Current Volunteering Opportunities

We are seeking expressions of interest from people who are available to assist in Cheeverstown during these challenging times.

We are reaching out to those who may be unable to continue in their own work, students who are unable to attend college, or other relevant people who may be in a position to help out.

We are interested in hearing from retired and student healthcare professionals and those with experience working in a similar service. Students and / or professionals in other disciplines may be in a position to support our frontline services, or backfill for redeployed staff in our organisation.

We are also interested in hearing from non healthcare professionals who may have skills that we require to support our frontline staff in their roles. We may require volunteers who can assist with shopping, cleaning, preparing meals etc

Hopefully we won’t need to call, and if we do, we may not need every one of you. But knowing you are there if we do will make all the difference.

The types / number of volunteering roles and hours required will depend on the impact COVID-19 has on our staff and service users. We will contact those whose skillset and availability match with the emerging needs of the service. As this is a constantly evolving situation we cannot predict what our requirements will be.

We cannot say when exactly we will contact people or indeed if we will contact them, this depends on what kind of volunteer is needed. This means we are responding to needs as, where and when they arise.

We will contact those interested mainly via mobile phone (text/ phone call and email).

There may be people you know who are not able to work in their jobs, but are being paid and may be in a position to give some voluntary hours – we would love to hear from them too so please spread the word. Enquiries to Paula Coghlan on 085 7358843.

If you are able to help us out please complete the application form below and email to hr@cheeverstown.ie with “Volunteer” in the subject line.
