What will you learn from this Elective?	<p>This Trinity Elective aims to deliver foundational knowledge of Italian language and culture through addressing key societal themes relevant to contemporary Italy. Its goal is to ensure that students grasp the essentials for effective communication, through the investigation of relevant societal challenges and cultural topics. A key cultural theme will be explored in its linguistic context at both Beginners and Advanced.</p> <p>Beginners Level: This Trinity Elective offers you the opportunity to learn the basics of Italian. Designed for complete beginners, this module as at A1 common European proficiency level. Not suitable for post- beginners.</p> <p>Advanced Level: This Trinity Elective provides the opportunity for learners who have already passed Leaving Certificate or equivalent in Italian to bring their language skills to the next level. Student Workload	<p>The Italian Language & Culture Elective incorporates a blended delivery model. Each module will involve about 100 hours of student work:</p> <ul style="list-style-type: none">- 9 x 2-hour face-to-face classes (18 contact hours)- 82 hours of self-directed activities, including online activities, advance reading and assessment preparation).
Assessment Components	<p>100% continuous assessment:</p> <ul style="list-style-type: none">• 25% 5 language quizzes• 25% Participation in online discussion board on the specific cultural/linguistic themes addressed in the module (5 original posts & 5 comments on peer posts)• 25% Reflective Learning Journal (5 responses to prompts designed to guide you in the process of reflection on your language learning experience)• 25% Presentation – An oral pre-recorded and time ‘Pecha Kucha’ style presentation and its written script that will examine a key cultural issue identified in the module uploaded to Blackboard. <p>A ‘Pecha Kucha’ (or 20x20) presentation involves preparing 20 slides which appear for 20 seconds, accompanied by a narrative. Very much</p>

	<p>in the same family as presentation styles such as lightning talks or the ‘thesis in three’ format, Pecha Kucha is a rigid and fast-moving oral presentation format for individual learners which employs 20, mostly visual, slides which are shown for strictly 20 seconds each (6 minutes and 40 seconds in total). This format keeps presentations concise, fun and fast-moving. It has been described as a kind of visual haiku, a way to deliver a more striking or memorable talk rather than using more conventional presentation methods. Students are requested to present on any topic of their choice, using this visual slide format as their prompts. Pecha Kucha presentations can be delivered synchronously, live or via video calling applications, or asynchronously as a pre-recorded and timed slide/audio presentation which is then uploaded to Blackboard for assessment. In the preparation of a Pecha Kucha presentation, learners must select images and address issues of copyright, visibility etc., craft a script or story that maintains their listeners’ attention, and manage the technical details of a timed and pre-recorded slide presentation. These are valuable transferable skills which are gained during the assessment preparation.</p>
