

# The virus

It's wrong so very wrong  
Being stuck in the house,  
Just washing your hands  
with a head full of sneezes  
and a handful of coughs

But there a new type of fashion  
It's called making space  
for each other.  
It's all about measuring lines,  
safety zones, and keeping  
your distance...

.  
There's the Garda checks and balances  
with badges been shown  
The new going out is just staying at home  
It's the bingo, the gardening and all types  
of baking.

This extended holiday is called cocooning  
It's full of lazy days, sleep on's,  
and phoning a friend  
There's a new type of hero and it's called staying  
at home.
