Trinity Joint Honours Programmes – Single Honours Pathways in Year 2

All students on Trinity Joint Honours programmes will take a total of 4 examinations, however the structure of these examinations will depend upon the pathway chosen prior to the start of Senior Freshman year.

The information in this document pertains to students who are on the ‘Single Honours’ pathway – this means you are taking 40 credits in their Single Honours subject and 20 credits in Open Modules and Trinity Electives and you are no longer taking your second subject as of the start of 2021-22.

The structure of Foundation Scholarship Examinations for students on the ‘Single Honours’ pathway is as follows:

- 3 examinations in your ‘Single Honours’ subject
- 1 examination in your dropped subject

Trinity Joint Honours students following the Single Honours pathways should use the codes and details within the table on page 2 of this document when applying for [Foundation Scholarship](#) via the link provided from the Academic Registry to ensure they register to the correct examinations.

To use the table:

1. Please note that each subject is listed in the column on the left.
2. You will find the row relating to your Single Honours subject and use the information in the middle column, labelled ‘Single Honours Subject’, to find information relating to the 3 examinations in your main subject.
3. You will find the row relating to your dropped subject and use the information provided in the right-hand column, labelled ‘Dropped Subject’, to find details relating to the single examination in the subject you are no longer taking.
