PERSON-CENTREDNESS IN HEALTHCARE CURRICULA ACHIEVING CONSENSUS

AN INTERNATIONAL CONFERENCE

20th May 2021, 9.30 - 16.30h BST (CET -1)

Led by Professor Brendan McCormack, Queen Margaret University, Scotland, and involving collaborations with universities in Ireland, Northern Ireland, Norway, Slovenia and the Netherlands, our Erasmus+ project is developing an international curriculum framework for the education of future person-centred healthcare practitioners.

Building on work undertaken by the Project Team over the past 18 months, we are delighted to host this event to present our proposed person-centred curriculum, seek feedback and advice from attendees, and launch our pilot website.

This **free event** will be of interest to healthcare educators, students, management, practice development facilitators, practice mentors, regulators and all others interested in person-centredness.

REGISTER TO ATTEND ON EVENTBRITE: <https://www.eventbrite.co.uk/e/person-centredness-in-healthcare-curricula-achieving-consensus-tickets-150032963633>

Follow the event, and the work of our Project on Twitter @CentredPerson #CentredPerson

Person-centredness in Healthcare Curricula is an Erasmus+ Project, and a Partnership between Queen Margaret University, Scotland; University of Ulster, Northern Ireland; Trinity College Dublin, Republic of Ireland; Fontys University of Applied Sciences, The Netherlands; University of South-Eastern Norway, Norway; University of Maribor, Slovenia.
