with all queries about course applications and admissions, fees, registration, timetables, examinations and assessments. Find support at: www.tcd.ie/academicregistry

TRINITY HEALTH SERVICE

Trinity's Health Service provides free GP consultations for students, with modest fees for additional services. EU students should bring a European Health Insurance Card from their country of origin.

Non-EU students are not entitled to free national health services in Ireland, and are advised to obtain or extend private health insurance cover before leaving their home country. Private health insurance is also available in Ireland and the student health service can advise you on your options, for more see: www.tcd.ie/study/international/arrivingin-ireland/health-insurance

STUDENT COUNSELLING SERVICE

Student counselling at Trinity is a confidential, professional and free of charge service. There is also a confidential Peer Support Network where you can get support from fellow students. Learn more at: www.tcd.ie/student_counselling

Trinity is top 100
university in the world
for 22 subjects

QS World Subject Rankings 2024

DISABILITY SERVICE

The Student Disability Service works closely with academic staff, tutors, administrators and other support services to meet the requirements of students with any disability, see: www.tcd.ie/disability

IT SERVICES

As a Trinity student, you have access to hundreds of computers across campus, secure wi-fi, a Trinity Gmail account, and e-learning resources on the Blackboard Learn system. Learn more at: www.tcd.ie/itservices/students

LIBRARY

Trinity has the largest research library in Ireland, with seven million printed volumes, nearly 500,000 electronic books, 80,000 electronic journals, and an extensive collection of maps, printed music, and manuscripts. Check these out at: www.tcd.ie/library

WATCH VIDEO

Anastasija Walsh

M.Sc. Immunotherapeutics graduate from Ireland

I chose Trinity primarily due its reputation. Trinity is Ireland's top university and I thought it would look great on my CV and that the education would be the best out of all Irish universities. I chose my degree because of the reputation of the school of Immunology. We have some of the best immunologists in the country including Luke O'Neill and Kingston Mills, and I knew I would be in good hands.

Trinity has 150,000 graduates from more than 160 countries worldwide

Postgraduate Research at Trinity

Trinity is recognised as one of the world's leading research-intensive universities and its research continues to address issues of global, societal and economic importance.

Trinity has research strengths that span the Arts, Humanities and Social Sciences, STEM and Health Sciences, a spectrum that is mirrored by our broad range of taught postgraduate courses and research opportunities at Masters and doctorate level.

[WATCH VIDEO](#)

Meabh Hughes

Geology PhD graduate
from Ireland

Being guided by experts and colleagues, meeting and learning from accomplished researchers from other universities, as well as from Trinity, is an opportunity I am glad I didn't let pass me by. The energising academic environment is enhanced by the informal coffee mornings and lunchtime talks.

Postgraduate Research Students

Applying for a Masters by Research or PhD at Trinity

As a truly international university, we welcome applications from prospective postgraduate students across the globe and we hope you will choose Trinity for your PhD research programme.

Here are four steps to help on your journey towards starting postgraduate research at Trinity:

1. Find a Potential Academic Supervisor

First, explore Trinity's research areas and determine your subject of interest. The university offers opportunities for innovative postgraduate projects across a range of research groups and centres. Find out more at: **www.tcd.ie/research/themes**

The next step is to contact the academic staff relevant to your field and identify a potential supervisor. You can find our research staff at: **www.tcd.ie/research/people**

2. Make Contact with Potential Academic Supervisor

Once you have found potential academic supervisors, contact them with a brief research proposal, demonstrating your interest and relevant experience in the research area.

If an academic is willing to support your PhD application, they will direct you to the relevant school's online application page. Some Trinity schools have specific application guidelines, so please check each school's requirements at: **www.tcd.ie/courses/postgraduate/postgraduate-research**

3. Submit your Application

Submit your application following the guidelines provided by your potential supervisor. Your application must include a detailed research proposal, as well as academic transcripts, proof of English proficiency, a CV and any other relevant documents.

Your application is then reviewed by the relevant school. The Dean of Graduate Studies conducts the final review and will issue approval for the PhD if you have met all criteria.

4. Explore Funding Opportunities

Once you find an academic willing to supervise your research, they will advise you of relevant funding opportunities through Irish and European funding agencies. You may also:

- › Contact scholarship awarding bodies in your home country for possible PhD funding.
- › Trinity offers postgraduate awards available only to students registering for full-time higher research degrees, such as PhDs. Find out more at: **www.tcd.ie/study/postgraduate/scholarships-funding**
- › Contact the Regional Manager for your country for information on other funding opportunities. Details of these staff can be found at: **www.tcd.ie/study/country**

Trinity is the first and only Irish university to join the prestigious ranks of the League of European Research Universities (LERU)

Fees and How to Apply

FEES

Course fees vary based on the discipline, the duration of study, and whether you are considered a resident of the European Union (EU) or non-EU resident for the purposes of your application. A non-refundable online fee of €55 per application is required for all taught and research courses.

An EU application is one made by a person who fulfils one or more of the following criteria:

1. who is ordinarily resident in the EU and has received full-time further or higher education in the EU for three of the five years immediately preceding admission; or
2. who is ordinarily resident in the EU and has worked full-time in the EU for three of the five years immediately preceding admission; or
3. who holds a passport from an EU state and has received full-time further or higher education in the EU for three of the five years immediately preceding admission.

All other applications are considered as non-EU. You can learn more about the application pathway for non-EU students at: www.tcd.ie/study/international/how-to-apply/pg-pathway.php

Fee details for all courses are available at: www.tcd.ie/academicregistry/fees-and-payments

HOW TO APPLY

Both postgraduate taught and research applicants apply at: www.tcd.ie/courses/postgraduate

By clicking on the specific course that you wish to apply for you will be directed to an application form where you will create or log in to your Trinity College Dublin user account and submit your application and supporting documents online. In some cases, there may be a requirement to complete a supplementary application form consisting of additional questions or documents. Please check the specific details for your course at: www.tcd.ie/courses/postgraduate

Once you have submitted an online application you will be sent an acknowledgment email to the email address you provided when setting up your user account through the applicant portal.

The applicant portal allows you to send and receive communications around your Trinity application. You can track your application's progress at every stage of the admissions process; update personal data; view decisions made on your application(s); and accept any offers of study you may receive.

Before making an application, please read the following:

- Choose your course at: www.tcd.ie/courses/postgraduate
- Consider whether you meet the admission requirements.
- Gather the supporting documents you need to upload as part of your application.

All of Trinity's postgraduate taught programmes are subject to minimum entry requirements.

Clara Lima

M.Phil. Modern Irish History
graduate from Brazil

The professors and staff are always very welcoming, and I consider Trinity as my new home.

Trinity is top 50 in the world for 5 subjects
and top 100 for 22 subjects.

QS World University Rankings 2024

POSTGRADUATE ADMISSION REQUIREMENTS

Postgraduate study at Trinity is academically challenging and all courses have high entry requirements.

To qualify for admission to a degree course at the university, applicants will need to:

- Hold at least a 2.1 honours degree from an Irish university or equivalent result from a university in another country.
- Display a high level of competence in the English language in one of the examination systems recognised by Trinity.

For details of English language requirements please, see page 24.

Full details are available at: www.tcd.ie/study/apply/admission-requirements/postgraduate

For more information on admission requirements for your country of origin, learn more at: www.tcd.ie/study/country

Le Dung (Jimmy) Mai

M.Sc. Environmental Sciences
graduate from Vietnam

My time at Trinity certainly laid a concrete foundation for my future career in Environmental Science. During my studies, I always felt supported by the professors who were very accessible and helpful. I have also made so many new friends who are not only Irish but also from all over the world.

ENGLISH LANGUAGE REQUIREMENTS

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Accepted/ permitted English language qualifications can be found at: www.tcd.ie/study/english-language-requirements

Below please find details of English proficiency accepted at Trinity College Dublin:

- IELTS (Academic or Indicator): 6.5 (6 in each band).
- Duolingo English Test: 120 overall (100 in each subscore).
- TOEFL: 90 overall (21 in each section).
- Cambridge Advanced/ Proficiency: 180 overall (no score below 170).
- Pearson Test of English (Academic): 69 overall (59 in each section).

The following courses require Band C (Higher Entry): Digital Marketing Strategy, Marketing, International Management, English Language Teaching, Linguistics, Applied Linguistics, Speech and Language Processing, Clinical Dental Technology, Dental Surgery, Conscious Sedation in Dentistry, Dental Nursing, Dental Hygiene, Dental Technology, Dental Science, Clinical Speech and Language Studies.

Further details can be found at: www.tcd.ie/study/english-language-requirements

The Pre-Master's Pathway Programme is an academic English course for international students with conditional offers for postgraduate study at Trinity. Passing the programme means you meet Trinity's English language requirement and can progress to your postgraduate course without retaking IELTS or any other exam. Further details can be found at: www.tcd.ie/slscs/english/pre-sessional

35% of Trinity students are from 119 different countries across the world

Xue Jie

M.Phil. Irish Writing graduate from China

I chose Trinity because I'm well aware that it's the oldest and highest ranked university in Ireland. As a home to students from more than 120 countries, Trinity is very inclusive and international. Here I believe I can enjoy the free exchange of ideas and experience the unique Irish culture.

VISA REQUIREMENTS

If you are a citizen of the European Union (EU), European Economic Area (EEA), Switzerland or UK, you do not need a visa to enter and live in Ireland.

Some, but not all, non-EU/EEA/Swiss/UK students require an entry visa for Ireland. Visa-required non-EU students should contact their nearest Irish Embassy or Consulate for details on visa requirements. We advise students to apply for their entry visa early as they can take up to 8-12 weeks to process. Please visit: www.irishimmigration.ie

All non-EU/EEA/Swiss/UK students, whether visa-required or not, must register with Immigration Service Delivery (ISD) for permission to remain in the state. Students must show their offer letter from Trinity at airport immigration, where they will receive a temporary stamp in their passport allowing them to enter Ireland. They must then register with ISD within the time limit specified on their temporary stamp to gain a student visa.

For more about visa and immigration information, please visit: www.tcd.ie/study/international/arriving-in-ireland/visa-immigration

Ana Musalem

M.Sc. Management
graduate from Mexico

My experience in Trinity College Dublin has been as rewarding as it has been challenging. The lecturers are very engaging and the material covered in class is highly applicable to real work environments.

Summiya Nizami

M.Sc. Operations and Supply Management
graduate from Pakistan

Studying at Trinity is a thrilling global journey. I enjoyed interacting with peers from diverse cultural backgrounds and industry visits provide real-world insights. With our course ranked in the top 10 supply chain programmes worldwide, excellence is not just a goal but a daily reality.

A group of four students (three men and one woman) are standing outdoors, engaged in conversation. They are positioned in front of a large, historic building with a prominent dome and arched windows. The students are dressed in casual attire; one man has a backpack. A semi-transparent blue rectangular box is overlaid on the lower half of the image, containing the text.

FULL-TIME Masters and Postgraduate Diploma Programmes

School of Business

Accounting (P.Grad.Dip.)

DURATION	1 year full-time
COURSE DIRECTOR	Neil Dunne
EMAIL	business.masters@tcd.ie
CLOSING DATE	31st July 2025

WATCH COURSE VIDEO

COURSE PAGE

Designed for non-accounting graduates, this full-time eight-month conversion course fast-tracks students towards becoming qualified accountants and focuses on the fundamentals of financial accounting, management accounting, corporate finance, audit, taxation and related areas. Please note – This course is currently undergoing a review to be converted to an MSc in Accounting and Analytics. A decision is expected during the 2024-25 academic year. If approved, all eligible applicants will have the opportunity to apply for the new MSc. Our recruitment team will contact you directly with more information.

Career Opportunities

Our dedicated Careers and Community team can help you to identify suitable career paths and provide tailored advice on how best to achieve your career goals. Graduates of this programme find employment with many top accountancy firms including KPMG, Deloitte, EY, PwC and Grant Thornton, with the majority securing training contracts before graduation.

Admission Requirements

Applicants are required to possess a minimum 2.1 Honours degree or international equivalent. They should also have two academic referees (applicants with work experience can instead provide one academic and one professional referee).

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Business Analytics (M.Sc.)

DURATION	1 year full-time
COURSE DIRECTOR	Dr. Ashish Kumar Jha
EMAIL	business.masters@tcd.ie
CLOSING DATE	31st July 2025

WATCH COURSE VIDEO

COURSE PAGE

Our M.Sc. in Business Analytics is designed for students with a quantitative background. The programme equips graduates with the skills and knowledge to launch a career in this fast-expanding field. In an increasingly digital world, organisations now need evidence-based reports to inform decisions and organise vast amounts of data from multiple sources.

This semi-technical course will focus on the application of modern operational research and management science techniques to solve business problems and support management decisions. Students will be introduced to various analytic frameworks like CRISP-DM and gather an understanding of the rising global legislation in the area of data management. In the final term, students can choose to complete an industry project to gain real business experience or pursue a dissertation on a topic of their choosing.

Career Opportunities

Our dedicated Careers and Community team can help you to identify suitable career paths and provide advice on how best to achieve your career goals. They deliver a wide range of career sessions with defined learning outcomes and arrange company and recruitment consultancy presentations, job fairs, and networking events.

Admission Requirements

Applicants are required to possess a minimum 2.1 Honours degree or international equivalent. They should also have two academic referees (applicants with work experience can instead provide one academic and one professional referee).

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Operations and Supply Chain Management (M.Sc.)

DURATION	1 year full-time
COURSE DIRECTOR	Dr. Sinead Roden
EMAIL	business.masters@tcd.ie
CLOSING DATE	31st July 2025

WATCH COURSE VIDEO

COURSE PAGE

Ideal for students with strong analytical skills, this programme equips graduates with the tools and expertise to manage supply chain processes and their connected operations in a global and increasingly digitalised marketplace. Monitoring risk, leveraging innovation and managing collaboration are some of the core themes embedded in this programme.

Operations and supply chain management (OSCM) are core to every business and organisation. OSCM determines how resources are used, and how value is delivered to the end customer or user.

Career Opportunities

Our dedicated Careers and Community team is dedicated to supporting our students and alumni in exploring career options, preparing effectively for their next career move, and making informed career decisions that will develop and shape their futures through workshops and tailored individual career sessions.

This programme allows graduates to blend the strategic and analytical skills acquired, with the soft skills of teamwork, relationship management and communication. These skills are now vital for every sector, from manufacturing, agri-food, consumer goods, construction, service sector, public sector, to the digital sector. Gone are the days of supply chain skills being resigned to 'just manufacturing or logistics'.

Admission Requirements

Applicants are required to possess a minimum 2.1 Honours degree or international equivalent. They should also have two academic referees (applicants with work experience can instead provide one academic and one professional referee).

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. EMAIL	business.masters@tcd.ie
CLOSING DATE	31st July 2025

COURSE PAGE

This programme combines cutting-edge insights from business ethics, sustainability, as well as management and organisational science to educate students on how to meet the challenges of building a sustainable future for business and society. Through its research-driven and impact-oriented approach, the programme aims to enable future business leaders to harness the potential of business for responsible and sustainable value creation.

The programme offers eight core modules and a dissertation that allows students to work on current challenges of responsible and sustainable business either in the form of an individual research dissertation or in small groups, as part of a student consulting project with a company, civil society or public sector organisation.

Career Opportunities

This programme enables students to pursue a career in management or leadership position with specific responsibilities for CSR, corporate sustainability, ESG, business and human rights, climate action in private sector companies (including consulting), civil society organisations and international public agencies

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

School of Creative Arts (Drama, Film and Music)

Digital Arts and Intermedia Practices (M.Phil.)

DURATION	1 year full-time, 2 years part-time
COURSE DIRECTOR	Dr. Sven Anderson
EMAIL	anderss@tcd.ie
CLOSING DATE	30th June 2025

WATCH COURSE VIDEO

COURSE PAGE

In the new M.Phil. in Digital Arts and Intermedia Practices, students critically engage with emergent digital technologies and infrastructures through artistic research and practice.

Working across artistic disciplines, students examine diverse applications of AR and VR (augmented and virtual reality), AI (artificial intelligence), interactive design, game design, immersive environments, and urban media interventions. Students customise their programme with electives in performance studies, documentary film, and writing for computer games alongside core modules drawing from a variety of artistic fields.

The programme offers a space for students to probe fundamental questions related to the increasingly blurred territories between public and private space and notions of the self and the collective, and to explore new solutions to issues related to sustainability and social equity on both a local and a global scale.

Career Opportunities

This programme prepares students to develop professional artistic and curatorial practices and to pursue advanced research. Equally the programme equips students with the critical and technological skills to enter the creative industries through careers in digital media, interactive design, experience design, exhibition design, design consultancy, advertising, and marketing.

Admission Requirements

Applicants will be expected to submit a written statement in support of their application with examples of prior creative or academic work.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Playwriting (M.F.A.)

DURATION	1 year full-time, 2 years part-time
COURSE DIRECTOR	Professor Brian Singleton
EMAIL	admissions@thelir.ie
CLOSING DATE	30th June 2025

WATCH COURSE VIDEO

COURSE PAGE

The theatrical landscape is constantly being moulded by theatre makers who are presenting original works or reimagining classics. Critical to this process are new writings and adaptations. The Master in Fine Art degree in Playwriting at The Lir Academy offers every student the opportunity to develop their unique writing skill.

Through workshops with professional playwrights, directors and a dramaturge, the individual voice of the student writer will be developed. The course will culminate in the writing of a full-length play for the stage. Excerpts of these final works are shared before an invited audience of industry professionals.

Career Opportunities

This course is designed to equip students of exceptional talent with the skills necessary to pursue a career in theatre and related industries through the development of skills, professional practices and creative approaches to writing for performance.

Admission Requirements

In addition to the online form, applicants must upload:

- A letter that outlines the applicant's theatre education and highlights the applicant's writing experience to date.
- A 'statement of purpose' that refers to the applicants ambitions in terms of writing style, form and medium.
- A resume (CV).
- A writing sample in the form of a play, with a minimum 45 minutes reading time (samples will not be returned and The Lir does not provide critiques of writing samples).
- Two academic or creative references/testimonials.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Stage Design (M.F.A.)

DURATION	1 year full-time, 2 years part-time
COURSE DIRECTOR	Gemma Bodinetz, Director of The Lir
EMAIL	info@thelir.ie
CLOSING DATE	31st July 2025

WATCH COURSE VIDEO

COURSE PAGE

The Stage Design programme is purposely designed to allow students to either specialise on one area of stage design (set, costume or lighting design) or to combine disciplines as desired (e.g., set and costume design or set and lighting design).

In addition to the core curriculum, individual and group tuition from The Lir's Head of Design will be a key feature of the training. In addition, master classes by visiting practitioners will supplement the student experience.

Professional placements are a key feature of the programme and all students will showcase their work in public productions at the culmination of the course.

Career Opportunities

This programme allows students to specialise in or combine stage design disciplines (set and costume design) and is tailored to provide talented individuals with the necessary skills to pursue a career in professional theatre and related industries.

Admission Requirements

In addition to the information required on the online form, you are also required to upload a copy of the following:

- A letter that outlines the applicant's theatre education and highlights the applicant's stage design experience to date.
- A 'statement of purpose' that refers to the applicants ambitions in terms of stage design.
- A resume (CV).
- A portfolio of your work.
- Two references/testimonials; one from those familiar with your work and one from third level education.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Theatre Directing (M.F.A.)

DURATION	1 year full-time, 2 years part-time
COURSE DIRECTOR	Annabelle Comyn
EMAIL	info@thelir.ie
CLOSING DATE	30th June 2025

WATCH COURSE VIDEO

COURSE PAGE

The M.F.A. in Theatre Directing programme is the first entirely practiced-based Masters programme in Ireland. It was introduced as a direct response to the stated needs of the industry and is taught in the newly established The Lir National Academy of Dramatic Art at Trinity College Dublin.

Throughout the training, students will also develop skills of the practitioners of theatre other than the theatre director, becoming proficient in and conversant with the creativity of others and broadening their experience of theatre making.

Career Opportunities

This programme provides individuals with the necessary skills to pursue a career in the professional theatre and related industries. Many graduates work in the creative industries (as playwrights, producers, performers, facilitators) while others go onto further study at PhD level and begin careers in academia.

Admission Requirements

In addition to the online form, you must upload:

- **Letter of application** – a letter outlining theatre education and theatre directing experience.
- **Statement of purpose** – a statement outlining your theatre directing ambitions.
- **Resume** – a CV clearly listing your education and experience in theatre and theatre directing.
- **Portfolio** – a portfolio of your work.
- **Critical assessment** – a critical assessment of recently directed work.
- **Two references** – two references or testimonials; one from those familiar with your work and one from third level education.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

School of Creative Arts (Drama, Film and Music)

Samantha Cade

Theatre Directing (M.F.A.)

The MFA in theatre directing at The Lir Academy offered me a practical, rigorous and professional based approach to developing my voice as a theatre director while at the same time supporting me as a student. The school provided me with the space to explore creatively and learn from the industries top theatre directors, designers and technicians. One of the most influential parts of the programme for me was the invaluable opportunity to do an assistant directing placement with ANU productions.

Screen Studies (M.Phil.)

DURATION 1 year full-time, 2 years part-time

COURSE DIRECTOR Dr. Jennifer O'Meara

EMAIL jennifer.omeara@tcd.ie

CLOSING DATE 30th June 2025

[WATCH COURSE VIDEO](#)

[COURSE PAGE](#)

The M.Phil. in Screen Studies at Trinity offers the opportunity to focus on a variety of areas: writing for different screens, studying historical and theoretical trends in screen media, and/or creating a range of film and media outputs.

The M.Phil. in Screen Studies allows students to develop the skills required to write successfully for and about a range of different screens in a critically informed and creative context, supported by the latest developments in media trends and digital content. In addition, the course aims to develop the key transferable skills required for postgraduate study. These include research preparation, time management, and oral and written presentation skills. The programme is comprised of 60 ECTS of taught modules and a 30-ECTS research component.

Career Opportunities

This course prepares students for a variety of careers including screenwriting, media production, and education. Our graduates have pursued careers in the film and television industry, digital media, advertising, marketing, and arts administration. Some of our graduates also go on to do further research at Doctoral level.

Admission Requirements

Applicants should have a good Honours Bachelor degree of upper-second class or above, or an equivalent qualification, in a cognate area. Creative Writing Sample (short story, screenplay, extract from a novel)

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Theatre and Performance (M.Phil.)

DURATION	1 year full-time, 2 years part-time
COURSE DIRECTOR	Dr. Nicholas Johnson
EMAIL	johnson@tcd.ie
CLOSING DATE	30th June 2025

WATCH COURSE VIDEO

COURSE PAGE

The M.Phil. in Theatre and Performance offers a dynamic fusion of theory and practice to nurture the development of future practitioners, researchers, innovators, and leaders of theatre and performance. It is designed to strengthen students' analytic, critical, and practical approaches, with teaching occurring across lecture, small-group seminars/tutorials, and studio-based formats, as well as through one-on-one supervision of placements and independent projects.

The course features numerous outbound opportunities to connect with contemporary international theatre practitioners (Dublin Theatre Festival, Dublin Fringe Festival, Brussels Kunstenfestivaldesarts), to engage directly with working members of the Irish theatre community (via the Abbey Theatre, numerous alumni-run companies, and the Arts Council), and to develop deeper connections tailored to students' specific interests.

Career Opportunities

Many graduates now work as practitioners in the creative industries (playwrights, producers, performers, facilitators); others go onto further study at PhD level and begin careers in academia. Graduates are also eminently suited to fields such as publishing, broadcasting, or education.

Admission Requirements

Candidates should have a good Honours 1st class or 2.1 B.A. degree (minimum 'B'; average 3.0 or above for North American students) or equivalent qualification with a minimum IELTS score of 6.5 with no individual band below 6. Applicants will be asked to submit writing samples and to interview before admission.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Theatre Producing (M.F.A.)

DURATION	1 year full-time, 2 years part-time
COURSE DIRECTOR	Gavin O'Donoghue
EMAIL	admissions@thelir.ie
CLOSING DATE	30th June 2025

COURSE PAGE

This course, the first of its kind in Ireland, is a practice-based professional degree which aims to equip students of exceptional talent with the skills necessary to pursue a career in the professional theatre and related industries through the development of skills, professional practices and creative approaches to theatre producing. It encourages a self-reflexive approach to learning with a view to developing independent thinking and collaboratively-focused producers.

Career Opportunities

This MFA programme will upskill and equip students to specialise in theatre producing. It is tailored to provide talented individuals with the necessary skills to pursue a career in the professional theatre and related industries. The Lir Academy MFA graduates are highly successful in their chosen fields and have gone on to work in major venues and institutions in Ireland and abroad.

Admission Requirements

- › **Letter of application** – a letter that outlines your theatre education and theatre directing experience to date.
- › **Statement of purpose** – a statement outlining your ambitions in terms of theatre directing.
- › **Resume** – a CV clearly listing your education and experience in theatre and theatre directing.
- › **Portfolio** – a portfolio of your theatre and directing work.
- › **Critical assessment** – a critical assessment of recently directed work.
- › **Two references** – two references or testimonials; one from those familiar with your work and one from third level education.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. School of Education

Master in Education (M.Ed.)

DURATION 1 year full-time, 2 or 3 years part-time

COURSE DIRECTOR Dr Noel Ó Murchadha

EMAIL master.education@tcd.ie

CLOSING DATE 31st July 2025
(except for Drama in Education
and Music Education 31st May)

WATCH COURSE VIDEO

COURSE PAGE

This course is designed for those wishing to engage deeply with the field of education and allows students to tailor their studies through specialist and flexible open pathways. Whether taken full-time or part-time, the M.Ed. focuses on educational research, theory and practice, with specialised modules that deepen your expertise in your areas of interest.

Career Opportunities

Our students develop a wide range of academic and transferable professional skills and an in-depth critical understanding of the field of education. This depth and range of development are of great benefit in their professional lives and our graduates are well placed to develop their careers further in exciting ways.

Admission Requirements

Applicants are normally expected to hold a good honour's degree (normally a 2.1 or equivalent). They should also have two academic referees (applicants with work experience can instead provide one academic and one professional referee). Electronic copies of undergraduate degree transcripts and an up-to-date CV are required.

Professional experience in the field of education is desirable. Applicants who have completed their primary degree through a medium other than English should provide confirmation of their linguistic proficiency in English (e.g. certification at grade 6.5 IELTS, or equivalent). Applicants to the 1-year Full-Time M.Ed. route must also submit an outline of their area of research interest (1-2 pages) as part of the **application process**.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page **here**.

Professional Masters in Education (P.M.E.)

DURATION 2 years full-time

COURSE DIRECTOR Dr. Gavin Murray

EMAIL pme.admin@tcd.ie

CLOSING DATE Visit the relevant apply links
at the Course Page below

WATCH COURSE VIDEO

COURSE PAGE

The Professional Masters of Education (PME) is a required qualification for those wishing to work as post-primary school teachers in the Republic of Ireland and a recognised teaching qualification within the EU. The course aims to prepare new entrants for the teaching profession who are subject experts in their chosen discipline, are knowledgeable, creative and reflective about the aims and processes of education and who are professional in all aspects of their work.

Admission Requirements

Applicants must be university graduates, with an honours Bachelors degree. The qualifying degree must be equivalent to at least Level 8 on the National Framework of Qualifications (NFQ). The qualifying degree must carry at least 180 ECTS (European Credit Transfer System) credits (or equivalent), and include, as a substantial component, (at least 60 ECTS credits), in at least one subject from the list of those taught at Leaving Certificate level in Ireland.

Applicants should be aware of specific entry criteria to the teaching profession which are set and regulated by the Department of Education and Skills in association with the Teaching Council of Ireland, and which must be satisfied independently of the School of Education's entry requirements. We shortlist and interview candidates on the basis of their degree award and their professional and life experiences.

Students will be required to undergo Garda Vetting, you can learn more at: **www.tcd.ie/students/orientation/postgraduates/garda-vetting**

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. School of English

Children's Literature (M.Phil.)

DURATION 1 year full-time, 2 years part-time

COURSE DIRECTORS Dr. Pádraic Whyte

EMAIL whytepa@tcd.ie

CLOSING DATE 31st March 2025

WATCH COURSE VIDEO

COURSE PAGE

This taught masters programme in children's literature encompasses everything from picturebooks through to Young Adult fiction and runs on a full-time (one year) or part-time (two years) basis. It examines the complexities of children's texts; explores multiple genres, readerships, publishing trends; pays particular attention to issues of diversity and inclusion; and covers a huge body of English-language literature from around the world.

This is a wonderful opportunity to spend a whole year (or two!) reading, researching, and debating children's literature at Trinity College, right in the heart of Dublin, a UNESCO City of Literature.

Career Opportunities

Many graduates have successful careers in areas such as editing, publishing, arts management, journalism, curation, teaching, librarianship, and academia. Several alumni are published authors of texts for children.

Throughout the programme, we will encourage students to immerse themselves in the literary communities of Trinity, of Dublin, and of the island Ireland; to network and connect with the multiple arts and cultural organisations in the city; to step inside the amazing libraries and archives on our doorstep; and to bring their expert knowledge of children's literature to the wider world.

Admission Requirements

Applicants should have a good honours degree (at least an upper second or a GPA of at least 3.3). A sample of the candidate's own critical writing (3,000-5,000 words) is also required.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Creative Writing (M.Phil.)

DURATION 1 year full-time

COURSE DIRECTOR Professor Eoin McNamee

EMAIL emcname@tcd.ie

CLOSING DATE 31st March 2025

WATCH COURSE VIDEO

COURSE PAGE

The M.Phil in Creative Writing is based in the Trinity Oscar Wilde Centre for Irish Writing, 21 Westland Row: the birthplace of Oscar Wilde. Its faculty includes some of Ireland's leading contemporary writers, including Eoin McNamee, Deirdre Madden and Kevin Power, Harry Clifton and Carlo Gebler. In recent years the Centre has hosted visiting Writer Fellows such as Claire Keegan and Colette Bryce. Distinguished alumni include Chris Binchy, Sean O'Reilly, Nicole Flattery and Lisa Harding.

The M.Phil. in Creative Writing programme is designed for students who are seriously committed to writing and who wish to develop their writing within the framework of a university course and in the context of an Irish literary milieu.

Career Opportunities

Graduates have pursued careers in a range of areas including journalism, scriptwriting, copywriting, advertising, publishing, editing, the arts and culture sector, broadcasting, librarianship, education and research. Many alumni have also gone on to become successful writers.

Admission Requirements

Applicants are expected to hold a university degree or equivalent qualification (at least an upper second or equivalent, GPA of at least 3.3). In addition, applicants must submit a portfolio of selected recent creative work. The portfolio of sample work should include no more than 3000 words of prose (short stories, excerpt/s from a novel or drama) or 6-8 poems; genres may be combined but this is not a requirement.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Irish Writing (M.Phil.)

DURATION 1 year full-time, 2 years part-time

COURSE DIRECTORS Dr. Sam Slote
Dr. Julie Bates

EMAIL slotes@tcd.ie

CLOSING DATE 31st May 2025

WATCH COURSE VIDEO

COURSE PAGE

The M.Phil. in Irish Writing explores Irish writing in English from the late seventeenth century to the present. This course will allow students to engage with a wide range of Irish writing in English, from canonical figures such as Maria Edgeworth and W.B. Yeats to contemporary critical debates around gender, sexuality, class and race.

Trinity boasts an extraordinary literary heritage, ranging from Jonathan Swift and Oscar Wilde to Eavan Boland and Anne Enright. It is situated in the heart of Dublin, a UNESCO City of Literature full of writers past and present, and containing a wealth of theatres, literary events and festivals, and cutting-edge magazines and publishers.

Career Opportunities

Graduates have gone into careers in education, the arts and culture sector, librarianship, publishing, journalism, broadcasting, public relations, social work, the civil service and management consultancy. Many alumni have also gone on to become successful writers.

This course also provides an excellent platform for moving on to doctoral research as well as offering transferable skills and careers in a variety of industries.

Admission Requirements

Applicants should have an honours Bachelors degree (at least of upper-second class standard or GPA of 3.3) or equivalent qualification in a relevant subject (such as English, History, Art History, Irish Studies, or Modern Languages).

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. Modern and Contemporary Literary Studies (M.Phil.)

DURATION 1 year full-time, 2 years part-time

COURSE DIRECTORS Dr Clare Clarke
Professor Darryl Jones

EMAIL clare.clarke@tcd.ie

CLOSING DATE 31st March 2025

WATCH COURSE VIDEO

COURSE PAGE

The study of literature is never just one thing. Modern literary culture is diverse, exciting, complex and rich. The M.Phil. in Modern and Contemporary Literary Studies grows out of and embraces this multiplicity. Here at Trinity, our School of English has internationally recognised strengths in national and international Anglophone literature, in canonical and popular literary forms, and in material literary culture and book history.

The course offers graduates in English and related disciplines (such as History, Art History, and Modern Languages) the opportunity to explore more than two centuries of Anglophone writing and literary history. You will be introduced to key texts, authors and ideas from the nineteenth century through to the contemporary moment.

At Trinity, you will join a supportive and dynamic community of students, scholars, and writers in a world-leading English department right at the heart of one of the world's great literary cities. You will also have access to the outstanding library and archival collections of our world-famous copyright library, which could form the basis for your own fundamental research.

Admission Requirements

Applicants should have an Honours Bachelor degree (at least of upper-second class standard or GPA of 3.3) or equivalent qualification in a relevant subject (such as English, History, Art History, Irish Studies, or Modern Languages).

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. CLOSING DATE **30th June 2025**

WATCH COURSE VIDEO

COURSE PAGE

The M.Phil. in Classics is aimed both at students who intend to proceed to doctoral research and those wishing to round off their undergraduate studies by taking their encounter with the Classical world to the next level or to explore a nascent interest in ancient Greece and Rome.

This course offers a range of taught modules at high level and the opportunity to write a dissertation on a subject of your choice.

It provides students with an excellent grounding in postgraduate research skills in Classics. It also hones analytical, written, and verbal communication skills.

Career Opportunities

The M.Phil. in Classics helps graduates prepare for a wide variety of careers including in the museum and heritage sectors, libraries and archives, public policy and administration, archaeology, law, teaching, and media.

Admission Requirements

Applicants should normally have at least an upper second class (2.1) Honours Bachelors degree or equivalent (for example, GPA of 3.3) in a relevant area. Knowledge of Greek or Latin is not required, but students hoping later to pursue a research degree in fields where the written record provides our main sources will be strongly encouraged to acquire language skills in the course.

Since places on the course are limited, applicants may be interviewed or asked to submit a writing sample for assessment.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. CLOSING DATE **30th June 2025**

WATCH COURSE VIDEO

COURSE PAGE

The M.Phil. in Early Modern History introduces graduates in History, the Humanities and the Social Sciences disciplines to research in the political, social, cultural and religious history of Ireland, Britain and continental Europe across the Early Modern period. This one-year programme is designed to familiarise students with a wide range of issues in, and approaches to, Early Modern History while also providing students with a rigorous training in research methods and relevant skills.

The programme is built around Trinity College Library's unparalleled research resources and reflects the full range of exciting world-leading new research currently being undertaken within the Department of History. The course may also serve as an introduction to graduate study for students intending to pursue doctoral studies in Early Modern History.

Career Opportunities

The M.Phil. helps prepare graduates for a wide variety of careers including in the museum and heritage sectors, libraries and archives, publishing, public policy and administration, teaching, media. It also provides invaluable training in research for those planning to pursue a doctorate and/or career in research.

Admission Requirements

Applicants should normally have at least an upper second class (2.1) Honours Bachelor degree or equivalent (for example, GPA of 3.3) in history or a related discipline. Since places on the course are limited, applicants may be interviewed or asked to submit a writing sample for assessment.

CLOSING DATE **30th June 2025**

WATCH COURSE VIDEO

COURSE PAGE

The M.Phil. in Environmental History gives students a firm understanding of the interplay of, and feedbacks between, nature and culture over time. This allows them to develop much-needed historical perspectives on the evolution of current environmental challenges.

Students will explore methods and themes directly relevant to the professional workplace at a time when there is an increasing awareness of the need to include the competencies and insights of the humanities in understanding and addressing environmental issues, not least climate change.

The course combines a strong methodological focus with an emphasis on interdisciplinary approaches and innovative assessment design.

Career Opportunities

The M.Phil. prepares graduates for a wide variety of careers, including in the museum and heritage sectors, libraries and archives, publishing, NGOs, public policy and administration, teaching, and media. It also provides invaluable research training for those planning to pursue a doctorate and/or career in research.

Admission Requirements

Relevant preparatory courses include NFQ Level 8-degree courses in the Humanities (History, Political Science, History of Ideas, Cultural Studies or similar) or the Natural Sciences (Environmental Sciences, Geography, Ecology, Biology or similar). Applicants should normally have at least an upper second- class (2.1) Honours Bachelors degree or equivalent (for example, GPA of 3.3) in a relevant discipline or specialisation.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. CLOSING DATE **30th June 2025**

WATCH COURSE VIDEO

COURSE PAGE

The M.Phil. in Gender and Women's Studies exposes students to theories, methodologies, debates, and controversies that produce contemporary scholarship on women, gender and sexuality. Our course draws on insights and perspectives from the three disciplines in the School of Histories and Humanities: Classics, History, and History of Art and Architecture. As such, the course is both interdisciplinary and multidisciplinary, training students to research within and across these disciplines. Our students acquire a deep understanding of the historical and cultural contexts in which gender and sexuality are produced, performed and negotiated.

Career Opportunities

The programme helps prepare graduates for a wide variety of careers in the public and private sector. The course also hones the sort of analytical, written, and verbal communication skills that are highly valued and effective in a many different careers such as education, nonprofit/advocacy, health care, public health, law, business, social work, and civil service. It also provides invaluable training in research for those planning to pursue a doctorate and/or a career in research.

Admission Requirements

Applicants should normally have at least an upper second class (2.1) Honours Bachelor degree or equivalent (for example, GPA of 3.3) in a relevant area. Since places on the course are limited, applicants may be interviewed or asked to submit a writing sample for assessment.

CLOSING DATE **30th June 2025**

WATCH COURSE VIDEO

COURSE PAGE

The M.Phil. in History of Art and Architecture focuses on both Irish and global art and architecture held in collections in Ireland and provides students with a broad range of possible avenues for research. Students taking this M.Phil. will gain an understanding of best practice in art history through a series of modules designed to encourage sophisticated documentation and analysis of both works of art and architecture in Ireland and of the diverse range of approaches and methods current in the discipline.

Career Opportunities

The M.Phil. provides a strong foundation in art-historical skills, methodologies and approaches and helps prepare graduates for a wide variety of careers including in the gallery, museum and heritage sectors, libraries and archives, public policy and administration, teaching, media, public relations, publishing, and art practice.

Admission Requirements

Applicants should normally have at least an upper second class (2:1) Honours Bachelor degree or equivalent (for example, GPA of 3.3) in a relevant area. An undergraduate degree in art history is preferable but not essential. Since places on the course are limited, applicants may be interviewed or asked to submit a writing sample for assessment. In your application, we are interested to hear about why you want to study for this degree in Ireland, so read the course details carefully and reflect this in your submission.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. COURSE PAGE

The M.Phil. in International History offers students the chance to pursue historical research outside the bounds of the nation state. The programme allows students to immerse themselves in the questions of the past, develop research skills, study foreign languages, and become familiar with scholarship in the fields of transnational, comparative, and global history. Students can choose courses from geographic specialties in modern history, including European, Irish, Chinese, US, and environmental history. Topics of interest could include the movement of culture, people, ideas, or trade across national borders, or issues such as imperialism, globalisation, transnational social movements, and the history of war and conflict.

Career Opportunities

The M.Phil. helps prepare graduates for a wide variety of careers including in the museum and heritage sectors, politics, libraries and archives, public policy and administration, teaching, and the media. It also provides invaluable training in research for those planning to pursue a doctorate and/or career in research.

Admission Requirements

Preferred applicants will have an undergraduate study background in history and interest in exploring the field of history from a diversity of national and international perspectives.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

School of Histories and Humanities

Sarah Myers

Medieval Studies (M.Phil.)

Coming from a theological background the History strand of the M.Phil. in Medieval Studies has given me the confidence and tools to fully delve into historical discourse. With friendly lecturers who are experts in their field and are invested in your progress, means I felt utterly supported throughout my studies. Already I have experienced immense personal and professional growth.

Medieval Studies (M.Phil./P.Grad.Dip.)

DURATION **1 year full-time**
 (EU and non-EU students),
 2 years part-time
 (EU/UK/EEA students only)

COURSE DIRECTOR **Dr. Peter Crooks**

[COURSE PAGE](#)

Trinity's interdisciplinary Medieval Studies programme equips students with the critical skills needed for in-depth research on medieval texts, sources, and artefacts while allowing students to specialise in an approach aligned with their interests. The teaching takes full advantage of Trinity's world-leading holdings of medieval manuscripts and other artefacts, as well as those of other Dublin institutions and opportunities available for students to explore the built remains of medieval Ireland. The course offers students the choice of three strands: History, Language and Literature, and Culture and Civilisation.

Career Opportunities

The M.Phil. helps prepare graduates for a variety of careers including in the museum and heritage sectors, libraries and archives, publishing, law, public policy and administration, archaeology, teaching, media. It also provides invaluable training in research for those planning to pursue a doctorate and/or career in research.

Admission Requirements

Applicants should normally have at least an upper second class (2.1) Honours Bachelors degree or equivalent (for example, GPA of 3.3) in a relevant area. Since places on the course are limited, applicants may be interviewed or asked to submit a writing sample for assessment.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. The M.Phil. in Modern Irish History programme introduces well-qualified Humanities or Social Sciences graduates to research in modern Irish history, to the problems currently addressed by historians, and to the methods they apply to study of the subject. Drawing on the current interests of staff, the course is based on the rich resources of Trinity's library and of the adjacent Dublin libraries and archives. The course provides opportunities for in-depth study of selected issues in modern Irish history. It also serves as an introduction to students wishing to pursue doctoral studies.

Career Opportunities

Graduates have gone on to pursue doctoral studies, while others have embarked on further professional training as lawyers, teachers, librarians, counsellors and archivists. Some are now public servants, and others work in business/service industries.

Admission Requirements

Applicants should normally have at least an upper second class (2.1) Honours Bachelor degree or equivalent (for example, GPA of 3.3) in a relevant area. Since places on the course are limited, applicants may be interviewed or asked to submit a writing sample for assessment.

The Public History and Cultural Heritage programme is designed to provide students with a rigorous grounding in public history and to prepare graduates in a unique fashion for the management of cultural heritage. We define 'public history' and 'cultural heritage' broadly. The course involves analysis of cultural memory, its construction, reception and loss; and study of the public status and consumption of history in modern society.

The course is taught in collaboration with Dublin's leading cultural institutions, and several organisations offer internships to students. Past participating bodies have included Dublin City Gallery; Dublin City Library and Archive; Glasnevin Trust; Hugh Lane Gallery; The Little Museum of Dublin; Marsh's Library; the National Gallery of Ireland; the National Library of Ireland; the National Museum of Ireland; and St Patrick's Cathedral.

Career Opportunities

The M.Phil. helps prepare graduates for a wide variety of careers including in the museum and heritage sectors, libraries and archives, public policy and administration, teaching, and the media.

Admission Requirements

Applicants should normally have at least an upper second class (2.1) Honours Bachelor degree or equivalent (for example, GPA of 3.3) in a relevant area. Since places on the course are limited, applicants may be interviewed or asked to submit a writing sample for assessment.

WATCH COURSE VIDEO

COURSE PAGE

Intercultural communication plays an important role in the functioning of societies, organisations and in individual performance. However, whilst working in a culturally diverse environment makes interpersonal, social and professional interactions more interesting and exciting, cross-cultural communication comes with its challenges.

This course provides participants with novel perspectives and methods for effective intercultural communication at work, strategic partnerships, inclusive leadership and global engagement.

Career Opportunities

This course prepares graduates for international relations, leadership and/or Equality Equity Diversity and Inclusion (EEDI) roles in Creative Industries, Media and Publishing, Consultancy, Education, Government Agencies, Public Administration, Environmental and CleanTech Products and Services and Human Resources.

Admission Requirements

A minimum 2.1 Honours class degree from an Irish university or its international equivalent.

Applicants must demonstrate their ability to write clearly and persuasively in an academic register (via the writing sample, described in the application site).

Applicants will need to provide the names of two academic referees.

Please note that previous region-specific knowledge and additional foreign language skills are not required.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. Many of the biggest questions in our world can only be answered by drawing on both cultural and technological knowledge. Trinity's M.Phil. in Digital Humanities and Culture prepares its students to take on these questions in a wide variety of contexts. The flow of challenges, knowledge and techniques between students and staff from diverse backgrounds creates many unexpected and transformative opportunities to grow our understanding of the world.

Career Opportunities

This course prepares graduates for careers in project management, cultural outreach, NGO activities, exhibition creation, media and communications, data management, research, and humane technology management.

Admission Requirements

Applicants must:

- Have at least an upper second or GPA of at least 3.3 in any of the disciplines of the humanities, library, or computer science.
- Provide evidence of their motivation to join the course through their academic writing sample and completed personal statement.

Admission Materials

Personal Statement Form; Sample of academic Writing (2,500 words max.); English Language Qualifications; Degree Certificate(s); Degree Transcripts; Two Reference Letters; Current Professional CV; Online Application Form [here](#).

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. WATCH COURSE VIDEO

COURSE PAGE

Identities structure our reality, our desires, and our ideas. As such, they assume many shapes and forms: the self and the nation, language and gender, migration and trauma, myth and ideology, class and religion, capitalism and populism, ecology and technology. Above all, identities are crystallised in their representation: in the media and popular culture, in literature and film, but also in imagined communities and destinies, contested histories, and collective memory.

Admission Requirements

A minimum 2.1 (upper-second class) Honours Bachelors degree from an Irish university or its international equivalent in a relevant subject. Relevant subjects include but are not limited to the following: Anthropology, Languages, Literature, History, Cultural Studies, Comparative Literature, Human Geography, Sociology, Religious Studies, Gender Studies, Textual and Visual Studies, Visual Arts, Art History, Economics, Political Science. We also welcome students from non-Humanities backgrounds with a keen interest in questions of identity.

Proficiency in English – See requirements below

Required Materials

For this course, you will need to submit the following materials to apply:

- Personal Statement Form
- Sample of Academic Writing
- Degree Certificate(s)
- Degree Transcripts
- Two Reference Letters
- Completed Online Application Form

COURSE DIRECTOR	Dr. James Hadley
EMAIL	hadleyj@tcd.ie
CLOSING DATE	30th June 2025

WATCH COURSE VIDEO

COURSE PAGE

The M.Phil. in Literary Translation is a unique opportunity to develop a wide range of practical skills related to translation, while also building a strong understanding of the theory and history of translation thought and a keen critical eye.

The course's name uses the term "literary" though our definition of "literature" is so broad as to include anything that involves human creativity, including video games, subtitles, speeches, comics, and songs.

The demand for well-qualified translators continues to grow internationally, and this form of translation more than any other is coming to be valued as something that is not easily done by machines.

Career Opportunities

We organise workshops with our industry partners throughout the year, and offer a long list of opportunities to network and collaborate from the beginning until the end of the degree.

Admission Requirements

- A minimum 2.1 honours class degree from an Irish university or its international equivalent.
- A demonstrable working knowledge of two or more languages
- English Language – See requirements below

Required materials

Applicants need Stage 1 Document (available on course page); sample of academic writing (2,500 words max); English language qualifications; Degree certificate(s); Degree transcripts; two reference letters; online application form.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Priscila Ribeiro

Literary Translation (M.Phil./P.Grad.Dip.)

In this programme we are always immersed in cultural diversity. We have students from different countries that speak different languages, and we always end up learning a lot from each other.

Middle East in a Global Context (M.Phil./P.Grad.Cert./P.Grad.Dip.)

DURATION	M.Phil.: 1 year full-time, 3 years part-time PG.Dip.: 1 year full-time, 2 years part-time PG.Cert.: 1 year part-time
COURSE DIRECTOR	Professor Anne Fitzpatrick
EMAIL	postgraduate.sllcs@tcd.ie
CLOSING DATE	28th June 2025

[WATCH COURSE VIDEO](#)

[COURSE PAGE](#)

The M.Phil. in Middle East in a Global Context is an online course in the study of the Middle East, its histories, cultures, politics, and language.

You will acquire cultural fluency and critical understanding of the cultures, societies and peoples of the Middle East and North Africa, analyse minority groups and identities in the region, and examine Islamic cultures wherever they are to be found across the globe.

You will study the wider socio-economic-cultural sphere of the Middle East.

You will study Middle Eastern history from antiquity to the present, Arab intellectual history, and history of Western interventions in the region, especially from the 19th Century onwards.

You will explore key societal challenges in the regions, analyse current issues affecting the Middle East and North Africa in a historical perspective and study the role of Western representation of the region.

Admission Requirements

No prior languages knowledge is required, and Arabic can be studied ab initio. Applicants should normally have a second class (2.1) Honours Bachelors degree or equivalent. Applicants are asked to submit a writing sample for assessment, and may be invited for online interviews. For candidates who are not native English speakers and have not completed a degree through the medium of English language, see the Trinity foreign language requirement.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Medieval Irish (M.Phil.)

DURATION:	1 year full-time/2 years part-time
COURSE DIRECTOR:	Dr Mícheál Hoyne
EMAIL:	mhoyne@tcd.ie
CLOSING DATE:	30 June 2025

[COURSE PAGE](#)

This course aims to give you the knowledge of language, literature, metrics and palaeography you need to edit and translate a medieval Irish text from the original manuscripts.

Students focus either on the Early Irish period (600–1200) or the Classical Modern Irish period (1200–1650). It is not possible to take a combination of Early Irish and Classical Modern Irish modules.

Modules in Classical Modern Irish are offered every year. Modules in Early Irish are offered in alternate years with the Diploma in Old Irish: MPhil modules in Early Irish will next be available in 2026/27.

Career Opportunities

This course prepares students to undertake independent research in an area of Medieval Irish. It may also be of interest to librarians, archivists and others who work with a passion for older Irish-language material.

Admission Requirements

All lectures will be conducted in English. Applicants for the MPhil must have a good Honours degree (2.1 or higher) in Irish or a cognate subject (e.g. History, Archaeology, Linguistics). To study Early Irish on the MPhil in Medieval Irish, a solid grounding in Old Irish is essential, as demonstrated by achieving 50% or higher in the Diploma in Old Irish or an equivalent qualification. To study Classical Modern Irish on the MPhil in Medieval Irish, a solid working knowledge of Modern Irish is essential.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

School of Law

Intellectual Property and Information Technology Law (LL.M.)

DURATION	1 year full-time
COURSE DIRECTOR	Professor Desmond Ryan
EMAIL	law.postgraduate@tcd.ie
CLOSING DATE	31st May 2025

WATCH COURSE VIDEO

COURSE PAGE

The tensions between rewarding intellectual development and incentivising further development are most acute in the context of technological advance. And such issues arise in the context of information technology law more generally, where the rapid emergence of new technologies raises questions of how, if at all, the law should respond to, regulate, and promote such developments.

Intellectual Property and Information Technology have become significant and growing areas of law at both a European and an international level. With this in mind, the Law School recently introduced a new LL.M. in Intellectual Property and Information Technology law. This Masters programme seeks to promote critical analysis of, and reflection on, different aspects of national, European and international intellectual property and information technology law.

Career Opportunities

The School of Law at Trinity College Dublin is a strategic partner of the 'Pan-European Seal' Professional Traineeship Program. Students of the LL.M. can apply to take part in this paid traineeship with the European Intellectual Property Office (EUIPO) and the European Patent Office (EPO).

Admission Requirements

Applications are invited from graduates who hold a Bachelors in Law or a law- based interdisciplinary programme. Applications will also be considered from exceptional graduates in related disciplines in the Arts, Humanities, and Social Sciences who can demonstrate their studies have fully prepared them for the LL.M.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

International and Comparative Law (LL.M.)

DURATION	1 year full-time
COURSE DIRECTOR	Professor Desmond Ryan
EMAIL	law.postgraduate@tcd.ie
CLOSING DATE	31st May 2025

WATCH COURSE VIDEO

COURSE PAGE

In an era of globalisation, it is no longer possible to understand law in a purely national context. It has never been more important for lawyers to develop an in-depth understanding of law in its wider international context. The LL.M. programme in International and Comparative Law offers students a valuable opportunity to develop this understanding. Students develop their legal knowledge and advanced legal skills in these fields but also gain a deeper insight into law and legal practice in its evolving international context.

Career Opportunities

This course equips students with the expertise, skills and attributes which are valuable across a wide range of careers, both within and beyond the legal profession, nationally and internationally. Graduates have pursued careers in International and European Human Rights Law, International Economic Law, International Aviation Law, Intellectual Property Law, among others.

Admission Requirements

Applications are invited from graduates who hold a Bachelor's in Law or a law- based interdisciplinary programme. Applications will also be considered from exceptional graduates in related disciplines in the Arts, Humanities, and Social Sciences who can demonstrate their studies have fully prepared them for the LL.M.

We advise students to apply for the course as early as possible as admission is competitive. The programme is subject to early closure.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

CLOSING DATE	31st May 2025

WATCH COURSE VIDEO

COURSE PAGE

In a global economy where companies of all sizes seek to expand beyond domestic borders, building an awareness of the legal environment in which these companies operate requires us to look beyond our national laws.

The LL.M. in International and European Business Law offers a comprehensive list of modules exploring the complex legal issues surrounding international business, commercial and financial services law.

Career Opportunities

This course equips students with the expertise, skills, and attributes valuable across a wide range of careers, both within and beyond the legal profession, nationally and internationally.

Admission Requirements

Applications are invited from graduates who hold a Bachelors in Law or a law-based interdisciplinary programme. Applications will also be considered from exceptional graduates in related disciplines in the Arts, Humanities, and Social Sciences who can demonstrate their studies have fully prepared them for the LL.M.

Admission to Trinity's LL.M. programmes is at the absolute discretion of the School of Law, which will decide on admissions with regard to a range of academic criteria, including the quality of the individual application and the objectives of ensuring a diverse LL.M. class of the highest possible academic calibre.

We advise students to apply for the course as early as possible as admission is competitive. The programme is subject to early closure.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. CLOSING DATE	31st May 2025

WATCH COURSE VIDEO

COURSE PAGE

This interdisciplinary masters is jointly offered by the Law School and Trinity Business School. The programme is structured to include foundational and advanced material to build students' knowledge and understanding of law and finance. It will provide you with the capacity to embrace current and future changes in respect of financial regulation, EU law and financial innovation.

Career Opportunities

Our dedicated Careers and Community team is dedicated to supporting our students and alumni in exploring career options, preparing effectively for their next career move, and making informed career decisions that will develop and shape their futures through workshops and tailored individual career sessions.

Specialised in career development, the team can help you to identify suitable career paths and provide tailored advice on how best to achieve your career goals through workshops, one-to-one coaching, and psychometric assessments.

Admission Requirements

An undergraduate honours Bachelors degree of 2.1 grade or higher in Business, Economics or Law. Applicants must also provide two academic references, a professional CV, a recognised certificate of English Language Competency if English is not your first language (in line with the School of Law's requirements), as well as degree transcripts.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. Our flagship LL.M. programme also known as LL.M. (General) offers students the opportunity for postgraduate study where they can select modules from a substantial list of modules covering the disparate branches of law. Students can focus on public law or private law modules or may take a selection of both.

Career Opportunities

This course broadens and deepens students' knowledge of the law, further developing their research skills and significantly enhancing their career prospects both within the legal profession and elsewhere.

Admission Requirements

Applications are invited from graduates who hold a Bachelors in Law or a law- based interdisciplinary programme. Applications will also be considered from exceptional graduates in related disciplines in the Arts, Humanities, and Social Sciences who can demonstrate their studies have fully prepared them for the LL.M.

Admission to Trinity's LL.M. programmes is at the absolute discretion of the School of Law, which will decide on admissions based on a range of academic criteria, including the quality of the individual application and the objectives of ensuring a diverse LL.M. class of the highest academic calibre.

We advise students to apply for the course as early as possible.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Emma Carroll

Laws (LL.M.)

Reading a taught LL.M. at Trinity was a life-enhancing experience. The modules were topical and varied, taught by enthusiastic and attentive academics. The atmosphere of Trinity's incredibly beautiful and historic campus was always vibrant and social. The LL.M. course gave me the opportunity to enhance my expertise from a global perspective, particularly in respect of the EU legal system. Balancing intensive study with friendship and conversation is vital to academic success and Trinity was readily able to offer this to international students. Studying at Trinity was a rewarding experience and I would recommend it to anyone looking to gain an internationally respected qualification, while enjoying everything that Ireland has to offer.

School of Linguistic, Speech and Communication Sciences

Applied Linguistics (M.Phil./P.Grad.Dip)

DURATION 1 year full-time, 2 years part-time

COURSE DIRECTOR Dr. Elaine Uí Dhonnchadha

EMAIL clcs_mphil_info@tcd.ie

CLOSING DATE 30th June 2025

WATCH COURSE VIDEO

COURSE PAGE

The discipline of applied linguistics investigates a range of issues around language in contemporary society. Among these are those surrounding second and foreign language education. It is often said that globalisation has made learning additional languages an essential goal in education but language learning has been important in most places at most times.

There are two central strands in the applied linguistics of language teaching and learning. One, called second language acquisition, investigates the psychology of language learning while the other, second language pedagogy, focuses on instruction at various different scales: language education policy, curriculum, teaching methods, and learning tasks.

Given this educational focus, applied linguistics draws not only on linguistics, but also on educational psychology, educational philosophy, social psychology, and cognitive psychology, among other disciplines.

Career Opportunities

Graduates from this programme have followed various career paths in language education and other language professions, in a variety of roles such as linguistics researcher, interpreter, business consultant and language programme manager.

Admission Requirements

Applicants should have a good honours degree (at least an upper second or equivalent; GPA of at least 3.2). Previous knowledge of applied linguistics is not a requirement. Normally only graduates with language teaching experience are admitted to the course in Applied Linguistics.

Applicants must provide a Personal Statement explaining their motivation in applying for their chosen course(s).

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band C (Higher Entry) English language requirements. For more details of qualifications that meet Band C, see the English Language Requirements page [here](#).

COURSE DIRECTOR Dr. Elaine Uí Dhonnchadha

EMAIL clcs_mphil_info@tcd.ie

CLOSING DATE 31st May 2025

WATCH COURSE VIDEO

COURSE PAGE

Linguistics is the systematic study of human language. It has its roots in antiquity, though the twentieth century saw an explosion of research and the development of new theories and approaches. Linguistics has become an exciting and vigorous area of study, with strong connections to many fields including psychology, sociology, anthropology, cognitive science, computer science, and philosophy.

Language is complex, and linguistics attempts to describe and explain the full range of that complexity, especially speech sounds, the grammar of words and sentences, and how meaning relates to words, grammar and context.

The M.Phil. in Linguistics has been running for nearly 30 years, offering a leading programme you can tailor to your interests; small class size, taught by experts; and a wide choice of elective modules offered each year.

Career Opportunities

Our alumni have followed career paths in various professions, with many opting to pursue research at a higher level. For some, PhD research has led to an academic career.

Admission Requirements

Applicants should have a good honours degree (at least an upper second or equivalent; GPA of at least 3.2). Previous knowledge of applied linguistics is not a requirement. Normally only graduates with language teaching experience are admitted to the course in Applied Linguistics.

Applicants must provide a Personal Statement explaining their motivation in applying for their chosen course(s).

COURSE PAGE

Chinese Studies is a multidisciplinary field of study, drawing upon and integrating disciplines such as History, Linguistics, Politics, Cultural Studies and Translation Studies.

The M.Phil. programme offers the opportunity to engage with key aspects of contemporary China, including its political and economic landscape, modern history, society, popular culture and language. Given China's economic impact and international reach, this course equips its graduates to engage deeply with contemporary China.

Delivered by expert faculty as well as regular guest speakers from business and industry, this programme will develop the skills necessary to succeed in an international environment.

Career Opportunities

Our graduates are in high demand and have pursued a wide range of careers including in business and industry, communications, public affairs, diplomacy, and arts and heritage, at the UN, at multinational corporations, and in local government. Graduates have also pursued further academic research.

Admission Requirements

Applicants will hold a Bachelors degree (minimum 2.1, or a GPA of 3.5, or equivalent from another country) from a recognised university. A background in Arts, Humanities and Social Sciences is helpful but not a requirement. Applicants must submit a personal statement (circa 500 words) that describes their background and the nature of their interest in the course.

The M.Phil. in Chinese Studies doesn't require any specific prior knowledge of Chinese history, culture, or language.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Clinical Speech and Language Studies (M.Sc.)

DURATION	1 year full-time, 2 years part-time
COURSE COORDINATOR	Dr. Ciarán Kenny
EMAIL	cslssec@tcd.ie
CLOSING DATE	30th April 2025

WATCH COURSE VIDEO

COURSE PAGE

The aims of the course are to provide qualified Speech and Language Therapists with opportunities to advance their academic knowledge and professional practice skills within specific clinical specialisms: Dysphagia, Voice, or Augmentative and Alternative Communication (AAC).

Graduates will demonstrate excellence in clinical practice through extending and enhancing their existing theoretical knowledge base with a critical awareness of new insights and developments within their chosen clinical specialist area. Students will also be able to design and implement, with a degree of autonomy, and with due regard to ethical considerations, small-scale research studies in their chosen area.

Career Opportunities

Graduates have gone on to become expert clinicians in their field and to administer clinical practices. Other graduates have also continued to run research studies in their chosen clinical specialist area and pursued further education and academic research, such as a PhD

Admission Requirements

Applicants should hold at least 2.1 Honours degree in Clinical Speech and Language Studies or an equivalent qualification in Speech and Language Therapy. Those without a qualification in Speech and Language Therapy/Speech- Language Pathology should not apply.

Students will be required to undergo Garda Vetting, you can learn more at: www.tcd.ie/students/orientation/postgraduates/garda-vetting

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. The M.Phil. in English Language Teaching (ELT) incorporates academic, research and practical elements within its structure. It supports an integrated approach to English language teaching that balances theory with practice. The course will give practicing teachers the opportunity to explore current issues in ELT, and to deepen their understanding of the theoretical and practical concerns that underlie their teaching in TESOL and other settings.

The M.Phil. in English Language Teaching programme benefits in particular from CLCS's involvement in the development and implementation of two Council of Europe tools that are important in the current debate about language learning, teaching and assessment world-wide: the Common European Framework of Reference for Languages and the European Language Portfolio. These tools are relevant in English language teaching environments, including TESOL environments.

Career Opportunities

Aimed at both new and experienced teachers of English as a foreign or second language, this course supports an integrated approach to English language teaching that balances theory with

Admission Requirements

Applicants should have a good honours degree (at least an upper second or equivalent; GPA of at least 3.2). Previous knowledge of applied linguistics is not a requirement. Normally only graduates with language teaching experience are admitted to the course in Applied Linguistics.

Applicants must provide a Personal Statement explaining their motivation in applying for their chosen course(s).

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band C (Higher Entry) English language requirements. For more details of qualifications that meet Band C, see the English Language Requirements page [here](#).

Speech and Language Processing (M.Phil./P.Grad.Dip.)

DURATION	1 year full-time, 2 years part-time
COURSE DIRECTOR	Dr. Elaine Uí Dhonnchadha
EMAIL	clcs_mphil_info@tcd.ie
CLOSING DATE	31st May 2025

COURSE PAGE

Speech and language processing examines language from two distinct perspectives. Speech processing deals with the science of spoken communication, how speech is encoded by the speaker and decoded by the listener. It is also concerned with the processing techniques used to model speech in ways that can potentially be implemented in technology, such as speech synthesis.

Language processing, in parallel, involves computational aspects of linguistics. It addresses theories of grammar and meaning, and provides access to the fundamentals of linguistics, both as a science and as an engineering discipline.

Career Opportunities

Our alumni have followed various career paths, with many opting to pursue research at a higher level through the PhD, in CLCS (e.g. becoming involved in research projects in the Phonetics and Speech Lab), with the computational linguists in Trinity's School of Computer Science and Statistics, and in other leading institutions across the globe.

Admission Requirements

Applicants should have a good honours degree (at least an upper second or equivalent; GPA of at least 3.2). Previous knowledge of applied linguistics is not a requirement. Normally only graduates with language teaching experience are admitted to the course in Applied Linguistics.

Applicants must provide a Personal Statement explaining their motivation in applying for their chosen course(s).

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band C (Higher Entry) English language requirements. CLOSING DATE	30th April 2025

[WATCH COURSE VIDEO](#)

[COURSE PAGE](#)

The M.Sc. in Applied Behaviour Analysis (ABA) is an intensive full-time course which aims to ensure that students become efficient in the practical application of the principles of applied behaviour analysis.

The course provides theoretical, ethical, practical, and basic modules that involve face- to-face classes presented by qualified staff with expertise in Behaviour Analysis. Theory and practice are interwoven throughout the course.

Class time includes lectures, interactive sessions, seminars, and group work. Students are required to actively engage in the content and process through discussion and demonstration, including reference to their own work experiences to integrate theory and practice.

Career Opportunities

Graduates can become leaders in the developing Applied Behaviour Analysis field of service provision, both internationally and in Ireland, and/or gain a desire for future academic study in ABA, such as PhD research. Graduates will be able to work in educational and clinical settings serving diverse populations, such as students with learning difficulties, persons with autism and other developmental disabilities and/or children and adolescents in care or special programmes, and/or those clients presenting learning and/or behavioural challenges in school.

Admission Requirements

Applicants will normally be required to hold a 2.1 Honours degree in Psychology or a related field from a recognised third-level institution.

Students will be required to undergo Garda Vetting, you can learn more at: www.tcd.ie/students/orientation/postgraduates/garda-vetting

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. Applied Psychology (M.Sc.)

DURATION	1 year full-time
COURSE DIRECTOR	Dr. Tim Trimble
EMAIL	msc.appliedpsych@tcd.ie
CLOSING DATE	31st March 2025

[WATCH COURSE VIDEO](#)

[COURSE PAGE](#)

The M.Sc. in Applied Psychology is designed to provide students with a general awareness of the problems of applying psychology, a knowledge of skills required to apply it effectively and a detailed understanding of their chosen focus of application. The themes of analysis, intervention, and evaluation are central to the course structure and philosophy.

The core modules provide training in research methods and professional issues. Optional modules enable the further development of these competencies and knowledge while enabling students to consider their application in specified content areas through the study of applied modules and an extended piece of empirical research.

Career Opportunities

This course will enable students to develop the knowledge, skills and attitudes necessary for further clinical training, or a career in clinical research or further academic research. Our programmes also deliver training that will enhance your opportunities to gain employment as a counsellor, developmental psychologist and educational psychologist, among many other psychology-related careers.

Admission Requirements

Applicants will be required to hold at least a minimum of an upper second- class Honours degree (2.1) in psychology or its equivalent from a recognised university course, which confers eligibility for graduate registration with the Psychological Society of Ireland or equivalent professional body in the case of overseas applicants.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. EMAIL	dclinpsych@tcd.ie
CLOSING DATE	28th November 2025

WATCH COURSE VIDEO

COURSE PAGE

Within three years, the course provides an intensive and systematic programme of training, equipping each student to meet the challenges facing clinical psychology and to make a unique contribution to the Irish Health Services. A core value in the course is the emphasis on linking theory and practice, informed by the reflective scientist practitioner philosophy of integrated training in research methods, academic knowledge and clinical experience.

The course holds P.S.I. Accreditation.

Career Opportunities

The course aims to train students so that they will be equipped to function as independent career-grade clinical psychologists in the Irish health service under appropriate supervision. A number of graduates also go on to further clinical research.

Important: It is a requirement that applicants upload a completed Course Application form (see link below) to the supporting documents area of their College application by the deadline date.

Find Course Application form **here**.

Admission Requirements

Requirements include a primary honours degree in Psychology with at least an upper second-class award (2.1) or equivalent. Good research skills and relevant experience are essential.

Candidates are required to hold graduate basis for registration with the Psychological Society of Ireland. Students will need a full and valid driving licence.

Students will be required to undergo Garda Vetting, you can learn more at: www.tcd.ie/students/orientation/postgraduates/garda-vetting

Jessica Russell-Carroll

Clinical Psychology (D.Clin.Psych.)

I thoroughly enjoyed my three years on the programme. I particularly enjoyed the fact that the course immerses trainees in therapeutic modalities such as psychodynamic, systemic, and cognitive behavioural to name just a few. The teaching staff are approachable, helpful and enthusiastic, actively encouraging personal and professional reflection and development. I would recommend this clinical programme to anyone interested in pursuing a career in clinical psychology.

COURSE DIRECTOR	Dr. Ladislav Timulak
EMAIL	dcounspsych@tcd.ie
CLOSING DATE	31st January 2025

WATCH COURSE VIDEO

COURSE PAGE

The intensive Counselling Psychology programme provides professional training in Counselling Psychology and is accredited by the Psychological Society of Ireland.

The course emphasises the scientist-practitioner model and research-informed practice. The scientist-practitioner model is fostered through research classes and work on the research dissertation. Students are informed on a variety of research strategies and learn to critically evaluate the strengths and weaknesses of different methodologies.

Career Opportunities

Graduates of this course are qualified counselling psychologists, skilled to conduct mental health assessments and therapy with individuals, couples, families and groups across the lifespan. Graduates have pursued careers as counselling psychologists in a variety of settings and have been employed by Health Service Executive, within the National Counselling Service, Refugee and Asylum Seekers Service, Autism Services; Voluntary agencies; Hospitals; Third level student counselling services; Private practice and multiple other locations. Graduates have also pursued further academic research, including PhDs.

Admission Requirements

Applicants will be required to hold at least a minimum of an upper second class honours degree (2.1) in psychology or its equivalent from a recognised university course, which confers eligibility for graduate registration with the Psychological Society of Ireland or equivalent professional body in the case of overseas applicants.

Students will be required to undergo Garda Vetting, you can learn more at: www.tcd.ie/students/orientation/postgraduates/garda-vetting

CLOSING DATE	30th June 2025

WATCH COURSE VIDEO

COURSE PAGE

Based in the Trinity Centre for Global Health, an interdisciplinary centre co-located across the Schools of Psychology and Medicine, the Masters in Global Mental Health is a one-year, full-time (or two year part-time) taught programme offering an in-depth, critical exploration in the area of global mental health.

Students enrolled on the M.Sc. Global Mental Health programme will receive extensive theoretical and practical training on programming within Mental Health and Psychosocial Support (MHPSS), delivered in collaboration with international and non- governmental humanitarian organisations.

Career Opportunities

The Masters in Global Mental Health provides students with opportunities for professional development, including the building of knowledge and skills related to assessment and treatment of mental health difficulties; health system equity and emergency response; a critical analysis of definitions and measurements of mental health and treatment outcomes with attention to context and culture, ethical consideration for practice and research, and practical Mental Health and Psychosocial Support (MHPSS) and evaluation skills.

Admission Requirements

Applicants will be expected to have an Honours Bachelors degree at 2.1 or above, in a global health-related and/or psychology-cognate area from a recognised university.

Applicants should also have international experience, a strong interest in global mental health, and meet Trinity's English language proficiency requirements.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Psychoanalytic Studies (M.Phil./P.Grad.Dip.)

DURATION	1 year full-time
COURSE DIRECTOR	Dr. John O'Connor
EMAIL	psychoanalysis@tcd.ie
CLOSING DATE	31st May 2025

WATCH COURSE VIDEO

COURSE PAGE

The Masters in Philosophy in Psychoanalytic Studies offers graduates a thorough introduction to the history, theory and applications in clinical work and in the wider culture of psychoanalysis from Freud to modern writers in this broad field. The course is of interest to people from a variety of backgrounds, including graduates of psychology, philosophy, and other university programmes, as well mental health professionals, people who work in the fields of the Arts, education and health, among others. The programme attracts students from around the world and from a wide mix of backgrounds and age groups.

Is This Course For Me?

The course is designed for students with a degree in an appropriate Arts, Social Sciences or Science subject or other subject which provides some basis for this course who would like to progress their careers and clinical work and acquire professional knowledge and skills in psychoanalysis.

Career Opportunities

Graduates have pursued careers in counselling, social work, marriage and family therapy, psychiatric nursing, and consultancy. A number of graduates also go on to further research and a career in academia.

Admission Requirements

Applications are normally accepted only from persons with a first or upper second-class degree (2.1) in an appropriate Arts, Social Sciences or Science subject.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Psychology (H.Dip.) – Psychology Conversion Course

DURATION	2 years full-time
COURSE DIRECTOR	Dr. Jean Quigley
EMAIL	psychconv@tcd.ie
CLOSING DATE	31st March 2025

WATCH COURSE VIDEO

COURSE PAGE

The Psychology Conversion Course is designed to provide a pre-professional qualification equivalent to a Bachelor degree in Psychology. The course is accredited by the Psychological Society of Ireland (PSI) and allows students proceed to postgraduate education, including higher degrees by research, and to specialise in an area of professional psychology.

Our main objective is to facilitate your entry into the profession of psychology and to train you in the discourse of a new academic discipline via active learning and discussion. To facilitate this, much of your learning will take place in small groups where you are encouraged to be active and collaborative learners.

The course aims to provide an understanding of the nature of psychology as a profession, the psychologist's professional responsibilities, standards of performance and ethical issues; and to help students explore their own interests and capacities in the field and to prepare them for further training.

Career Opportunities

This course provides a rigorous and comprehensive primary training to prepare students to take the next step towards a career in or using psychology.

Admission Requirements

Candidates for admission to the Higher Diploma in Psychology must hold a primary degree, in any discipline with at least an upper second-class Honours degree.

Students will be required to undergo Garda Vetting, you can learn more at: www.tcd.ie/students/orientation/undergraduates/garda-vetting

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. School of Religion, Theology and Peace Studies

Christian Theology (M.Phil./P.Grad.Dip.)

DURATION	1 year full-time, 2 years part-time
COURSE DIRECTOR	Professor Michael Kirwan
EMAIL	srpostgrad@tcd.ie
CLOSING DATE	31st July 2025

WATCH COURSE VIDEO

COURSE PAGE

The M.Phil. in Christian Theology enables participants to gain an in-depth knowledge of core issues in contemporary Christian theology. Whether your background is as a graduate in theology or other related disciplines, the course offers a structured programme of study at an advanced level.

Students are introduced to historical scholarship and to rigorous contemporary theological investigation. A written dissertation is a key part of the course. This enables participants to engage in advanced study of a particular topic of interest in the field. In the process of writing, participants are offered one-to-one academic supervision.

Career Opportunities

For teachers of religious education, this course provides an excellent opportunity to explore theological issues at a deeper level, so benefiting them and their students. While the M.Phil. is designed to be complete in itself, it can serve as preparation for those waiting to proceed to further research in the field. Students will learn research skills, as well as analytic, written, and verbal communication skills that are highly valued and effective in a variety of careers.

Admission Requirements

Applicants should normally have an upper second-class Honours Bachelors degree, or 3.2 GPA (or above). Applicants not meeting these requirements may be considered at the discretion of the Dean of Graduate Studies.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Conflict Resolution and Reconciliation(M.Phil./P.Grad.Dip.)

DURATION	1 year full-time, 2 years part-time
COURSE DIRECTOR	Professor David Mitchell
EMAIL	srpostgrad@tcd.ie
CLOSING DATE	31st July 2025

WATCH COURSE VIDEO

COURSE PAGE

Based in Belfast, Northern Ireland, the M.Phil. in Conflict Resolution and Reconciliation reflects the School and Trinity's commitment to cross-border education. It offers an interdisciplinary approach to the challenges of political and social reconciliation in the aftermath of violent conflict.

This course offers students' academic and theoretical insight into conflict resolution and reconciliation, as well as practical skills and experience through placements and workshops. Students can engage with community-based actors and organisations involved at grassroots level in the process of conflict transformation and social justice.

Northern Ireland faces many social and political challenges as it emerges from decades of violence. Yet Belfast is a vibrant city, undergoing an exciting post-conflict transformation. This unique backdrop for the M.Phil. allows students to immerse themselves in a society grappling with the challenges of, and opportunities for, conflict transformation.

Career Opportunities

Our graduates find employment in a wide range of careers, such as conflict resolution and mediation, peacebuilding, human rights, international development, NGOs and the non-profit sector, advocacy and activism, the public sector and government, diplomacy, the United Nations and international organisations, research, teaching, journalism, academia and law.

Admission Requirements

Applicants should normally have an Honours degree at second-class level or GPA 3.2 or above. Students not meeting these criteria may be considered at the discretion of the Dean of Graduate Studies.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

School of Religion, Theology and Peace Studies

Contextual Theologies and Interfaith Relations (M.Phil./P.Grad.Dip.)

DURATION 1 year full-time, 2 years part-time

COURSE DIRECTOR Professor Gillian Wylie

EMAIL srpostgrad@tcd.ie

CLOSING DATE 31st July 2025

[WATCH COURSE VIDEO](#)

[COURSE PAGE](#)

The M.Phil. in Contextual Theologies and Interfaith Relations is an interdisciplinary course that explores the inherent contextuality and pluralism of theological reflection, and especially their implications for inter- and intra-faith relations. 'Faith' here is understood broadly, drawing from a wide range of religions and spiritualities, some traditional and institutionally structured, others more experimental and experiential.

Students attend to the practical and theoretical possibilities of engaging – in depth and in context – with the challenging theological praxis of justice, peace and the integrity of creation. By offering a wide range of critically reflective faith perspectives from the Americas, Asia, Africa, Europe and the Middle East, this Masters programme blends together the themes of liberation theologies, with those of ecumenical and interfaith dialogue.

Career Opportunities

Graduates of this course can go on to further education and academic research. Graduates will learn research skills, as well as analytic, written, and verbal communication skills that are highly valued and effective in a great variety of careers.

Admission Requirements

Applicants should normally have an Honours degree at second-class level, or GPA 3.2 (or above). Students not meeting these criteria may be considered at the discretion of the Dean of Graduate Studies under exceptional circumstances.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

International Peace Studies (M.Phil.(Peace Studies)/P.Grad.Dip.)

DURATION 1 year full-time, 2 years part-time

COURSE DIRECTOR Professor Etain Tannam

EMAIL srpostgrad@tcd.ie

CLOSING DATE 31st July 2025

[WATCH COURSE VIDEO](#)

[COURSE PAGE](#)

International Peace Studies students are immersed in an interdisciplinary, cutting-edge course of study that examines the causes and consequences of war and armed conflict, with a view to understand how to achieve sustainable peace. Lecturers draw on interdisciplinary perspectives from politics and political science, international relations, philosophy, sociology, ethics, and conflict resolution.

Topics covered include: The Politics of Peace and Conflict; Research Methods; Forced Displacement, Conflict and Peacebuilding; Conflict Resolution and Negotiation Across Worldviews; Human Rights; UN and Conflict Resolution; Gender in War and Peace; and an Internship Module.

The course provides students with the opportunity to engage with those working in conflict resolution and peace-building, by providing an internship module, field trips to Belfast and UN Geneva, and various guest lectures from experienced diplomats and NGO officials throughout the year.

Career Opportunities

Our graduates find employment in a range of careers, such as: conflict resolution and mediation, peacebuilding, human rights, international development, NGOs and the non-profit sector, advocacy and activism, the public sector and government, diplomacy, the United Nations and international organisations, research, teaching, journalism, academia and law.

Admission Requirements

Applicants should normally have an Honours degree at second-class (2.1) level or GPA 3.2 (or above). Students not meeting these criteria may be considered at the discretion of the Dean of Graduate Studies in exceptional circumstances.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. School of Social Sciences and Philosophy

Applied Social Data Science (M.Sc./P.Grad.Dip.)

DURATION	1 year full-time
COURSE DIRECTOR	Dr Jeffrey Ziegler Dr. Tom Paskhalis
EMAIL	msc.asds@tcd.ie
CLOSING DATE	31 July 2025

WATCH COURSE VIDEO

COURSE PAGE

The MSc in Applied Social Data Science is a one-year, full-time programme introducing students to fundamentals in quantitative social science research methods and state-of-the-art analytic approaches from the fields of statistics and machine learning.

Graduates will acquire a rich repertoire of social scientific research design skills—grounded in the scientific method—and data analytic methods that are widely sought after in the private, public, and non-profit sectors.

Career Opportunities

A unique trait of the MSc in Applied Social Data Science programme is that it combines rigorous training in methods from computer science and statistics with social science research skills. There is high demand for social scientists who can apply machine learning and statistical methods for data-driven solutions to challenges faced by governments, political groups, and civil society organisations.

Admission Requirements

Admission to the course is competitive. Applicants will be expected to hold an upper second class honours (2:1) degree or higher from an established university. A background in a social science discipline or computer science, statistics, or other related discipline will be an advantage but is not required. Applications are expected from candidates who wish to acquire practical knowledge in using cutting-edge statistical methods to answer social scientific questions.

GPA scores of at least 3.3 out of 4, or equivalent, will be expected from international applicants.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Kathryn Glen

Applied Social Data Science
(M.Sc./P.Grad.Dip.)

The course gave me a strong foundation in the hard skills of data science while remaining grounded in its practical applications and allowed me the freedom to explore my own interest areas. Thanks to this course my research and my confidence in quantitative skills have greatly improved. The skills I learned have also opened job opportunities for me that I would not have had I not done this course.

School of Social Sciences and Philosophy

Comparative Social Change (M.Sc.)

DURATION	1 year full-time
COURSE DIRECTOR	Professor Daniel Faas
EMAIL	daniel.faas@tcd.ie
CLOSING DATE	30th June 2025

WATCH COURSE VIDEO

COURSE PAGE

This M.Sc. in Comparative Social Change is offered jointly by the Department of Sociology at Trinity and the School of Sociology at University College Dublin to develop students' knowledge of the main currents of social change today, the social, cultural and economic forces which are driving them and the different forms they take across states.

The course has a significant international dimension drawing on the rich and informative experiences of other EU member states, North America, the four Asian Tigers, plus the BRIC countries, particularly Brazil, China and India.

It provides students with both the theoretical frameworks and practical research skills necessary to understand the processes and pressing issues presented by global social change.

Career Opportunities

Students receive academic training in social change issues, such as gender, education and the labour market, which can be applied to real-world problems. This training has the potential to open career opportunities in fields such as advocacy, the media and communications. Furthermore, policy-relevant and practice-based components, such as fieldwork projects, have been designed to contribute to the training and employability of the next generation of researchers, adding an extra dimension to the M.Sc. programme.

Students also learn valuable writing, communication, problem solving and policy assessment skills which can be applied to a wide range of careers and further postgraduate study.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Economics (M.Sc./P.Grad.Dip.)

DURATION	1 year full-time, 2 years part-time
COURSE DIRECTOR	Dr. Selim Gulesci
EMAIL	economics@tcd.ie
CLOSING DATE	31st July 2025

WATCH COURSE VIDEO

COURSE PAGE

The M.Sc. in Economics focuses on the technical skills needed to undertake economic research and emphasises active and problem-based learning to ensure mastery of the required skills.

The course has two strands. The first is a general entry strand and the second is a strand that focuses on International Development. While the required mix of modules varies across the two, the structure and timing of both is the same and both lead to an M.Sc. qualification.

A number of scholarships may be awarded annually to highly qualified candidates.

Career Opportunities

A significant number of our students have gone on to study for a PhD at leading universities around the world such as Boston University, Duke University, New York University, Oxford, LSE, UCL, University of Queensland, Stanford University and Trinity College Dublin. Our graduates are also highly sought after by private sector employers, for example in banking, finance and consulting. Many of our graduates also go on to pursue successful careers in government, multinational organisations, think tanks and NGOs that value the analytical and problem-solving skills our graduates possess.

Admission Requirements

Candidates should normally hold at least an upper second-class Honours degree that has a significant quantitative component, most commonly Single or Joint Honours degrees in Economics.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

School of Social Sciences and Philosophy

Conor McKinnon

International Politics (M.Sc.)

The M.Sc. in International Politics is one of a kind. The curriculum is thoughtfully designed. It progresses logically – first, with classes that have a familiar feel to undergraduate work, and eventually, to the fundamentals of social sciences research design and finally to producing original research independently. Trinity's campus location in Dublin could not be better.

International Politics (M.Sc./P.Grad.Dip.)

DURATION 1 year full-time, 2 years part-time

COURSE DIRECTOR Noah Buckley

EMAIL polgrad@tcd.ie

CLOSING DATE 30th June 2025

WATCH COURSE VIDEO

COURSE PAGE

The M.Sc. in International Politics is a one-year full-time or two-year part-time course that enables students to develop the abilities to assess the major theories of international relations and to formulate policy relevant research questions in the field. Students will learn to design and conduct their own research using relevant social scientific theories and methods. They will also develop the skills to communicate research effectively in a variety of forms.

Career Opportunities

Students develop the necessary skills for a range of research-related careers in the fields of applied policy research, business, government, law, media, international aid, and global governmental and non-governmental organisations as well as a solid foundation for a research PhDs.

Admission Requirements

Candidates should normally have achieved an upper second-class Honours degree or higher from an established university. GPA scores of at least 3.3, or equivalent, are expected from international applicants. A background in a social science is advantageous but not a necessity. Applications are expected from candidates with a Single or Joint Honours degree in Political Science, Economics, European Studies, History, Sociology, Business or Law.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. The M.Phil. in Philosophy is a broad and intellectually challenging postgraduate course for students with a background in philosophy or related disciplines with a strong philosophy component.

The wide-ranging curriculum is designed to enable students to understand what is distinctive about philosophical methodology, to critically engage with contemporary debates in the core systematic areas of philosophy and to combine modern historical scholarship with a rigorous contemporary philosophical approach.

Career Opportunities

Philosophy graduates find that their ability to be analytical, to question assumptions and to be innovative thinkers opens up to a range of opportunities in fields as varied as teaching, journalism, media, advertising, law, finance and technology. This M.Phil. is also particularly relevant for students interested in pursuing further philosophical research.

Admission Requirements

An undergraduate degree at second-class level (2.1) or above (or equivalent) in Philosophy is the normal requirement, but applicants who can demonstrate a strong Philosophy component in their degree in a different discipline will be considered on a case-by-case basis.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Race, Ethnicity, Conflict (M.Phil.)

DURATION	1 year full-time
COURSE DIRECTOR	Professor David Landy
EMAIL	mphilrec@tcd.ie
CLOSING DATE	31st July 2025

WATCH COURSE VIDEO

COURSE PAGE

This one-year postgraduate course examines the techniques used by states and international agencies to manage peoples and conflict, their social and cultural impact and the responses they elicit. It applies a wide variety of sociological theories to racialisation, gender, migration, ethnic conflict and peace-making.

Staff, students and alumni form a friendly, ethnically diverse intellectual community with links to a host of national and international academic and civil society organisations involved in race critical theory, critical peace studies, anti-racism, migrant support, Traveller rights and nomadism.

Career Opportunities

Our recent graduates work for NGOs (national and international), in migrant and Traveller rights, as barristers, playwrights, political activists, researchers, teachers, academics, Gardaí, journalists, social workers. More than 90% of our graduates from this course are either in employment, internships or further study.

Admission Requirements

Candidates should have an undergraduate degree at upper second-class level or equivalent (GPA of at least 3.2) in one of the Social Sciences or a degree that has included Social Science as a component.

In exceptional cases, candidates without a first degree may be accepted directly into the programme if they can demonstrate they possess the equivalent of a good first degree, have work experience in the fields of population movement, conflict, and/or publications that demonstrate analytical skills. Applicants seeking admission in this category may be called for interview.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

School of Social Work and Social Policy

Applied Social Research (M.Sc.)

DURATION	1 year full-time, 2 years part-time
COURSE DIRECTOR	Dr. Louise Caffrey
EMAIL	pascoem@tcd.ie
CLOSING DATE	31st July 2025

WATCH COURSE VIDEO

COURSE PAGE

This Masters in Applied Social Research aims to equip students with the skills necessary to conduct social research, including advanced training in quantitative and qualitative methodologies. The course is multi-disciplinary and career-focused.

Using a combination of lectures, workshops and practical assignments, this M.Sc. programme trains graduates to design and conduct primary social research using both quantitative and qualitative research methods; analyse the research data collected using a variety of computer programmes; and to write and present research findings to a variety of audiences.

Career Opportunities

Our recent graduates work in diverse areas such as public health, social science and market research, social policy, and statistics. A large number are employed in university-based departments and research institutes, Government departments, statutory organisations, NGOs, and private research consultancies.

Admission Requirements

Applicants should normally have an upper second-class (2.1) Honours degree in one of the Social Sciences. Applications from graduates in other disciplines who have relevant experience will also be considered.

Students will also be required to undergo Garda Vetting, you can learn more at: www.tcd.ie/students/orientation/postgraduates/garda-vetting

All applicants whose first language is not English or who have not been educated through the medium of English will need to present evidence of English language competency.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Social Work (M.S.W./P.Grad.Dip.)

DURATION:	2 years full-time
COURSE DIRECTOR:	Dr. Eavan Brady
EMAIL:	master.socialwork@tcd.ie
CLOSING DATE:	12th February 2025

WATCH COURSE VIDEO

COURSE PAGE

The Masters in Social Work Programme prepares its student cohort for registration as professional social workers with CORU, the regulatory body for health and social care professionals.

All health care professionals have a stated duty of care to the public and as such, all new entrants to the social work programmes in the School of Social Work and Social Policy, must successfully complete the required health screening and vaccination to certify their vaccination status or immunity to specified infectious diseases.

Career Opportunities

Our graduates have found employment as social workers in Ireland and abroad, in sectors including TUSLA, Child and Family Agency, Probation Service, Health-Related Social Work, Mental Health Services, Disability Services and Community Development.

Admission Requirements

Applicants should hold an NFQ Level-8 social science degree (2.1 degree or higher), or equivalent, and a minimum of 850 hours relevant practice experience.

All applications for the Masters in Social Work must include a breakdown and description of relevant work experience to date which indicates the total number of hours or weeks worked. Applicants must also provide one academic reference and one reference from their practice experience.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

School of Biochemistry and Immunology

Immunology (M.Sc.)

DURATION	1 year full-time
COURSE DIRECTORS	Professor Cliona O'Farrelly Dr. Nigel Stevenson
EMAIL	msc.immunology@tcd.ie
CLOSING DATE	31st July 2025

WATCH COURSE VIDEO

COURSE PAGE

This one-year Masters course in Immunology provides academic, laboratory and research training in cellular and molecular immunology, with emphasis on the interface between basic, clinical and therapeutic immunology. A major focus is on understanding how inflammatory regulation is lost in disease processes including viral, bacterial and parasitic infection, as well as cancer, autoimmune, and allergic disease.

The Immunology programme aims to provide students with a well-balanced and integrated theoretical and practical knowledge of Immunology, and to highlight the progress and intellectual challenges in this discipline. This course includes the study of immunological processes and mechanisms, how they contribute to disease and how they might be manipulated therapeutically. From a practical perspective, the course involves in-depth instruction in modern methodologies used in immunology/biomedical research, including the fundamentals of molecular and cellular biology. Students will also be trained in experimental design, data handling and basic research skills.

Career Opportunities

Graduates of this course have pursued careers in academic research, medicine and the pharmaceutical industry for which a thorough grounding in immunology, immune-mediated pathogenic mechanisms and immunotherapy is required.

Admission Requirements

Applicants will normally be required to hold at least upper second-class Honours degree (2.1) or higher in Medicine, Veterinary Science, Molecular Biology, Genetics, Immunology, Biochemistry or a related subject.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Immunotherapeutics (M.Sc.)

DURATION	1 year full-time
COURSE DIRECTORS	Professor Cliona O'Farrelly Assistant Professor Jerrard Hayes
EMAIL	immunotherapeutics.msc@tcd.ie
CLOSING DATE	31st July 2025

WATCH COURSE VIDEO

COURSE PAGE

This one-year Masters course is an innovative and multidisciplinary postgraduate degree taught by leading academics in the field of Immunology with guest speakers from the biopharma industry. Students will learn how cutting-edge immunotherapies are revolutionising the treatment of life-threatening and debilitating diseases and complete a six-month industry placement.

Additionally, skills in business development, innovation, entrepreneurship and communication will be taught and bioprocessing in the National Institute for Bioprocessing, Research and Training (NIBRT) at their state-of-the-art facility.

Career Opportunities

Graduates of the M.Sc. programme in Immunotherapeutics have a 100% employment rate in careers such as R&D, communications, sales, marketing and regulatory affairs. The School of Biochemistry & Immunology is at the forefront of immunological research worldwide, with Clarivate analytics describing three Trinity immunologists in the top 1% of researchers worldwide based on number of citations.

The world's 10 largest biopharma companies operate in Ireland, with employment in the sector growing fivefold in the last 30 years.

Admission Requirements

Applicants will normally be required to hold at least upper second-class Honours degree (2.1) or higher in Medicine, Veterinary Science, Molecular Biology, Genetics, Immunology, Biochemistry or a related subject. Genetics, Immunology, Biochemistry or a related subject.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

School of Chemistry

Circular Economy and Recycling Technologies (P.Grad.Dip)

DURATION 1 year full-time

COURSE DIRECTORS Professor Iouri Gounko

EMAIL igounko@tcd.ie

CLOSING DATE 31st July 2025

WATCH COURSE VIDEO

COURSE PAGE

The circular economy model is based on three principles: designing out waste and pollution, keeping products and materials in use, regenerating natural systems. This course will provide students with core knowledge of the Circular Economy concept as well as the relevant technologies used in the recycling area.

This programme will explore topics such as life cycle assessment (LCA), waste management, waste rock reclamation as well as recycling, reprocessing, and remanufacturing.

Career Opportunities

Graduates can provide significant expertise and added value to companies, and support growth and competitiveness across relevant Irish and European industries.

Admission Requirements

This programme is suitable for graduates who have achieved an upper second- class Honours degree (at 2.1 or above) or the international equivalent in either Science or Engineering. Those with an equivalent professional qualification are also encouraged to apply. Exceptions for those with relevant industrial or other experience may be considered and will require the approval of the Dean of Graduate Studies.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Applicants whose first language is not English or who have not completed their undergraduate degree through the medium of English are welcome but may be required to demonstrate a competent level of English through an assessment or interview with the Course Director prior to a final decision on admission. A minimum GPA of 3.0, or equivalent, is required for entry.

Tara Mines, Boliden

Circular Economy and Recycling Technologies

Experts in this field are becoming more and more in demand as companies strive to meet ambitious sustainability goals and Corporate Social Responsibility so the course topics are of vital strategic importance. The development of this course will ensure the availability and expertise in this critical skills area.

School of Computer Science and Statistics

Computer Science – Augmented and Virtual Reality (M.Sc./P.Grad.Dip)

DURATION	1 year full-time
COURSE DIRECTOR	Professor Doug Leith Dr. John Dingliana (Co-Director for Admissions)
EMAIL	postgraduate@scss.tcd.ie
CLOSING DATE	31st July 2025

WATCH COURSE VIDEO

COURSE PAGE

The course equips students with the theoretical and practical knowledge to enable them to participate in the design and development of technology underpinning the interactive entertainment industries, including the fast-moving video game market, the metaverse and the wider industries of new media and communication.

Career Opportunities

Graduates from our M.Sc. programmes have gone on to work for games or visual effects companies, whilst many others work in broader areas involving computer vision, computer graphics or interactive digital applications. Companies where our alumni have taken up employment include: NVIDIA, Unity Technologies, Huawei, Volograms, The Foundry and Tencent Games.

Admission Requirements

Applicants must provide the following:

- An upper second-class (2.1) Honours degree grade or higher from a reputable university, in Computing or related discipline.
- All applicants whose first language is not English or who have not been educated through the English language will need to present evidence of competency.
- Proven programming competence. All candidates will have to complete a programming test in C, C++ or Java before being offered a place on the course. Some modules may also require programming in Python and other languages.
- A strong work ethic and the resolve to engage with a demanding but rewarding programme.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Computer Science – Data Science (M.Sc.)

DURATION	1 year full-time
COURSE DIRECTOR	Professor Doug Leith Dr. John Dingliana (Co-Director for Admissions)
EMAIL	postgraduate@scss.tcd.ie
CLOSING DATE	31st January 2025

WATCH COURSE VIDEO

COURSE PAGE

The M.Sc. in Computer Science – Data Science combines statistics, cloud and security technologies with data management. It covers all key aspects of the field: how to securely store and manage data, how to visualise and analyse at scale, and how to use analysis to make decisions.

Graduates will be equipped to tackle the huge challenges and opportunities that the big-data revolution is bringing to all aspects of life; in IT, health, transport, science and engineering to name but a few.

Career Opportunities

We expect our graduates to be in high-demand for technical positions within leading multinational companies and from startups alike. All of the major Information Technology companies, from Google to Facebook to Amazon, employ large teams of data scientists. Another important career path is management consulting with companies such as Accenture and PwC.

Admission Requirements

Applicants must provide the following:

- An upper second-class (2.1) Honours degree grade or higher from a reputable university, in Computing or related discipline.
- Proven programming competence. All candidates will have to complete a programming test in C, C++ or Java before being offered a place on the course. Some modules may also require programming in Python and other languages.
- A strong work ethic and the resolve to engage with a demanding but rewarding programme.

Computer Science – Future Networked Systems (M.Sc./P.Grad.Dip)

DURATION	1 year full-time
COURSE DIRECTOR	Professor Doug Leith Dr. John Dingliana (Co-Director for Admissions)
EMAIL	postgraduate@scss.tcd.ie
CLOSING DATE	31st July 2025

WATCH COURSE VIDEO

COURSE PAGE

The course explores how software systems embedded in our everyday environments, connect everyday objects, and make them smart. This ranges from mobile social networking to managing city resources. Dealing with such large-scale, cyber-physical and distributed systems requires novel approaches that address timeliness, safety, privacy and scale challenges.

The course equips students with the skills and knowledge to tackle such challenges and take up careers in Computer Networking, Software Engineering and related fields, which have transformed society over the past 30 years and continue to enable new advances from Social Networking through the Internet of Things to Cloud Computing.

Career Opportunities

Graduates have gone on to work in Software Engineering, Financial Technology and other computing related companies.

Admission Requirements

Applicants must provide the following:

- An upper second-class (2.1) Honours degree grade or higher from a reputable university, in Computing or related discipline.
- All applicants whose first language is not English or who have not been educated through the English language will need to present evidence of competency.
- Proven programming competence. All candidates will have to complete a programming test in C, C++ or Java before being offered a place on the course. Some modules may also require programming in Python and other languages.
- A strong work ethic and the resolve to engage with a demanding but rewarding programme.

Computer Science – Intelligent Systems (M.Sc./P.Grad.Dip)

DURATION	1 year full-time
COURSE DIRECTOR	Professor Doug Leith Dr. John Dingliana (Co-Director for Admissions)
EMAIL	postgraduate@scss.tcd.ie
CLOSING DATE	31st July 2025

WATCH COURSE VIDEO

COURSE PAGE

The M.Sc. in Computer Science – Intelligent Systems programme focuses on smart, interactive web applications and systems, which are becoming an integral part of our daily lives. Designing and building these systems requires expertise in artificial intelligence, human language understanding and generation, web systems and applications, data analytics and knowledge engineering. This strand is closely linked to the school's research groups involved in the ADAPT national research centre for Digital Content Technology.

Career Opportunities

Graduates will be suited to careers in web technology companies such as Google, Meta, Twitter, Amazon, LinkedIn, Microsoft, IBM, PayPal, Symantec, eBay and SAP, Business-Intelligence led organisations, Consultancy companies, Innovative start-ups building intelligent applications, and IT teams within large service organisations.

Admission Requirements

Applicants must provide the following:

- An upper second-class (2.1) Honours degree grade or higher from a reputable university, in Computing or related discipline.
- All applicants whose first language is not English or who have not been educated through the English language will need to present evidence of competency.
- Proven programming competence. All candidates will have to complete a programming test in C, C++ or Java before being offered a place on the course. Some modules may also require programming in Python and other languages.
- A strong work ethic and the resolve to engage with a demanding but rewarding programme.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

School of Computer Science and Statistics

Interactive Digital Media (M.Sc.)

DURATION 1 year full-time

COURSE DIRECTOR Professor Mads Haahr

EMAIL postgraduate@scss.tcd.ie

CLOSING DATE 31 July 2025

WATCH COURSE VIDEO

COURSE PAGE

Platforms for digital media applications are constantly evolving – moving from desktops to mobile devices. The skills required for designing digital media applications have expanded and now include both technical and creative skills.

This one-year Interactive Digital Media programme provides a foundation builds on knowledge gained at undergraduate level to allow graduates to work in the digital media sector. The course will help students combine their existing skills with the technological knowledge needed to design and develop digital media applications.

While we welcome applicants with technical qualifications, the course is also appropriate for graduates without a computer science background.

Career Opportunities

This course has been running since 1996 and now has more 400 graduates working in the digital media and related sectors, both nationally and internationally. The M.Sc. in Interactive Digital Media enables graduates to work and stay current in the digital media sector. Graduates work in many roles across the digital sector, including design, development, content, analysis, research, entrepreneurship and leadership.

Admission Requirements

A 2.1 (60-69%) grade or higher from a reputable university is required, although exceptions can be made on the basis of considerable professional and/or creative experience. Students are accepted from a wide range of disciplines, ranging from Computer Science and Engineering to the Arts, Humanities and Design.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Statistics and Sustainability (M.Sc./P.Grad.Dip.)

DURATION: 1 year full-time

COURSE DIRECTOR: Professor Arthur White

EMAIL: postgraduate@scss.tcd.ie

CLOSING DATE: 31st July 2025

WATCH COURSE VIDEO

COURSE PAGE

This one year full-time conversion course is intended for students who wish to deepen their statistical skills and develop an in-depth and applied understanding of sustainability from a variety of perspectives.

The course provides students with a wide range of modelling, computing, and statistical skills, and they will study a variety of sustainability topics that are key to developing solutions to environmental challenges from global to local levels. Communication skills will be developed via individual and team project work embedded in the curriculum, and there is an emphasis on developing student's skills to translate statistical outcomes to broad audiences in multiple contexts.

Career Opportunities

Graduates from the M.Sc. in Statistics and Sustainability will emerge highly numerate and statistically skilled, and with an in-depth understanding of the sustainability and environmental issues facing today's world.

Admission Requirements

Applicants must have first-class or upper second-class (2.1) Honours undergraduate degree that includes at least one year of university-level Mathematics (including linear algebra and calculus topics). The programme also caters for applicants who already have an undergraduate degree in Mathematics, Statistics, or other highly quantitative subjects.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

School of Engineering

Biomedical Engineering (M.Sc./P.Grad.Dip.)

DURATION 1 year full-time

COURSE DIRECTOR Dr. Mark Aherne

EMAIL ahearnm@tcd.ie

CLOSING DATE 31st March 2025

WATCH COURSE VIDEO

COURSE PAGE

The M.Sc. in Biomedical Engineering provides advanced training and education to the next generation of biomedical engineers. The course brings students to exciting new developments in biomedical engineering, ranging from development of new materials for use in cardiac therapeutics, designing innovative next generation medical devices, in silico design and modelling, to growing and regenerating new tissues for tissue replacement and in vitro disease modelling.

The Biomedical Engineering programme equips candidates with the education, problem-solving and creative skills, and training necessary to address important clinical needs in the medical devices industry, or research and clinical institutes.

Career Opportunities

The success and impact of this course makes our highly skilled graduates employable in the medical device industry in Ireland and around the world. Recent graduates are currently working in Medtronic, Bristol-Myers Squibb, Boston Scientific, Johnson & Johnson, Schivo Group, Carl Zeiss Meditec and Stryker.

Admission Requirements

Applicants must hold a minimum of an upper second-class honours degree (2.1) or higher in Engineering, Biomedical Technology, or a cognate discipline.

Shortlisted candidates will be invited for an online interview with the Course Director. Outcomes of the interviews will be made known to candidates shortly after the interviews.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Computational Engineering (M.Sc./P.Grad.Dip./P.Grad.Cert)

DURATION 1 year full-time,
2 or 3 years part-time

COURSE DIRECTOR Professor Biswajit Basu

EMAIL caroline.murphy@tcd.ie

CLOSING DATE 31st July 2025

COURSE PAGE

There is no aspect of modern life unaltered by information processing engines. Examples include teaching (online learning and assessment), automotive (driverless cars and electronic control systems), the economy (high speed automated trading), shopping and entertainment (virtual assistants and recommendation engines), health (automated diagnostics and non-invasive body scanning) and the digital humanities. The principles enabling the design of this new wave of products are embodied in the discipline of Information Engineering.

This one year full-time (or between two and three year part-time) course provides graduate engineers with the skills to design modern computational products and systems.

Career Opportunities

Graduates are employed in industries including digital assistive technology (speech recognition and synthesis), automotive systems (remote sensing and cyber physical control), economics (quantitative automated trading), entertainment (audio-video streaming and cinema visual effects), health (medical imaging) and computational science and engineering.

Admission Requirements

Admission is typically restricted to graduates who have achieved an upper second-class Honours degree (2.1), or higher, in Engineering, Science, Computing, Statistics, Mathematics or a related discipline. Well-qualified candidates or industry professionals from other disciplines who have sufficient knowledge of computational aspects of engineering and science may also be considered.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

School of Engineering

Climate Adaptation Engineering (M.Sc./P.Grad.Dip.)

DURATION **1-year full-time blended learning
(90% in-person/10% online)**

COURSE DIRECTOR **John Gallagher**

EMAIL **civeng@tcd.ie**

CLOSING DATE **30th June 2025**

WATCH COURSE VIDEO

COURSE PAGE

This one-year course focuses on Climate Adaptation Engineering in practice, deriving balanced solutions across engineering and the applied sciences. Candidates taking this course will develop a range of technical and practical skills through the core programme modules and the unique collaborative industry-led climate adaptation research project.

This engineering-led programme addresses the UN's Sustainable Development Goals in its curriculum through the modules and the industry-led research project. The course will advance knowledge and the capacity for innovation in candidates to support climate adaptation through sustainable oriented design and effective management of assets and resources in the built and natural environments.

Career Opportunities

Graduates from the M.Sc. in Climate Adaptation Engineering will emerge with valuable skills to The join energy and utility companies, local authorities, engineering consultancies and construction bodies, to fill the existing skills gap exists for graduates with expertise in climate adaptation.

Admission Requirements

Applicants will be expected to have an Honours Bachelors degree at 2.1 or above, in a STEM (science, technology, engineering or mathematics), architecture, urban planning, or a related cognate discipline.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. School of Engineering

Engineering (Environmental/ Structural and Geotechnical/ Transport/Sustainable Energy) (M.Sc.)

DURATION	1 year full-time, 2 years part-time
COURSE DIRECTOR	Assistant Professor David O'Connell
EMAIL	david.oconnell@tcd.ie
CLOSING DATE	30th June 2025

[WATCH COURSE VIDEO](#)

[COURSE PAGE](#)

The M.Sc. in Engineering is designed to provide graduate engineers with specialist understanding in one of the following areas:

- Environmental Engineering.
- Structural and Geotechnical Engineering.
- Transport Engineering.
- Sustainable Energy Engineering.

This course is accredited by Engineers' Ireland, which is a member of the European Network for Accreditation of Engineering Education (ENAE) and the Washington Accord and thus internationally recognised by signature countries, including China (CAST), India (NBA), UK and the USA (ABET).

Career Opportunities

Most of our students enter the job market after graduation. They gained employment opportunities with private sector firms and county councils such as RPS Group, Arup, Jones Engineering Group and Dublin County Council, with the starting salary of between €30,000-€60,000 per annum, demonstrating the high value industry is placing on our graduates.

Students graduated from this programme can also choose to pursue further study. In previous years, our graduates received offers to study PhD degrees from international leading universities such as Trinity, Imperial College London, and University College London.

Admission Requirements

The minimum entry criteria is an upper second-class Honours degree (or equivalent) in an Engineering or related degree. Relevant industrial experience may be taken into account in allocating places, where the course is oversubscribed.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Emmanuel Akinrintoyo

Electronic Information Engineering

The Electronic Information Engineering programme offers a range of core modules with electives that enable students to tailor a degree to their interests. This allowed me to choose modules that I had a lot of interest in. One of my favourite modules was motion picture engineering, which offers students insights into ongoing research and knowledge from industry experts in the field of image and video processing. I recommend this programme to anyone seeking to gain vital skills and knowledge for the information age as related to electronic engineering.

School of Engineering

Mechanical Engineering (M.Sc./P.Grad. Dip.)

DURATION 1 year full-time, 2 years part-time

COURSE DIRECTOR Dr. John Kennedy

EMAIL jkenned5@tcd.ie

CLOSING DATE 31st July 2025

WATCH COURSE VIDEO

COURSE PAGE

The M.Sc. in Mechanical Engineering is designed to provide a flexible route to a Masters qualification for students who have completed a bachelors degree. It addresses advanced topics over a wide range of Mechanical and Manufacturing Engineering subjects.

Within the M.Sc., there is a wide range of module options and an excellent opportunity to engage in topical research with leading research groups within the School of Engineering, as an important part of this programme is a research dissertation, which directly builds on some of the content of the modules.

Themed areas include advanced manufacturing, materials, fluid mechanics and automation design.

Students may also follow the “Zero Carbon Technology” option with a focus on technology to achieve the transformation to low-carbon energy and transport. The Zero Carbon Technology strand will cover power, transport and resources with related business and planning options.

Career Opportunities

Graduates have pursued careers in R&D and in high-tech sectors such as medical devices and aerospace, as well as PhD research

Admission Requirements

Admission is normally restricted to graduates who have achieved an upper second-class honours degree (2.1), or better, in engineering, science, computing, statistics, mathematics or a related discipline. Well-qualified candidates or industry professionals from other numerate disciplines who have sufficient knowledge of engineering and science, may also be considered.

English Language Requirements

[COURSE PAGE](#)

A particular feature of this programme is a balanced approach to musical and technological topics. A strong emphasis is placed on the development of adaptable compositional skills, while technological topics are addressed from both a hands-on workstation/studio exposure and a fundamental mathematical and scientific basis.

The overall objective of the MMT programme is to provide a thorough grasp of the principles and applications of computer, audio and video technologies in combination with significant exposure to media related topics. Artistic creativity is developed over the programme through a combination of exam and assignment-based work, culminating in a final thesis featuring a significant contribution of a technological and/or artistic nature.

Career Opportunities

Graduates have pursued careers in the arts as composers, musicians and performers in a wide and diverse range of styles and genres, as well as careers in education and academic research; digital signal processing; software and hardware development; audio engineering; sound design for gaming, film, theatre, and virtual reality; acoustics; TV and film production; and web design.

Admission Requirements

Acceptance for the course is based on an overall assessment, which takes into account:

- Musical/compositional/artistic and/or technological ability as evidenced by a portfolio submission.
- Academic and/or professional references.
- A personal statement addressing why you would like to do the course and why you think you are suitable.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Zero Carbon Technology (M.Sc./P.Grad.Dip/Cert.)

DURATION 1 year full-time,
2 or 3 years part-time

COURSE DIRECTOR Dr. John Kennedy

EMAIL jkenned5@tcd.ie

CLOSING DATE 31st July 2025

[WATCH COURSE VIDEO](#)

[COURSE PAGE](#)

The M.Sc. in Zero Carbon Technologies addresses how technology to achieve the transformation to low-carbon energy and transport. The Zero Carbon Technology strand will cover power, transport and resources with related business and planning options. There are a wide range of module options and an excellent opportunity to engage in topical research with leading research groups within the School of Engineering.

This M.Sc. course can be taken as either a full-time one year or a part-time two- or three-year postgraduate course. Alternatively, candidates may choose to study for a Postgraduate Diploma (60 ECTS) or a Postgraduate Certificate (30 ECTS) by selecting from various taught module options. The Postgraduate Diploma and Postgraduate Certificate awards do not include a research project. Part-time students may follow the staged award path over 3 years of study.

Career Opportunities

We expect graduates to be in high demand for research and development positions within leading multi-national and international companies and start-up companies alike.

Admission Requirements

Admission is normally restricted to graduates who have achieved an upper second-class honours degree (2.1), or better, in engineering, science, computing, statistics, mathematics or a related discipline. Well-qualified candidates or industry professionals from other numerate disciplines who have sufficient knowledge of engineering and science, may also be considered.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

School of Mathematics

High Performance Computing (M.Sc./P.Grad.Dip.)

DURATION	1 year full-time
COURSE COORDINATOR	Dr. Kirk Soodhalter
EMAIL	ksoodha@maths.tcd.ie
CLOSING DATE	31st July 2025

[WATCH COURSE VIDEO](#)

[COURSE PAGE](#)

The M.Sc. in High-Performance Computing is a one-year full-time programme run by the School of Mathematics at Trinity College Dublin. The degree provides practical training in the emerging field of high-performance technical computing, which has applications in scientific simulation and mathematical modelling of systems in areas ranging from telecommunications to financial markets.

The aim of the course is to train students in practical applications of high-performance technical computing in industry, finance and research. Students will develop the expertise to make use of a large number of computer processing cores and use them to solve large numerical problems quickly, precisely and reliably.

The course presents the practical mathematical skills needed to translate descriptions of complex systems into a form the computer can manipulate and solve efficiently.

Career Opportunities

Successful graduates of the course go on to careers in technical and scientific computing and modelling, either in industrial or academic positions. A substantial number of graduates begin research towards their PhD directly after completing the course, studying topics as diverse as astrophysics, biomolecular modelling, fluid mechanics, and financial mathematics.

Admission Requirements

Applicants should normally have a first or upper second-class (2.1) degree in a subject with a significant mathematical component and should have some knowledge of computing and numerical simulation methods.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Quantum Fields, Strings and Gravity (M.Sc./P.Grad.Dip.)

DURATION	1 year full-time
COURSE DIRECTOR	Professor Andrei Parnachev
EMAIL	msc-qft@maths.tcd.ie
CLOSING DATE	31st July 2025

[WATCH COURSE VIDEO](#)

[COURSE PAGE](#)

The Quantum Fields, Strings and Gravity is a one-year, full-time taught M.Sc. programme is run by the School of Mathematics at Trinity. The degree offers advanced education in modern High Energy Theory and Mathematical Physics. The topics include string theory, conformal field theory, general theory of relativity and cosmology, quantum field theory and lattice gauge theory.

Students will have an opportunity to discuss cutting-edge research and perform their own M.Sc. dissertation work under the supervision of the School of Mathematics staff, who are world experts in the field.

Career Opportunities

Successful graduates are expected to continue their education at top PhD programs in Theoretical Physics in the world. Masters students will be strong applicants for IRC postgraduate funding for a PhD within Trinity's School of Mathematics. This course will provide the background necessary to carry out research in a wide range of areas in mathematical and theoretical physics.

Admission Requirements

Applicants are expected to have achieved a first in a Bachelors degree in Theoretical Physics or Mathematics or Physics with a strong Theoretical Physics component.

Applicants must also provide a personal statement detailing their interests and clearly indicate whether they wish to follow the formal or lattice pathway on their application. All applicants should provide updated academic transcripts and arrange for two references.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

School of Natural Sciences

Biodiversity and Conservation (M.Sc./P.Grad.Dip.)

DURATION 1 year full-time

COURSE DIRECTOR Dr. Nicholas Payne

EMAIL paynen@tcd.ie

CLOSING DATE 31st July 2025

[COURSE PAGE](#)

Biodiversity is the diversity of all life on earth and is currently being lost at an increasing rate. Biodiversity provides us with food, clothing, fuels, construction materials, medicines, and a range of ecosystem services. We ourselves are part of the biodiversity of this planet: we must understand and conserve biodiversity to secure a sustainable future for humanity.

Career Opportunities

The programme provides in-depth training and experience for those looking to further their career in biodiversity and its conservation, including in a range of international non-governmental organisations (NGOs), government departments and environmental consultancies. Graduates can also pursue further postgraduate research in this area.

Admission Requirements

Applicants should hold at least an upper second-class (2.1) Honours degree – or an equivalent qualification – in a science subject that includes significant components of botany, zoology or a relevant life science. Candidates with relevant, and significant, experience as professional practitioners in biodiversity management or policy may be accepted with lower qualifications.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Development Practice (M.Sc./P.Grad.Dip.)

DURATION 1 year full-time, 2 years part-time

COURSE DIRECTOR Professor Pádraig Carmody

EMAIL carmodyp@tcd.ie

CLOSING DATE 31st July 2025

[WATCH COURSE VIDEO](#)

[COURSE PAGE](#)

The one-year Development Practice programme encompasses an integrated theoretical and practical approach with multidisciplinary training in four 'pillars' – health, natural, social, and management sciences. The core modules provide rigorous training across the core pillars, complemented by training in research design, methodology, and methods.

The programme includes a work-based or research placement which provide hands-on practical experience for students. This programme trains a new generation of development practitioners with the skills to implement and manage comprehensive approaches to sustainable international development.

Career Opportunities

Graduates are in high demand from international organisations such as the Global Business Initiative on Human Rights, Economics and Social Research Institute, World Food Programme (UN), US Environmental Protection Agency (EPA), Washington DC, Oxfam, United Nations Global Impact, and various other government departments and non-government organisations.

Admission Requirements

Applicants must have:

- Achieved a first or upper second-class Honours degree (3.5 GPA equivalent) awarded by a reputable university or third-level institution, or a recognised awarding body (such as the NCEA).
- At least three years of appropriate employment, if degree requirements aren't met.
- A recognised professional qualification obtained through examinations (having spent at least four years in study) and, in addition, have been employed for at least two years in the work of their profession, if the first two requirements aren't met.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

School of Natural Sciences

Global Challenges for Sustainability (Charm EU) (M.Sc.)

DURATION 18 months full-time

COURSE DIRECTOR Dr. Annemarie Bennett

EMAIL charm-eu@tcd.ie

CLOSING DATE 20th March 2025

WATCH COURSE VIDEO

COURSE PAGE

The CHARM-EU Masters in Global Challenges for Sustainability offers a unique international learning opportunity. CHARM-EU students will have the chance to address the pressing need for sustainability in a transdisciplinary and challenge-based environment.

This international programme will employ innovative pedagogical approaches and mechanisms to engage staff and students of diverse backgrounds and disciplines to facilitate, foster and enhance the links between education, research and innovation.

The Masters degree is accredited and jointly awarded by the five CHARM-EU partner universities: University of Barcelona, Trinity College Dublin, Utrecht University, Eotvos Lorand University, and University of Montpellier.

Career Opportunities

Graduates have pursued sustainable policy and communication roles, entrepreneurship, sustainability specialist and consultancy roles within a wide range of companies, as well as further academic research.

Admission Requirements

Applicants must hold at least a Bachelors degree or recognised equivalent. In the case of students with a French Licence, they will need an additional 30 ECTS for admission.

English language certification at C1 level is necessary for admission. Students with B2 level will be considered in conjunction with other admission criteria but must attain C1 level before programme registration.

Applicants must complete the relevant forms and upload the required documents on the University of Barcelona admission portal.

You can find the required documents on the Charm EU website at: charm-eu.eu/learning/educational-offer/master-programme/

The CHARM-EU Masters in Global Challenges for Sustainability is an international, innovative, flexible, inclusive programme with a challenge-driven, research-based curriculum, enabling transdisciplinary approaches, addressing global societal challenges and skills shortages and focusing on reconciling humanity with the planet.

School of Natural Sciences

Environmental Sciences (M.Sc./P.Grad.Dip.)

DURATION	1 year full-time
COURSE DIRECTOR	Dr. Juan Diego Rodriguez-Blanco
EMAIL	rodrigid@tcd.ie
CLOSING DATE	31st July 2025

[WATCH COURSE VIDEO](#) 
[COURSE PAGE](#) 

The degree in Environmental Sciences, the first of its kind in Ireland, has an established pedigree, attracting students with diverse academic backgrounds from Ireland and abroad. It comprises a series of taught modules encompassing a variety of current environmental themes, followed by a five-month research project. There is also the possibility to opt for a Postgraduate Diploma in Environmental Sciences, consisting of the taught modules only.

Following the successful completion of the taught part of the course, students embark on a closely supervised research project intended to expand the skills and knowledge base acquired in earlier modules.

Previous research projects have covered a range of subjects, including groundwater contamination; atmospheric heavy metal deposition; the impacts of erosion in African lakes; and ocean chemistry and climate change.

Career Opportunities

Previous graduates of this course have been employed by a range of agencies involved in environmental protection, as environmental consultants and in local government. Many graduates have gone on to do further research in a range of environmentally related disciplines.

Admission Requirements

Applicants must provide:

- Their Bachelors degree.
- Evidence of English language competency, for applicants whose first language is not English or who have not been educated through the English language.
- Two academic references, or reference letters from industry for candidates who left academia several years ago.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Smart and Sustainable Cities (M.Sc./P.Grad.Dip.)

DURATION	1 year full-time
COURSE DIRECTOR	Dr. Philip Lawton
EMAIL	philip.lawton@tcd.ie
CLOSING DATE	31st July 2025

[WATCH COURSE VIDEO](#) 
[COURSE PAGE](#) 

The growth and development of cities in the 21st Century presents significant challenges, including sustainable development, the planning and design of urban space and social wellbeing. This new M.Sc. in Smart and Sustainable Cities approaches the study of smart and sustainable urbanism by drawing from the research-based expertise of leading scholars from Trinity's Energy, Environment and Emerging Technologies Institute (E3).

Career Opportunities

This course is designed to meet the learning needs of students who want to enter an expansive but demanding employment market, preparing them for professional work in institutions and public or private companies in the field of Smart and Sustainable Cities. Graduates have pursued careers in smart city organisations as well as sustainability initiatives.

Admission Requirements

Applicants will be expected to have an upper second-class (2.1), or above, Honours Bachelors degree in a social science or science-based course such as Engineering, Sociology, Computer Science, Economics, and Geography.

Applicants may be interviewed or asked to submit a written sample for assessment. Non-standard applicants may be considered by the Dean of Graduate Studies in exceptional circumstances based on workplace experience or other relevant criteria.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

School of Physics

Energy Science (M.Sc./P.Grad.Dip)

DURATION	1 year full-time
COURSE DIRECTOR	Dr. Juan Diego Rodriguez-Blanco
EMAIL	energyscience@tcd.ie
CLOSING DATE	30th June 2025

WATCH COURSE VIDEO

COURSE PAGE

The M.Sc. in Energy Science is a one-year taught Masters programme, jointly run by the Schools of Chemistry, Natural Sciences, Physics and Engineering. The aim is to provide students with a broad knowledge and experience of both the science and application of conventional and sustainable energy technologies.

The syllabus covers many topics, including energy economics and policy; natural resource management; fossil and nuclear energy; conventional energy conversion devices; sustainable energy technologies; power systems, power electronics and electrical systems; and the environmental impact of energy usage. Each topic is presented using the combined expertise of our multidisciplinary teaching staff.

Career Opportunities

Graduates of the M.Sc. in Energy Science have knowledge and skills applicable to a host of energy orientated industries, including power generation and distribution, electronics, automotive, aviation, construction, and oil and gas. For graduates interested in academic research, the societal pursuit of clean and secure energy is at the heart of the research agenda of every major country.

Admission Requirements

This M.Sc. programme is suitable for graduates who have achieved an upper second-class (2.1) Honours degree or the international equivalent in either Physical Sciences or Engineering. However, applications from similarly qualified candidates from other disciplines are welcome if they can demonstrate a sufficient level of knowledge or interest in Energy Science.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Quantum Science and Technology (M.Sc./P.Grad.Dip)

DURATION	1 year full-time
COURSE DIRECTOR	Professor Felix Binder
EMAIL	quantum@tcd.ie
CLOSING DATE	30th June 2025

WATCH COURSE VIDEO

COURSE PAGE

Quantum mechanics is the theory that explains the behaviour of the microscopic world such as atoms and photons. Over the last 100 years, this theory has been remarkably successful in describing the world at microscopic scales. It is now well accepted that being able to control quantum systems allows us to exploit many physical properties. This ability will revolutionise the way we communicate, process and store information and help develop new technologies.

This M.Sc. will enable students to develop key skills, such as how to write programs for quantum computers and to network with like-minded students who are interested in pursuing further studies in this area.

Career Opportunities

Graduates of this programme will be uniquely placed to work across the quantum science and technology sector as well as related areas of industry. For those interested in pursuing academic research, Trinity hosts many internationally recognised academics in quantum research.

Admission Requirements

Applicants will be expected to have an Honours Bachelors degree at 2.1 or above in Physics, Mathematics, Computer Science or Engineering (or equivalent). Applicants with lower than a 2.1 will be considered on a case-by-case basis by the Dean of Graduate Studies. In case of heavy competition for places or concerns regarding a particular applicant's suitability, applicants may be interviewed online.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Dental Surgery (D.Ch.Dent.)

COURSE PAGE

Admission requirements

Applicants will be considered only if they have held a primary dental qualification for at least two years. The MFD/MJDF or equivalent is mandatory. Normally, up to 12 months should have been spent working in hospital practice. Good communication skills in English are essential. Minimum requirements are an IELTS score of 7 or TOEFL score of 230 computer based, 570 paper based, 88 internet based across all domains.

Students will be required to undergo Garda Vetting, to learn more please visit: www.tcd.ie/students/orientation/postgraduates/garda-vetting

Addiction Recovery (M.Sc./P.Grad.Dip)

DURATION 1 year full-time, 2 years part-time

COURSE DIRECTOR Professor Joe Barry

EMAIL joebarry@tcd.ie

CLOSING DATE 31st July 2025

WATCH COURSE VIDEO

COURSE PAGE

This M.Sc. in Addiction Recovery course is the first of its kind in Ireland with no identical course offered internationally. The interdisciplinary collective strengths of the School of Medicine, Faculty of Health Sciences regarding lecture provision from the Schools of Pharmacy and Health Service Executive, as well as other leading addiction practitioners within non-statutory services are unprecedented.

The course will be underpinned by the integration of pioneering research in the field of Addiction Recovery to ensure the focus of the material delivered is current evidenced-based research which will inform evidenced-based best practice.

Career Opportunities

Graduates are able to demonstrate a range of skills necessary to work in treatment and prevention services, health and community service management, research, education and training; and other services for people with addiction issues.

Admission Requirements

Prospective students will have graduated with a degree in a health or social care-related discipline at a minimum 2.1 level, and will have at least three years professional experience. Other applications may be considered in exceptional circumstances, based on workplace experience. In the case of applicants with no professional experience, a submission may be considered by the course committee where the student can secure placement for the duration of the course and the course committee are satisfied that the student will adequately benefit from completing the course.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Applied Clinical Neuropsychology (M.Sc.)

DURATION 1 year full-time

COURSE DIRECTOR Professor Niall Pender

EMAIL neuropsychology@tcd.ie

CLOSING DATE 31st March 2025

WATCH COURSE VIDEO

COURSE PAGE

This Masters programme is the first of its kind in Ireland and brings students into a vibrant community of academics and clinicians at the Academic Unit of Neurology in Trinity's School of Medicine. Here they will acquire a unique interdisciplinary, research-led learning experience, from experts in neurology, neuropsychology and neuroscience.

Students will develop an understanding of key research methodologies used in the assessment of brain-behaviour relationships together with an extensive knowledge of different clinical presentations, diagnostic issues and neuropsychological profiles.

Career Opportunities

This course will enable students to develop the knowledge, skills and attitudes necessary for further clinical training, such as clinical psychology and clinical neuropsychology, or a career in clinical research.

Admission Requirements

Applicants will be required to hold at least a minimum of an upper second-class honours degree (2.1) in Psychology from a recognised university course, which confers eligibility for graduate registration with the Psychological Society of Ireland or equivalent professional body in the case of overseas applicants.

Students will be required to successfully undergo Garda Vetting by the beginning of the Academic Year, you can learn more at: www.tcd.ie/students/orientation/postgraduates/garda-vetting

International applicants will need to ensure that they are in a position to provide the required documents for this process in a timely manner (this can take up to 90 days in some instances).

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Biomedical Sciences (Intercalated) (M.Sc./P.Grad.Dip.)

DURATION 1 year full-time

COURSE DIRECTOR Dr. Henry Windle

EMAIL hjwindle@tcd.ie

CLOSING DATE 31st July 2025

COURSE PAGE

The Biomedical Sciences programme is designed to expose students to advanced fields of research in one of five specialist tracks: Molecular Medicine; Neuroscience; Translational Oncology; Healthcare Infection and Immunology.

The course aims to provide the participants with an understanding of the basic biology and advanced molecular mechanisms of various disease states; knowledge of current treatment strategies for disease management and treatment; knowledge of core techniques used to answer research questions in biomedical sciences; practical laboratory skills, experience in troubleshooting, and expertise in selected methodologies to facilitate a research or research-related career.

Career Opportunities

Graduates for this programme have pursued medical and biomedical research as well as careers in a range of areas including international research laboratories, government agencies and the private sector.

Admission Requirements

Admission is restricted to undergraduate students in Year 3 (and occasionally Year 4) in Trinity's School of Medicine. At this point, students will have qualified for a B.A. which is normally awarded when the students are conferred with their final M.B. The intercalated Masters will also be conferred then.

The course is coordinated through the Department of Clinical Medicine, Trinity, St James's Hospital Dublin. All references provided must be from Trinity academics.

Students will be required to undergo Garda Vetting, for more information please see: www.tcd.ie/students/orientation/postgraduates/garda-vetting

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Stephen Flannery

Biomedical Sciences (Intercalated)

Studying for my Master's has benefitted me in many ways. I have become better equipped to examine and evaluate research papers. My academic writing was repeatedly tested and improved throughout the year, from written assignments to my literature review and thesis. We had many opportunities to develop our oral and poster presentation skills throughout the year. All of these experiences have better developed my confidence, both inside the clinic and out, and given me a taste of what I want my future career to be.

Cancer Survivorship (M.Sc./P.Grad.Dip./P.Grad.Cert)

DURATION	1 year full-time, 2 years part-time
COURSE DIRECTOR	Associate Professor Deirdre Connolly
EMAIL	msccancersurv@tcd.ie
CLOSING DATE	31st July 2025

WATCH COURSE VIDEO

COURSE PAGE

The M.Sc. in Cancer Survivorship is the first of its kind in Ireland with no identical course offered internationally. It provides students with knowledge and skills to apply evidence-based practice to cancer survivorship care. Three postgraduate qualifications are available: a postgraduate certificate, a postgraduate diploma or a Masters in Cancer Survivorship.

The course content is underpinned by the integration of pioneering research in the field of cancer survivorship to ensure the focus of the material delivered is current evidenced based research which informs evidenced based best practice in cancer survivorship care.

The course is delivered by a multidisciplinary academic team who are driving developments in survivorship care and research nationally and internationally.

Career Opportunities

This course provides health and social care professionals evidence-based knowledge to design and deliver cutting edge cancer survivorship care. Graduates have also pursued further clinical and academic research.

Admission requirements

Applicants should have a primary degree at a minimum upper second-class (2.1) level in the health sciences. Applicants with other primary degrees will be considered on a case-by-case basis. Other applicants may be considered in exceptional circumstances based on workplace experience.

Students for whom English is not their first language or who have not been educated through English are required to submit an IELTS grade 6.5 overall (each band of the IELTS must have a minimum score of 6.5).

Diagnostic Radiography (M.Sc.)

DURATION	2 years full-time
COURSE DIRECTOR	Professor Suzanne Dennan
EMAIL	dennans@tcd.ie
CLOSING DATE	30th June 2025

COURSE PAGE

This course is offered by the School of Medicine and is designed to provide high quality academic education and practical training to enable graduates to practice safely and independently as diagnostic radiographers.

The MSc in Diagnostic Radiography programme at Trinity is approved by CORU, Ireland's multi-profession healthcare professional regulator.

Career Opportunities

The programme will equip diagnostic radiography graduates with the necessary technical and professional skills required to meet the demands of a constantly evolving profession.

Admission Requirements

Prospective students will be graduates with a science or healthcare related undergraduate degree (at minimum 2.1 level). Graduates from other disciplines may also be considered.

Other applications may be considered in exceptional circumstances based on workplace experience.

Shortlisted applicants will be invited for interview, which will be adjudged based on:

- Personal motivation.
- Communication skills.
- Academic achievements (including qualifications and research to date).
- Technical knowledge of diagnostic radiography.

Students will also be required to undergo Garda Vetting, for more information please visit: www.tcd.ie/students/orientation/undergraduates/garda-vetting

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Entrepreneurship of Smart Medicines (M.Sc.)

DURATION 1 year full-time

COURSE DIRECTOR Professor Kumlesh K. Dev

EMAIL devk@tcd.ie

CLOSING DATE 30th June 2025

[WATCH COURSE VIDEO](#)

[COURSE PAGE](#)

The M.Sc. in Entrepreneurship of Smart Medicines programme is designed to provide a new language to those coming from a non-biology background in drug discovery and pharmaceutical development. The course is also designed to provide a language of business and commercialisation to those knowledgeable in the area of biology. This course provides training in the area of drug development, biotech, pharma, and commercialisation.

Career Opportunities

Designed to bridge the gap between business and biology, this course trains, converts and upskills the 'biologist-to-business' and 'business-to-biologist', opening the door to careers in drug development, biotech, pharma and commercialisation.

Admission Requirements

Applicants will be expected to have an Honours Bachelors degree at 2.1 (or above) in Science (such as cell biology, immunology, neuroscience, pharmacology, physiology), Health Sciences (such as medicine, nursing, allied health) or Business (including entrepreneurship, innovation, venture capital). Applicants with other primary degrees will also be considered.

Other applicants without a primary degree may be considered by the Dean of Graduate Studies in exceptional circumstances based on workplace experience.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Genomic Medicine (M.Sc.)

DURATION 1 year full-time, 2 years part-time

COURSE DIRECTOR Assistant Professor Shigeki Nakagome (School of Medicine)

EMAIL nakagoms@tcd.ie

CLOSING DATE 31st July 2025

[WATCH COURSE VIDEO](#)

[COURSE PAGE](#)

This M.Sc. aims to provide participants with the knowledge and skills to generate, evaluate and use genomic data, covering analytical, technological and biomedical aspects. Understanding the importance of genomic variation and its impact on biology opens the possibility of advanced diagnostics and precision treatments, as well as an improved fundamental understanding of disease mechanisms and the effects of environmental exposures. Such developments will in turn lead to further, more specific therapeutic opportunities.

The M.Sc. in Genomic Medicine aims to provide students with a cutting-edge overview of the theory and practical applications of genomics in the health sciences.

Career Opportunities

The course provides participants with the knowledge and skills to generate, evaluate and apply genomic data, covering analytical, technological and biomedical aspects. Graduates have upskilled in the area of genomic medicine and have pursued an array of academic, clinical and industrial career paths.

Admission Requirements

The programme is open to graduates that hold a professional degree at upper second-class (2.1) level or equivalent. Ideally this qualification will be from a medicine, nursing, or general science background, but graduates from other degrees will be assessed on an individual basis. Relevant professional experience will also be taken into account.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Global Health (M.Sc.)

DURATION 1 year full-time

COURSE DIRECTOR Dr. Felicity Daly

EMAIL global.health@tcd.ie

CLOSING DATE 30th June 2025

COURSE PAGE

The M.Sc. in Global Health is a multidisciplinary course using biosocial models to address global health challenges. It augments traditional approaches to public and international health with perspectives from a range of health and social sciences to understand the challenges of global health.

The course lays emphasis on 'local' experiences that resonate globally in the case of Ireland. These include the influence of poverty and rapid social change on health and identity in Ireland; migration and refugee welfare, the consequences of ethnic conflict, the peace process and the challenges of reconciliation for creating inclusive health services.

Career Opportunities

Graduates pursued leadership positions in global health research, policy and practice, among a variety of other fields related to global health issues.

Admission Requirements

Applicants are required to complete an online application and provide some of the following documents:

- A personal statement stating your interest in global health issues, why you wish to participate in the course, prior global health experience, and your career aspirations.
- A professional CV.
- Two references, with at least one from a contact in academia.
- Copies of certificates of English language competence (for applicants whose native language is not English or who have not been taught at university in the English language).

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

COURSE PAGE

The M.Sc. in Healthcare Infection is a postgraduate qualification offered by the Department of Clinical Microbiology, Trinity College Dublin to meet the need for a multi-disciplinary approach to modern healthcare infection control. The course provides specialist teaching delivered in conjunction with partner organisations including St. James's Hospital, Tallaght University Hospital and the Health Service Executive.

The course is offered to nurses, doctors, pharmacists, microbiologists, biomedical scientists, infection control specialists and public health workers. It is delivered using a combination of interactive lectures and seminars as well as laboratory demonstrations and discussion workshops.

Career Opportunities

Past students from Biomedical and Health Science backgrounds have pursued careers in research, industry and surveillance. Additionally, biomedical scientists have used this M.Sc. to gain fellowship to the Academy of Clinical Science and Laboratory Medicine (ACSLM).

Admission Requirements

Applicants should provide:

- An upper second-class (2.1) honours degree in Medicine, Biomedical Sciences, Nursing, Pharmacy, or Microbiology, or another relevant science subject.
- Evidence of relevant healthcare experience.
- Applicants whose first language is not English and who have not been educated through the English language must present a relevant qualification (such as an IELTS, at Grade 6.5 overall and no band grade below 6.0).
- Applicants meeting these requirements may still be required to attend an interview.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Healthcare Innovation (P.Grad.Dip.)

DURATION	1 year full-time
COURSE DIRECTOR	Professor Seamas Donnelly
EMAIL	armstrong@tcd.ie Dr. Michelle Armstrong (Course Coordinator)
CLOSING DATE	31st July 2025

WATCH COURSE VIDEO

COURSE PAGE

Healthcare is entering a period of accelerated disruptive innovation with rapid discovery and adoption of new approaches to improve patient outcomes. To thrive and lead in a world of increased complexity requires skills in innovative thinking and creative execution. Through this one-year postgraduate diploma programme, you will be supported to develop a personal innovation framework for leadership. You will be ready to propose future health solutions, stepping up to the next level in your career development.

Career Opportunities

This course aims to develop you as a strategic leader to engage, shape and enable a culture of innovation across your organisation; advance your ability to ideate, design and implement innovative and novel solutions for organisations or as entrepreneurs; develop you as a skilled practitioner, adept at harnessing innovation to thrive in the opportunity of tomorrow's healthcare world; equip you with practical frameworks and the best in international innovation practices in innovation.

Admission Requirements

Applicants are expected to hold an undergraduate Bachelors degree with an upper second-class (2.1) grade or higher. Experience of working in the healthcare sector is required.

Applicants whose first language is not English and who have not been educated through the English language must present a relevant qualification.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Health Policy and Management (M.Sc.)

DURATION	1 year full-time, 2 years part-time
COURSE DIRECTORS	Dr. Carlos Bruen (Course Director) Professor Sarah Burke (Centre Director for Health Policy and Management)
EMAIL	bruenc1@tcd.ie
CLOSING DATE	30th June 2025

WATCH COURSE VIDEO

COURSE PAGE

The Health Policy and Management programme equips learners with vital knowledge, skills and tools for understanding, researching and working in complex and changing health and social care systems. From reforming and managing health systems, to implementing organisational, technological and digital innovations, course participants acquire a detailed theoretical and practical understanding of major health system challenges and developments – and how to address them.

Career Opportunities

The Health Policy and Management course will equip learners with the knowledge and skillset to have a successful career in health systems, policy, and management.

Admission Requirements

Applicants will need to:

- Hold at least a 2.1 honours undergraduate degree or above*
- From an Irish university or equivalent result from a university in another country;
- In a related professional or academic discipline (e.g., medicine, nursing, allied health professions, management, social sciences, or health sciences, among others).
- Demonstrate evidence of professional and/or academic experience.
- Potential candidates with Irish nursing qualifications dating before 2002 might be exempt from this otherwise strict entry requirement of an Undergraduate degree. For applicants who do not have the required minimum academic entry requirements, but have demonstrable and substantial prior learning, please contact the Course Director.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Molecular Medicine (M.Sc./P.Grad.Dip.)

DURATION	1 year full-time
COURSE DIRECTOR	Professor Ross McManus
EMAIL	llavoria@tcd.ie Ana Llavori
CLOSING DATE	28th June 2025 (M.Sc.) 30th June 2025 (P.Grad.Dip.)

[WATCH COURSE VIDEO](#)
[COURSE PAGE](#)

The Molecular Medicine programme is delivered by more than 80 research experts, including academic scientists, clinicians and healthcare professionals from Trinity and its associated teaching hospitals as well as many external experts.

Students acquire broad theoretical knowledge of topics such as cellular signalling, genetics, oncology and immunology in human health and disease. Specialist topics are also covered, such as the molecular basis of human diseases, advanced diagnostics and therapeutics, nano-medicine and medicinal chemistry.

A central component of the programme is practical 'hands-on' experience in state-of-the-art research laboratories, with access to the latest cutting-edge technologies in the biomedical and life sciences.

The Postgraduate Diploma has the same high standards of the M.Sc. but does not require a commitment of three months full-time laboratory work.

Career Opportunities

Course graduates have gone on to careers in the life sciences industry, research, academia and medicine.

Admission Requirements

Applicants should hold the minimum of an upper second-class (2.1) Honours Bachelors degree or equivalent in a biological science subject; a clinical science such as medicine, dentistry or veterinary; a pharmaceutical science; or another science-related area. Candidates may be interviewed to assess their suitability at the discretion of the course co-ordinators.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Neuroscience (M.Sc.)

DURATION	1 year full-time
COURSE DIRECTOR	Professor Kumlesh Dev
EMAIL	mscneuro@tcd.ie
CLOSING DATE	30th June 2025

[WATCH COURSE VIDEO](#)
[COURSE PAGE](#)

The M.Sc. in Neuroscience studies the functioning of the nervous system at all levels, from the molecules that make up individual nerve cells, to the complexities of animal and human behaviour. A major focus is on the molecular, biochemical and cellular basis of neurotransmission and synaptic function. The course also covers the physiology, pathophysiology and pharmacological treatment of psychiatric, neurodegenerative and neurological disorders.

The course provides students with a broad based appreciation of the neurosciences, and in-depth instruction in certain specialised areas of neuroscience from both a theoretical and practical standpoint. From a practical perspective the course involves in-depth instruction in novel methodologies used in neuroscience/biomedical research, including the fundamentals of molecular, biochemical, and cellular biology.

Career Opportunities

The course will equip participants with the skills necessary to progress into a career in biomedical, pharmaceutical or neuropsychological research. Graduates have pursued medical and health-related degrees, direct entry into research labs, as well as PhD research across the world, from Ireland to Australia.

Admission Requirements

Candidates must hold a third level qualification, ideally in Biological Sciences, Neuroscience, Pharmacology, Physiology, Biochemistry, Allied Health Sciences, Medicine or a related discipline. Applicants should have achieved at least an upper second-class (2.1) Honour's bachelor degree or its equivalent.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Sports and Exercise Medicine (M.Sc.)

DURATION 1 year full-time

COURSE DIRECTOR Dr. Nick Mahony

EMAIL whitneyb@tcd.ie
Beth Whitney
(Course Administrator)

CLOSING DATE 30th May 2025

COURSE PAGE 

This programme allows students to commence entry level training or further their career progression in sports and exercise medicine by furthering their knowledge in anatomy, exercise physiology and, sports and exercise medicine and science.

Career Opportunities

This course is designed to produce leaders in sports and exercise medicine. Graduates have pursued diverse careers in multi-disciplinary teams providing full-time or part-time healthcare to professional and amateur athletes.

Admission Requirements

The programme is open to graduates from medicine and physiotherapy. There are a limited number of places on offer to certified athletic training therapists (Ireland, the USA and Canada only) and sports rehabilitation therapists (UK or UK accredited courses in Ireland).

UK and EU Applicants require an NFQ Level-8 degree at an upper second-class (2.1) honours or equivalent and applicants with post-graduate clinical experience and health service provision to athletes will be prioritised.

Non-EU applicants require a first-class honours degree; and, show evidence of at least 2 years post-graduate clinical experience in musculoskeletal injury and applicants who show health service provision to athletes and teams will be prioritised.

Two references are also required.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Translational Oncology (M.Sc.)

DURATION 1 year full-time

COURSE DIRECTOR Dr. Joanne Lysaght

EMAIL msconcol@tcd.ie

CLOSING DATE 31st July 2025

WATCH COURSE VIDEO 

COURSE PAGE 

Cancer research is a significant strength at Trinity College Dublin and a major focus at its associated teaching hospitals, including St. James's Hospital. Global cancer incidences are rising rapidly each year and research exploring the underlying causes, mechanisms of tumour progression and response to treatments are vitally important.

This M.Sc. programme in Translational Oncology focuses on the cellular and molecular basis of cancer. The course also covers the scientific and clinical challenges pertinent to the management of site-specific cancers, and all aspects of cancer treatment from standard therapies to 'individualised' molecular targeted and immune-based therapies.

Career Opportunities

Recognised by many academic and industry partners as a source of high-quality students, this course has had an employment rate above 92% in its last four years. Careers our graduates pursued span further research (including PhDs) through to employment in hospitals, university and medical centres. Additionally, a significant number of students have secured positions in pharmaceutical and clinical trial companies, both nationally and internationally.

Admission Requirements

This programme is open to candidates with qualifications in science, medicine, or a related discipline. Scientific, dental or equivalent candidates must have a minimum upper second-class (2.1) degree. Medical graduates must have a M.B., B.Ch., B.A.O. or equivalent from a recognised medical school. Additionally required:

- Two academic or clinical references.
- 500 word personal statement.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

CLOSING DATE **30th June 2025**

WATCH COURSE VIDEO

COURSE PAGE

This interdisciplinary course will develop and strengthen the skills, competencies, and knowledge of students, thus enabling them to promote and develop excellence in the delivery of care for people with an intellectual disability. Students will explore the physical health, policy, and complex care needs of people with intellectual disabilities.

The Trinity Centre for Ageing and Intellectual Disability based at Trinity College Dublin, hosts IDS-TILDA, the world leading longitudinal research initiative focused on ageing and intellectual disability and the most complete multidisciplinary body of research in this field.

Career Opportunities

This course prepares graduates to promote and develop excellence in the delivery of care for people with an intellectual disability in a wide range of settings.

Admission Requirements

Applicants must hold an upper second-class (2.1) degree, ideally in a science or medical-related discipline. In exceptional circumstances, applicants may be able to satisfy the selection committee that they have the academic ability to successfully complete the programme despite having achieved a lower or unrelated qualification. Candidates should be registered with their relevant professions' regulatory body, where applicable.

Students will be required to undergo Garda Vetting, you can learn more at: www.tcd.ie/students/orientation/postgraduates/garda-vetting

English Language Requirements

CLOSING DATE **29th January 2025**

WATCH COURSE VIDEO

COURSE PAGE

The aim of this programme is to educate graduates for the award of Higher Diploma in Nursing (Registered Children's Nursing). Students on the programme are prepared to develop skills of critical thinking, research, and reflection to become life-long learners and leaders in children's nursing management, advanced practice, leadership research and policy development at a national and international level.

Career Opportunities

Higher Diploma Children's Nursing graduates can work and specialise in a number of areas in hospital and community services. Children's nursing offers you an opportunity to make a difference in the lives of children and their families.

Postgraduate specialist programmes that children's nurses can pursue are the M.Sc. in Child Health and Wellbeing, M.Sc. in Specialist and Advanced Practice and other Postgraduate Specialist programmes.

Admission Requirements

Applicants must be selected at interview by the Children's Health Ireland (CHI) committee; be on at least one of the following divisions of the register as held by The Nursing and Midwifery Board of Ireland: General Nursing, Psychiatric Nursing and Intellectual Disability Nursing; be on the active register as held by The Nursing and Midwifery Board of Ireland; have at least six months of full-time, post-registration clinical nursing experience; have relevant academic undergraduate qualifications.

Students will be required to undergo Garda Vetting, you can learn more at: www.tcd.ie/students/orientation/postgraduates/garda-vetting

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. EMAIL **pgt.nursing.midw@tcd.ie**

CLOSING DATE **30th June 2025**

WATCH COURSE VIDEO

COURSE PAGE

This course is developed in partnership with national key stakeholders to meet the demands and challenges within the healthcare system and specifically within dementia care. The programme is firmly grounded in a body of knowledge and clinical expertise that aims to promote excellence in the area of dementia care practice.

Career Opportunities

This course prepares graduates from the nursing, medicine, occupational therapy, social work, physiotherapy, and chaplaincy sectors with dementia-specific knowledge, skills and values to promote excellence in dementia care practice.

Admission Requirements

Applicants must have current registration on the appropriate division of Nursing and Midwifery Board of Ireland live register; a minimum of one year's professional experience in supporting persons with dementia in the past two years; experience working in an area where dementia care is delivered; an Honours undergraduate degree in a relevant discipline such as social, health or pastoral care.

Candidates with relevant and significant experience as practitioners in the field of dementia care may be considered with a lower-class degree or equivalent.

Students will be required to undergo Garda Vetting, you can learn more at: www.tcd.ie/students/orientation/postgraduates/garda-vetting

School of Nursing and Midwifery

Midwifery (H.Dip.)

DURATION 18 months full-time

COURSE DIRECTOR Dr. Sunita Panda

EMAIL pgt.nursing.midw@tcd.ie

CLOSING DATE 12th January 2025

WATCH COURSE VIDEO

COURSE PAGE

This course is taught by the School of Nursing and Midwifery, Trinity College Dublin in partnership with The Rotunda Hospital, Dublin and The Coombe Hospital, Dublin. The course aims to develop midwives with the knowledge, skills and attitudes necessary to become competent, analytical and reflective practitioners, thus enabling them to provide care in a manner that benefits women, their babies and families.

Career Opportunities

Midwifery graduates will be able to provide competent, safe midwifery care autonomously for women and their families; recognise the individuality of each woman and foster the development of shared decision making throughout the childbirth experience; and promote and support lifestyle choices that enhance the health and wellbeing of women, their families and the wider community.

Graduates will also be able to demonstrate informed decision-making skills and the ability to make informed differential diagnoses; and recognise the scope of midwifery practice, initiate appropriate referrals to other healthcare providers, and provide emergency care when required.

Admission Requirements

Only candidates who have attended an application interview may apply for the course.

Students will be required to undergo Garda Vetting, you can learn more at: www.tcd.ie/students/orientation/postgraduates/garda-vetting

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).

Midwifery Practice and Leadership (M.Sc./P.Grad.Dip)

DURATION 1 year full-time, 2 years part-time

COURSE DIRECTOR Dr. Margaret Dunlea

EMAIL pgt.nursing.midw@tcd.ie

CLOSING DATE 30th June 2025

WATCH COURSE VIDEO

COURSE PAGE

Trinity's midwifery teaching team has a strong track record in advancing midwifery nationally and internationally. This is achieved through research and in supporting education in academic and clinical practice. The teaching team also represents midwifery on regulatory (NMBI) and Irish health service (HSE) bodies. Students who successfully complete Year One may choose to exit with a Postgraduate Diploma in Midwifery, or proceed to second year where they complete the Masters in Midwifery.

The M.Sc. Midwifery programme does not lead to registration as a Midwife with the Nursing and Midwifery Board of Ireland (NMBI); the programme is aimed at postgraduate registered midwives.

Career Opportunities

The course will provide midwives with a thorough understanding of midwifery theory, practice, education, management, and research. By developing and building on subjects undertaken at undergraduate degree level, graduates of this course will possess the skills necessary for advancing knowledge, initiating and encouraging innovation, and leading and developing midwifery practice.

Admission Requirements

Applicants must hold Registration as a midwife with the Nursing and Midwifery Board of Ireland; a minimum of one year full-time recent clinical midwifery practice or equivalent since registration as a midwife; an Honours undergraduate degree in Midwifery or a related discipline, or equivalent professional and academic qualification.

Students will be required to undergo Garda Vetting, you can learn more at: www.tcd.ie/students/orientation/postgraduates/garda-vetting

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. CLOSING DATE 28th June 2025

WATCH COURSE VIDEO

COURSE PAGE

The M.Sc. in Nursing will enable students to develop the knowledge, skills and attitudes necessary to care for patients to the highest professional standards across the healthcare continuum. In applying their learning, candidates are expected to provide quality nursing care and promote excellence in the practice setting.

The M.Sc. Nursing programme does not lead to registration as a Nurse with the Nursing and Midwifery Board of Ireland (NMBI).

Career Opportunities

Graduates often pursue careers in healthcare consulting, research, and specialist nursing. This includes positions in advanced practice, clinical nurse specialist roles, administration, nurse consultant, nurse educator, and research nurse.

Admission Requirements

Places on this course are limited and offers are based on a first come basis. Offers which are made are based on suitably qualified applicants providing all the required documentation. All conditions must be met before an offer can be made.

Applicants must hold at least an upper second-class (2.1) Honours undergraduate degree in nursing or a related discipline or equivalent professional and academic qualification.

They must also hold current registration as a nurse with the Nursing and Midwifery Board of Ireland, or, in the case of international applicants (for theory-only learning strands), be registered as a professional nurse in their own country.

Students will be required to undergo Garda Vetting, you can learn more at: www.tcd.ie/students/orientation/postgraduates/garda-vetting

CLOSING DATE 30th June 2025

WATCH COURSE VIDEO

COURSE PAGE

This programme will enable students to strengthen and develop the knowledge, skills competencies, and attitudes necessary to advance care for the health and wellbeing of children, young people and families. The modules offered are grounded in a body of evidence-based knowledge that promotes excellence in contemporary nursing practice.

The course provides advanced study in research methods, the theoretical and practical aspects of management, clinical practice and leadership and child health perspectives as well as contemporary issues in child health and wellbeing.

Career Opportunities

Graduates can be expected to provide quality nursing care and promote and develop excellence in their practice setting. In applying their learning, they will identify and address the need to integrate high quality care delivery with societal and healthcare demands in rapidly changing environments; this is critical to meeting service-user and healthcare service needs.

Admission Requirements

Applicants must hold at least an upper second-class (2.1) Honours undergraduate degree in nursing or a related discipline or equivalent professional and academic qualification.

They must also hold current registration as a nurse with the Nursing and Midwifery Board of Ireland, or, in the case of international applicants (for theory-only learning strands), be registered as a professional nurse in their own country.

Pharmaceutical Sciences (M.Sc./P.Grad.Dip.)

DURATION 1 year full-time

COURSE DIRECTOR Dr. Maria Jose Santos-Martinez
Dr. Eduardo Ruiz-Hernandez

EMAIL griffilo@tcd.ie

CLOSING DATE 28th June 2025

WATCH COURSE VIDEO

COURSE PAGE

The M.Sc. in Pharmaceutical Sciences is an integrated multidisciplinary course addressing fundamental and applied aspects of drug and drug product discovery, development, production and analysis. The programme will prepare candidates for research careers in academia and industry in pharmaceutical R&D, as well as will create an awareness of issues and approaches relevant to Ireland's pharmaceutical manufacturing sector.

The School of Pharmacy and Pharmaceutical Sciences at Trinity is the leading research School of Pharmacy in Ireland. This M.Sc. in Pharmaceutical Sciences course is the only such degree offered in Ireland by a specialist School of Pharmacy centre.

Career Opportunities

This course will prepare candidates for careers in pharmaceutical research relevant to academic and manufacturing sectors, as well as create an awareness of issues and approaches relevant to the key pharmaceutical manufacturing sector in Ireland. Graduates have enjoyed successful careers in manufacturing, in R&D and in regulatory affairs.

Admission Requirements

Applicants are sought from holders of an upper second-class (2.1) Honours degrees in a relevant science disciplines, including Pharmacy, Chemistry, Analytical Chemistry, Microbiology, Biochemistry, or Pharmacology, or other appropriate programmes, such as Medicine or Veterinary.

Equivalent primary and/or postgraduate qualifications are considered, particularly with relevant professional experience.

Applications will be evaluated by the Course Director in consultation with the Course Committee and Dean of Graduate Studies as appropriate.

English Language Requirements

All applicants to Trinity are required to provide official evidence of proficiency in the English language. Applicants to this course are required to meet Band B (Standard Entry) English language requirements. For more details of qualifications that meet Band B, see the English Language Requirements page [here](#).
