## 1. GENERAL COURSE INFORMATION

### 1.1 Introduction

Welcome to the Junior Freshman year of your Trinity Joint Honours programme! Trinity Joint Honours is an innovative programme of study, allowing students to combine depth with breadth in chosen disciplines and subjects. The programme is flexible and allows students to choose different pathways of study. There are a wide range of disciplines involved. From 2021, there will be 29 available subjects in 162 different combinations in Trinity Joint Honours. Joint Honours entry courses provide you with an opportunity to study two subjects to obtain an award in both subjects at graduation. You may also choose to concentrate more of your efforts on one of the subjects, while continuing to study the second subject to achieve a Major with Minor award or you can specialise in just one of your subjects to obtain a Single Honours award.

This handbook aims to provide you with an overview of information that will be useful to you throughout the 2021/22 academic year. It is important to note that this handbook provides information that applies to most students in JF year of Trinity Joint Honours programmes and that you will need to consult School or Departmental handbooks for detailed information on each of your Joint Honours subjects.

We will be communicating to you throughout the academic year via your TCD email address and it is important to engage with these messages as soon as possible once you receive them, many of these messages will come from either [joint.honours@tcd.ie](mailto:joint.honours@tcd.ie) or [ADUCA@tcd.ie](mailto:ADUCA@tcd.ie)

## 1.11 Study Abroad/Erasmus

Trinity is committed to educating globally aware and engaged citizens and as such, Trinity students are strongly encouraged to explore opportunities to study, work, or volunteer abroad. Gaining international experience gives our students the opportunity to experience new ways of learning, to learn about different cultures, and demonstrate your ability to work internationally after graduation.

While it is only the Junior Freshman year of your Trinity Joint Honours programme you may still want to give some consideration and/or make plans to participate on an Erasmus or Study Abroad programme in your Junior Sophister year. In particular, students on TJH programmes that include the study of a Modern Language may be required to participate in an exchange as part of their programme. Early in your Senior Freshman Year we will hold an information session to advise students on Erasmus/Study Abroad Exchanges and the requirements of the Trinity Joint Honours programme.

## 2. SCHOLARSHIPS AND PRIZES

### 2.1 Foundation Scholarships

Foundation Scholarship is a Trinity institution with a long history and high prestige. Some of our greatest alumni – such as Edmund Burke, Samuel Beckett, and Mary Robinson – were Scholars. Students in their second year may opt to take Foundation Scholarship or ‘Schol’ exams, usually held in January. These searching examinations are the basis for the election to Scholarship of the University. Students who achieve an overall first-class Honours result in these examinations and meet other specific examination requirements are elected as Scholars on Trinity Monday. A scholarship is tenured for five years, during which time the Scholar is currently entitled to free Trinity accommodation, their evening meal free of charge at Commons, a waiver of their tuition fees or student contribution (non-EU students’ fees are reduced by the value of EU fees) and a small annual stipend. Scholars are also entitled to use the post-nominal letters “sch.” after their name. Scholarship is a very prestigious award given

to approximately 60 students each year. See: [Foundation Scholarship - Academic Registry - Trinity College Dublin \(tcd.ie\)](#) for more information.

Early in your Senior Freshman Year we will hold an information session to advise students on Foundation Scholarship within Trinity Joint Honours programmes.

## 2.2 Prizes

Many of our schools and departments offer prizes to high performing students in various subjects. Please see the Trinity Calendar for details of the wide range of prizes and awards available in different departments: <https://www.tcd.ie/calendar/undergraduate-studies/prizes-and-other-awards.pdf>.

## 3 ACADEMIC WRITING

### 3.1 Plagiarism and Referencing Guide

Throughout your studies in Trinity College Dublin, you will develop and write assignments that require research. Your ideas will be expressed through words, images, diagrams and other multi-media forms. As you research you will be expected to understand and build upon the work of others. This requires acknowledging correctly and fully the contributions of others to your own scholarship. Regardless of what discipline you enter in Trinity, the cornerstone of its scholarship is academic honesty. So, no matter what form your scholarly writing takes, you are expected at all times to take responsibility for the integrity of your work as you advance knowledge in your field of study.

Students in Trinity Joint Honours programmes should be mindful that each of your subjects may have different referencing requirements and that these requirements are met as appropriate.

The word plagiarism is derived from the Latin words meaning 'kidnapper'. In its simplest sense, plagiarism can be seen as stealing someone else's words or ideas and passing them off as your own, although plagiarism comes in many forms. Whether unintentional or intentional, plagiarism is your responsibility, and you need to know exactly what it is in order to avoid it.

#### Ready Steady Write

All students need to complete the Ready Steady Write plagiarism tutorial, a resource developed by the Centre for Academic Practice and eLearning (CAPSL) , to help you understand and avoid plagiarism and develop your academic writing skills and academic integrity. It is designed so that you can view it from beginning to end or in sections and topics.

## Coversheet

Every coversheet that is attached to submitted work has a [declaration](#) that must be completed, confirming that you have completed this tutorial. Each coversheet that is attached to submitted work should contain the following completed declaration:

"I have read and I understand the plagiarism provisions in the General Regulations of the University Calendar for the current year, found at <http://www.tcd.ie/calendar>.

I have also completed the Online Tutorial on avoiding plagiarism 'Ready Steady Write', located at <http://tcd-ie.libguides.com/plagiarism/ready-steady-write>."

### 3.2 College Policies

Students are expected to familiarise themselves with, and adhere to, the College's policies. Details available at [Policies - About Trinity - Trinity College Dublin \(tcd.ie\)](#)

## 4. TEACHING AND LEARNING

### 4.1 Programme Architecture

Trinity Joint Honours students will make a number of decisions on what they will study during their programme. Students will undertake 60 credits/ECTS in each academic year, with 30 credits/ECTS studies each semester. In the first year of your programme, you will study your two subjects equally with 30 credits/ECTS taken across the year. For the second year of your programme, you will select one of three available pathways. It is important to note that some subjects are restricted in which pathways they can offer and you may wish to enquire about this either to the subject or the Joint Honours Office. Ahead of your Junior Sophister year in Trinity Joint Honours, you will define the award type you wish to graduate with. The award types available to you will depend upon the structure you chose for your studies in the Senior Freshman year. For more detailed information please see: [www.tcd.ie/tjh/currentstudents/year1/pathways/](http://www.tcd.ie/tjh/currentstudents/year1/pathways/).

### 4.2 Registration

Junior Freshman students will complete registration at the start of the academic year and depending on the academic requirements of your subjects will also engage in choosing modules. Our office and the departmental offices that support your subjects will engage in a process of checking your registration and may be in contact with you if any issues arise: Please

ensure you engage with these communications as these issues will need to be urgently resolved.

Towards the end of your Junior Freshman year our office will host information sessions on what to expect in making decisions for your Senior Freshman year of study.

#### 4.3 Marking Scale

Most modules will have a pass mark of 40. Below is the key to grades and results:

- ☒ I = first class, 70% and above
- ☒ II.1 = second class first division, 60-69%
- ☒ II.2 = second class second division, 50-59%
- ☒ III = third class, 40-49%
- ☒ F1 = fail, 30-39%
- ☒ F2 = fail, 0-29%

Find out more at [www.tcd.ie/tjh/assessment/](http://www.tcd.ie/tjh/assessment/)

#### 4.4 Attendance Requirements

All students must fulfil the requirements of modules taken in different Schools and departments, as appropriate, with regard to attendance.

On attendance requirements please see: [Calendar, Part II, General Regulations and Information, Section II, 'Attendance'](#)

#### 4.5 Absence from Examinations

Students who may be prevented from sitting an examination or examinations (or any part thereof) due to illness should seek, through their College tutor, permission from the Senior Lecturer in advance of the assessment session to defer the examination(s) to the reassessment session. Students who have commenced the assessment session, and are prevented from completing the session due to illness should seek, through their College tutor, permission to defer the outstanding examination(s)/assessment(s) to the reassessment session. In cases where the assessment session has commenced, requests to defer the outstanding examination(s) on medical grounds, should be submitted by the College tutor to the relevant school/departmental/course office. If non-medical grounds are stated, such deferral requests should be made to the Senior Lecturer.

#### 4.6 Progression

To pass the year, students will need to meet all assessment requirements for their modules AND either Pass the Year Outright or Pass the Year by Compensation.

In order to pass the year outright a student will need to achieve an overall credit-weighted pass mark of 40% or higher for the year, based on the full 60 credits (ECTS) undertaken AND they will also need to achieve a pass mark of 40% or higher in each of their modules.

In order to pass the year by compensation a student will need to achieve an overall credit-weighted pass mark of 40% or higher for the year; they will also need to pass a minimum of 50 credits (ECTS) with a minimum module mark of 40% in each module; AND they will need to achieve a fail mark between 35% and 39% in modules not exceeding 10 credits (ECTS) in total.

Please see <https://www.tcd.ie/tjh/assessment/> for general information and FAQs on Assessment and Progression in TJH.

#### 4.7 Awards

Depending on student choices made within their programme of study and available pathways, it may be possible to be conferred with a Bachelor in Arts (Moderatorship) award<sup>1</sup> in one of the following categories:

Joint Honours

Single Honours<sup>2</sup>

Major with minor

The calculation of the Trinity Joint Honours Degree award is based on the combined Junior and Senior Sophister years' results, weighted at 30 per cent (Junior Sophister) and 70 per cent (Senior Sophister).

---

<sup>1</sup> Students on TJH programmes in Law may be eligible to obtain a Bachelor in Laws (LL.B.) depending on following a prescribed pathway and selecting specified modules.

<sup>2</sup> This award is not available in the following subjects: Computer Science, Classical Languages, Linguistics and Social Policy. It is important to note that students on the Business and Computer Science combination cannot obtain a Single Honours award in Business or Computer Science.

#### 4.8 Graduate Attributes

Students come to Trinity not only to acquire a certain set of facts or competencies but because they have an understanding of the sort of person they want to become. Building on the strong value placed on a solid disciplinary formation, College distilled this sense of transformation into four Trinity graduate attributes: To think independently, to communicate effectively, to develop continuously and to act responsibly.

Defining the Trinity Education, these attributes encompass the qualities, skills and abilities that our students have the opportunity to develop throughout their entire university experience, both in and outside the classroom in activities such as internships or volunteering. They will benefit our students not just in their careers, but in their future lives as individuals and members of society.

#### 4.9 Evaluation

Students at Trinity will be asked to evaluate their experiences of their teaching and learning in each module they complete. It is also likely that various offices, including the Undergraduate Common Architecture Office, will send surveys or invite you to focus groups to provide feedback on your experiences in College. We encourage students to participate in feedback and evaluation wherever possible.
