2. ACADEMIC WRITING

2.1 Plagiarism and Referencing Guide

Throughout your studies in Trinity College Dublin, you will develop and write assignments that require research. Your ideas will be expressed through words, images, diagrams and other multi-media forms. As you research you will be expected to understand and build upon the work of others. This requires acknowledging correctly and fully the contributions of others to your own scholarship. Regardless of what discipline you enter in Trinity, the cornerstone of its scholarship is academic honesty. So, no matter what form your scholarly writing takes, you are expected at all times to take responsibility for the integrity of your work as you advance knowledge in your field of study.

Students in Trinity Joint Honours programmes should be mindful that each of your subjects may have different referencing requirements and that these requirements are met as appropriate.

The word plagiarism is derived from the Latin words meaning ‘kidnapper’. In its simplest sense, plagiarism can be seen as stealing someone else’s words or ideas and passing them off as your own, although plagiarism comes in many forms. Whether unintentional or intentional, plagiarism is your responsibility, and you need to know exactly what it is in order to avoid it.

Ready Steady Write

All students need to complete the Ready Steady Write plagiarism tutorial, a resource developed by the Centre for Academic Practice and eLearning (CAPSL), to help you understand and avoid plagiarism and develop your academic writing skills and academic integrity. It is designed so that you can view it from beginning to end or in sections and topics.
Coversheet

Every coversheet that is attached to submitted work has a declaration that must be completed, confirming that you have completed this tutorial. Each coversheet that is attached to submitted work should contain the following completed declaration:

"I have read and I understand the plagiarism provisions in the General Regulations of the University Calendar for the current year, found at http://www.tcd.ie/calendar.

I have also completed the Online Tutorial on avoiding plagiarism ‘Ready Steady Write’, located at http://tcd-ie.libguides.com/plagiarism/ready-steady-write."

Students come to Trinity not only to acquire a certain set of facts or competencies but because they have an understanding of the sort of person they want to become. Building on the strong value placed on a solid disciplinary formation, College distilled this sense of transformation into four Trinity graduate attributes. To think independently, to communicate effectively, to develop continuously and to act responsibly.

Defining the Trinity Education, these attributes encompass the qualities, skills and abilities that our students have the opportunity to develop throughout their entire university experience, both in and outside the classroom in activities such as internships or volunteering. They will benefit our students not just in their careers, but in their future lives as individuals and members of society.
