Capstone Requirements per TJH Subject

General Principles for the Capstone Project within the Common Architecture:

1) Students will undertake one Capstone project in the Senior Sophister year.
2) The Capstone project will be valued at 20 ECTS.
3) Where a student is following the Single Honours Degree Pathway for their Sophister years, they will complete a Capstone project in the subject of the Single Honours award.
4) Where a student is following the Major with Minor Degree Pathway for their Sophister years, they will complete a Capstone project in the Major subject. Where feasible or appropriate, elements of the minor subject may contribute to the design or delivery of the Capstone project.
5) Where a student is following a Joint Honours Degree Pathway in their Sophister years:
   a) Students will advise which of their two subjects they wish to complete their Capstone in as part of a process run by the UCAO
6) Module pre-requisites for Capstone projects may exist.
   a) Disciplines/Programmes of Study should normally inform students of these pre-requisites as part of provision of advice to students ahead of the year the pre-requisites are delivered in.
   b) Disciplines should normally advise the UCAO of all pre-requisite requirements.
   c) Students are responsible for engaging with information provided from Disciplines and/or Programmes of Study and ensuring they are aware of any pre-requisites for Capstone projects. Students are responsible for module selection and as such are responsible for ensuring they meet the requirements of their Capstone.

Table 1 Capstone requirements per TJH Subject

TJH Subject	Requirements e.g. pre-requisite modules	Erasmus/Study Abroad arrangements to fulfil these requirements?	Information
Ancient History and Archaeology	None	N/A	Information supplied by Department
Business[1]	- BUU44520 - none - BUU44590 - none - BUU44620 – pre req: BUU33590/BUU33690/equivalent - BUU44630 – none - BUU44540 - none - BUU4NEW - none - BUU4NEW - none - BUU44502 and BUU44501- Co-Requisites	Yes – please contact Department	There will be an information session held in the last week of HT.

[1] First Cohort of Students entered in 2021/22 and first Capstone will be undertaken in 2024/25

Correct as of 12/01/2024

Capstone Requirements per TJH Subject

TJH Subject	Requirements e.g. pre-requisite modules	Erasmus/Study Abroad arrangements to fulfil these requirements?	Information
Classical Civilisation	None	N/A	Information supplied by Department
Classical Languages	None	N/A	Information supplied by Department
Computer Science[1]	None	N/A	During the first semester students must attend a taught component of the Capstone module which aims to provide exposure to a range of methods and concepts which are essential to most large academic & industry projects. This material is assessed in an MCQ exam and in a project interim report.
Drama	For practice-based Capstones the pre-requisite is the relevant Applied practice module. The co-requisites for practice-based capstones are either DRU44009 Advanced Design or DRU44012 Advanced Theatre Making.	Equivalent pre-requisite of an Applied practice module in the Erasmus/Study Abroad university is accepted for practice-based Capstones.	Proposals for Capstones are required to be approved and a supervisor assigned before student module enrolment takes place, given the co-requisites for practice-based Capstones.
Economics	Econometrics A (ECU33091) and Econometrics B (ECU33092)	Yes – please contact Department	Information supplied by Department
English	None	N/A	Information supplied by Department
Film	If doing a practical capstone - E.g. Screenwriting module - Screenplay for the Capstone	Yes – please contact Department	Information supplied by Department
Geography	GGU33928 Advanced Research Methods in Geography 1.	Any students wishing to conduct a capstone project in Geography must have taken the 'Advanced Research Methods' GGU33928 module as a pre-requisite as students develop their capstone proposal as part of that module. Students planning to be on Erasmus exchange in their Junior Sophister (JS) year while that module is running must inform the Geography office (geog@tcd.ie) at the start of their JS year (Semester 1) that they are	Information available in the Geography Undergraduate Handbook (online). Please note that, in the handbook, a Capstone project is called Dissertation. This is essentially a module (GGU44930: Dissertation).
