Foreword

I am delighted to present the first annual report of Academic Affairs. The report captures the work of Academic Affairs during 2019/20, which proved to be a very busy year for the team in providing information, advice and guidance on the development of academic policy and regulations, and supporting the development of course proposals, and articulation and inter-institutional agreements across undergraduate and graduate education. 2019/20 was the first year of intake of new entrants to programmes under the common architecture with Academic Affairs supporting the work of the Trinity Education Project (TEP) including, the delivery of workshops to Schools and College Tutors on the new common architecture and working in partnership with TEP on the development of resources for students.

The COVID-19 crisis which resulted in College closure saw Academic Affairs continuing to deliver its activities remotely, harnessing the affordances of online platforms such as ZOOM and Microsoft Teams to convene meetings of the Graduate Studies Committee and the Undergraduate Studies Committee. Academic Affairs will continue to deliver its activities online and will return to West Theatre on a phased basis in 2020/21 in line with College policy.

2020/21 is expected to be another busy year with exciting new initiatives presenting opportunities for Academic Affairs. Such new initiatives include CHARM-EU, the renewal and reform of postgraduate education, a strategic objective of the Trinity Strategic Plan (2020-2025), and the mainstreaming and embedding of reforms introduced under TEP. Academic Affairs welcomes the establishment of the Undergraduate Curriculum Architecture Management Structure and looks forward to working closely with the new Undergraduate Common Architecture Office in supporting the mainstreaming and embedding of the common architecture.

Over the coming year Academic Affairs will be concentrating its efforts on developing its online presence to ensure that new academic policies/procedures, regulations and Academic Affairs’ activities are better communicated and disseminated across the Trinity community. Work has already commenced on the Academic Affairs website and will continue into 2020/21.

Lastly, I would like to acknowledge the dedication and commitment of the team who ensure the delivery of the Academic Affairs’ remit to the highest standards.
